# Annual Comprehensive Financial Report Year Ended December 31, 2021 

## Travis County, Texas

Prepared by
Travis CAD Finance Department

## OUR MISSION

The mission of the Travis Central Appraisal District is to provide accurate appraisals of all property in Travis County at one hundred percent market value, equally and uniformly, in a professional, ethical, economical, and courteous manner, working to ensure that each taxpayer pays only their fair share of the property tax burden.

## OUR VISION

The Travis Central Appraisal District will act in accordance with the highest principles of professional conduct, ethics, accountability, efficiency, openness, skill, and integrity. We approach our activities with a deep sense of purpose and responsibility.

## OUR VALUES

- Appraise- fairly, efficiently, and effectively, balancing the needs of both taxpayers and the taxing units by adhering to the Texas Property Tax Code, USPAP, and generally accepted appraisal standards.
- Educate-taxpayers of their rights, remedies, and responsibilities.
- Communicate- collaboratively with and encourage communication among the taxing units, taxpayer public, and the agency.
- Service- provide exceptional customer service that is accessible, responsible and transparent.
- Performance- demand integrity, accountability, and high standards from all staff and strive continuously for excellence and efficiency.

## Strategic Goals

1. Develop appraisals that reflect market value and ensure fairness and uniformity.
2. Be efficient in business processes and ensure that mission critical tasks are completed in a timely manner with a high level of accuracy.
3. Collect, create, and maintain accurate data.
4. Ensure that the district maintains a highly educated, motivated, and skilled workforce.
5. Provide customer service that is courteous, professional, and accurate.

## INTRODUCTORY SECTION

# TRAVIS CENTRAL APPRAISAL DISTRICT 

BOARD OFFICERS
JAMES VALADEZ
CHAIRPERSON THERESA BASTIAN VICE CHAIRPERSON NICOLE CONLEY SECRETARY/TREASURER

BOARD MEMBERS

May 31, 2022

Travis County Taxpayers, Travis CAD Board of Directors, and Ms. Marya Crigler, Chief appraiser, Travis Central Appraisal District:

I am pleased to present the Annual Comprehensive Financial Report of the Travis Central Appraisal District (the District) for the fiscal year ended December 31, 2021. Responsibility for both the accuracy of the data and the completeness and fairness of presentation, including all disclosures, rests with the District. To the best of my knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of the operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

## The Annual Financial Report

The District's financial statements have been audited by Eide Bailly, LLP, a firm of certified public accountants. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion ("clean"), and that the District's financial statements for the fiscal year ended December 31, 2021 are fairly presented in conformity with generally accepted accounting principles (GAAP). Based on financial accountability criteria set forth under generally accepted accounting principles (GAAP) for state and local governments, 850 EAL Holding Corp., a separate legal entity, is reported as a blended component unit of the District and presented as a governmental activity. The independent auditors' report is presented as the first component of the financial section of this report. The firm Eide Bailly, LLP was selected by the District's Board of Directors to perform the fiscal year 2021 financial audit.

## Understanding the Local Property Tax Process

```
Understianding
    the Local Property
Tax Process
Hmatmoon
```

Texas local units of government rely heavily on property tax to fund their operations. Statewide, more than 4,000 separate taxing jurisdictions impose a property tax; these include counties, school districts, cities, and special-purpose districts that provide junior colleges, hospitals, water and wastewater utilities, flood control, and emergency services.

In addition to property tax, the Texas Constitution and Legislature empower local governments to impose, levy, and collect other taxes and fees that supplement their operations.

The Texas Constitution sets out five basic rules for property taxes ${ }^{(2)}$ :

- Taxation must be equal and uniform. No single property or type of property should pay more than its fair share.
- Generally, all property must be taxed on its current market value-the price it would sell for when both buyer and seller seek the best price and neither is under pressure to buy or sell. The Texas Constitution provides certain exceptions to this rule, such as the use of "productivity values" for agricultural and timber land. This means that the land is taxed based on the value of what it produces, such as crops and livestock, rather than its sale value. This lowers the tax bill for such land.
- Each property in a county must have a single appraised value. This means that the various local governments to which you pay property taxes cannot assign different values to your property; all must use the same value. This is guaranteed by the use of county appraisal districts.
- All property is taxable unless federal or state law exempts it from the tax. These exemptions may exclude all or part of your property value.
- Property owners have a right to reasonable notice of increases in their appraised property value.

Appraisal districts are political subdivisions of the State responsible for appraising property within county boundaries. Taxing entities use those appraised values to set their ad valorem tax rates and levy property taxes. The governing bodies of taxing units, such as school boards, commissioners' courts, city councils, and special purpose district boards of directors, derive the tax rate by dividing the proposed tax levy by the taxable value of property, as provided by the appraisal district. Taxable value is a property's appraised value minus all applicable exemptions, deductions, and limitations. The tax rate is the level of taxation imposed by a taxing unit on taxable property within its boundaries.

The local government's tax assessor applies the tax rate to the taxable value in its jurisdiction to compute the tax due on each property. ${ }^{(1)}$

There are three main parts to the property tax system in Texas:

- An appraisal district in each county sets the value of property each year. A chief appraiser is the chief administrator and operates the appraisal office.
- A citizen board, called the Appraisal Review Board (ARB), hears any disagreements between a property owner and the appraisal district about a property's value. The members of the Appraisal Review Board are appointed by the local administrative judge.
- Local taxing units-city, county, school and special districts-decide how much money they will spend by adopting a budget. Next, the units set tax rates that will raise the revenue necessary to fund their budgets. The adopted budgets and the tax rates set to fund the budgets determine the total amount of taxes that a person will pay.

The property tax year has four stages: appraising taxable property, protesting the appraised values, adopting the tax rates, and collecting the taxes. The following represents a summary of the process.

1. A large part of each appraisal district's job is to estimate what your property is worth on January 1. What a property is used for on January 1, market conditions at that time, and who owns the property on that date determine whether the property is taxed, its value, and who is responsible for paying the tax. Your appraisal district also processes applications for tax exemptions, agricultural appraisals, and other tax relief.
2. After the May 15 protest deadline, the appraisal review board begins hearing protests from property owners who believe their property values are incorrect or who did not get exemptions or agricultural appraisal. When the ARB finishes its work, the appraisal district gives each taxing unit a list of taxable property.
3. In August or September, the elected officials of each taxing unit adopt tax rates for their operations and debt payments. Several taxing units tax your property. Every property is taxed by the county and the local school district. You also may pay taxes to a city and to special districts such as hospital, junior college, water, fire and others.
4. Tax collection starts around October 1 as tax bills go out. Taxpayers have until January 31 of the following year to pay their taxes. On February 1, penalty and interest charges begin accumulating on most unpaid tax bills. Tax collectors may start legal action to collect unpaid taxes on February 1.

## Property Tax Calendar

| January 1 | Appraisal districts are required to appraise property at its <br> value on this date. |
| :--- | :--- |
| January 1-April 30 | Appraisal districts complete appraisals and process <br> applications for exemptions. |
| April - May | Appraisal districts send notices of appraised value. |
| May 15 | Appraisal review boards begin hearing protests from <br> property owners. |
| July 25 | Appraisal districts certify current appraised values to taxing <br> units. |
| August - September | Local taxing units adopt tax rates. |
| October 1 | Local taxing units begin sending tax bills to property <br> owners. |
| January 31 | Taxes due to local taxing units (or county tax assessor, if <br> acting on their behalf). |
| February 1 | Local taxing units begin charging penalty and interest for <br> unpaid tax bills. |

## Role of the Appraisal District

Each Texas county is served by an appraisal district that determines the value of all the county's taxable property. Generally, a local government that collects property taxes, such as county, cities, and school districts, is a member of the appraisal district. A board of directors appointed by the member governments presides over the appraisal district.

The appraisal district is considered a political subdivision and must follow applicable laws such as the Open Meetings Act and the Public Information Act. Meetings are generally open to the public and information generated by the appraisal district is, in most cases, also available to the public.

The appraisal district board of directors hires a chief appraiser, approves contracts, and sets policies. The chief appraiser is the chief administrator of the appraisal district. The chief appraiser may employ and compensate professional, clerical and other personnel as provided by the appraisal district budget. The chief appraiser's primary duty is to discover, list, review, and appraise all taxable property in the appraisal district using generally accepted appraisal techniques.

## Travis Central Appraisal District

The Travis Central Appraisal District was created under the 66th Texas State Legislature in 1979 under the provisions of Senate Bill 621 known as the Property Tax Code. The District is responsible for the appraisal of property subject to ad valorem taxation in Travis County, Texas. The District is governed by a board of nine directors serving two year terms, plus a tenth statutorily designated non-voting member who is the County Tax Assessor-Collector. Travis County appoints two board members, Austin ISD appoints two board members, City of Austin appoints two board members, and Austin ISD and City of Austin appoint one board member jointly. The remaining two board members are appointed by a vote of the eastern and western taxing entities within Travis County.

The District was formed in 1981 and formally began operations in 1982, pursuing its mission to provide accurate appraisal of all property in Travis County at one hundred percent of market value, equally and uniformly, in a professional, ethical, economical and courteous manner, working to ensure that each taxpayer pays only their fair share of the property tax burden. As stipulated under the Texas Property Tax Code, the District serves the citizens and taxpayers of Travis County and the taxing entities which lie within Travis County.

Travis County, established in 1840, is located in south central Texas astride the Balcones Fault, the boundary between the Edwards Plateau to the west and the Blackland Prairies to the east. Its county seat, Austin, is the capital of Texas. Travis County's population continues to grow at a steady pace, increasing an average of $2.7 \%$ each year. According to the City of Austin demographer, the 2021 population of Travis County was estimated to be $1,372,063$, an increase of $2.8 \%$ over the 2020 estimated population. The population of Travis County has grown by $27.50 \%$ over the last ten years.

## Accounting Basis and Controls

## Accounting Basis

The District reports its financial activities as a special-purpose government. Specialpurpose governments are governmental entities which engage in a single government program. Like most governments, special-purpose governments present two types of financial statements: (1) government-wide financial statements and (2) fund financial statements.

The government-wide financial statements report information on all of the activities of the District. Governmental activities generally are financed through charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District. The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting.

The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

The fund financial statements provide information about the District's governmental funds. The emphasis of fund financial statements is directed to specific activities of the District. The District reports the general fund as a major governmental fund. It is the District's primary operating fund. This fund is used to account for the acquisition and use of the District's expendable financial resources and the related liabilities. The District also reports the 850 EAL Holding Corp. as a major governmental fund. 850 EAL Holding Corp. is a non-profit entity whose primary purpose supports the District. The measurement focus is based on the determination of changes in financial position rather than upon net income determination. Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available and expenditures are recorded when the related fund liability is incurred.

## Internal Controls

To provide a reasonable basis for making its representations, the District's management team has established a comprehensive internal control framework. This framework is designed to provide reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that accounting transactions are executed in accordance with management's authorization and properly recorded so that the financial statements can be prepared in conformity with generally accepted accounting principles (GAAP). The objective of the internal control framework is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. The design and operation of internal controls also ensures that all funds are expended in compliance with applicable laws and regulations.

All internal control evaluations occur within the above framework. During the fiscal year ended December 31, 2021, the District reviewed its internal controls. I believe that the District's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

## Management's Discussion and Analysis (MD\&A)

The Management's Discussion and Analysis (MD\&A) provides financial highlights and interprets the financial reports by analyzing trends and by explaining changes, fluctuations and variances in the financial data. The MD\&A is also intended to disclose any known significant events or decisions that affect the financial condition of the District. The MD\&A complements, and should be read in conjunction with, this letter of transmittal.

## Financial Statement Format

This Comprehensive Annual Financial Report is presented according to the reporting model established by GASB Statement No. 34 and related statements. The report is divided into three sections:

1. Introductory Section- This section includes the letter of transmittal, organizational chart, and list of principal officials.
2. Financial Section- The financial section includes the Independent Auditor's Report, Management's Discussion and Analysis, the Basic Financial Statements, and Required Supplementary Information.
a. Basic Financial Statements- This section includes government-wide and fund financial statements as well as the notes to the financial statements. The notes are considered essential to the fair presentation and adequate disclosure for this financial report. They include the Summary of Significant Accounting Policies for the District and other necessary disclosures of importance relating to the financial position of the District. The notes are treated as an integral part of the financial statements and should be read in conjunction with them.
b. Required Supplementary Information ("RSI") - This section includes the budgetary schedule for the fiscal year ended December 31, 2021 and the accompanying notes, schedule of changes in net pension liability and related ratios for the last ten fiscal years, and the schedule of employer contributions for the last ten fiscal years.
3. Statistical Section- Although this section contains substantial financial information, these schedules differ from financial statements in that they present some nonaccounting data, cover more than the current fiscal year, and are designed to reflect demographic and economic data, operating information, financial trends, and the fiscal capacity of the District.

## Factors Affecting Financial Condition

## Market Indicators

2021 has brought us a world tired of the pandemic and ready to get back to business. In terms of the US economy, we saw a GDP much steadier than in 2020 with three of the four quarters well into the $6 \%$ range ending with a fourth quarter up $6.9 \%$. Cities have quickly turned from collections of boarded up restaurants and empty seas of parking lots back to the centers of vibrancy and culture that they historically have been. By the end of the year, we saw an overall increase of $5.7 \%$ for the US Gross Domestic Product, compared to a $3.5 \%$ decrease for 2020 . The reigning sentiment of uncertainty in our economy and our personal lives in 2019 and 2020, which put many investors into a hold position greatly dissipated. This took us from a CRE deal volume decrease of 36\% year-over-year in Q2 2020, according to Deloitte, to a nearly $80 \%$ increase in the end of 2021, per Bloomberg. After a lull in deals for the first three quarters of 2020 cash flush investors came back strong and were rewarded for it. Green Street's Change in Commercial Property Values study shows a $21 \%$ increase for the trailing 12 months as of March $4^{\text {th }}, 2022$. With such a market acceleration, this brings many investors to their target internal rate of return early which in turn, shortens their holding period, thusly bringing even more properties to market.

Locally, economic growth in Austin is expected to continue outpacing much of the rest of the country due in part to its diversified economy and its ability to draw a substantial amount of domestic and international capital. For the fourth year in a row, Austin has taken the No. 3 spot on the Milken Institute's Best-Performing Cities report, noting presences of major tech companies such as Apple, Samsung Electronics, IBM, Dell and Tesla. The Texas capital was ranked No. 4 for overall real estate prospects in this year's Urban Land Institute annual industry survey, "Emerging Trends in Real Estate 2022." The population continues to swell at historic rates, noting Austin as a national leader for resiliency of job market. According to a recent survey of commercial real estate investors performed by CBRE, Austin was ranked as the number one target. "Austin has become the clear darling of investors in the post-pandemic world. Attracting investors with its unique combination of highquality lifestyle, new supply, and a tech forward economy and workforce," said CBRE's Vice President Russell Ingrum.

## ECONOMIC TRENDS

## A POPULATION

According to the most recent U.S. Census, Austin was the fastest growing large city and is expected to reach a population of 4.5 million by 2050 .

A AUSTIN BUSINESS CYCLE INDEX
Increased 6.1\%, putting Austin still well above all other major metros in Texas

UNEMPLOYMENT
Austin's unemployment rate was 3.5\% at yearend 2020 , a decrease from 2020 which was $5.1 \%$.
Unemployment Rates

US 4.2\%

Texas 5.2\%

Austin 3.5\%

Though Austin has finely slipped a few spots in the U.S News \& World Report's ranking of the best places to live in the United States to number 4, Austin's economic indices are full steam ahead. With a diverse and well-educated workforce, no state income taxes and a business-friendly climate, there are no signs of a slowdown in Austin's popularity and growth, solidifying its boomtown status.

## Where Does Austin Rank?

It's no wonder that Austin is a popular landing spot for corporate headquarters and individuals alike. Austin consistantly ranks high across a broad spectrum of studies including:

- No. 1 Best State Capital to Live in - $5^{\text {rd }}$ year in a row (WalletHub, January 2022)
- No. 1 Tech Town - $3^{\text {rd }}$ year in a row (CompTIA, December 2020)
- No. 1 Rate of Tech Job Growth in 2021 - $2^{\text {nd }}$ year in a row (CompTIA, March 2021)
- No. 1 Best College Town Among Large Cities - $2^{\text {nd }}$ year in a row (WalletHub, December 2021)
- No. 1 Big City Labor Market (The Wall Street Journal, 2022)
- No. 5 Best Place to Live in the USA (U.S. News, 2021-2022)
- No. 3 Top Emerging Life Science Clusters in U.S. (CBRE, October 2020)
- No. 4 U.S. Market for Real Estate Investment (PwC \& Urban Land Institute, 2021)
- No. 4 Metro for Number of Inc. 5000 Firms - $2^{\text {nd }}$ year in a row (Site Selection Investor Watch, 2021)
- No. 5 Best Place to Live in the USA (U.S. News, 2021-2022)
- No. 6 Most Polular Destinations for Migrating Home Buyers (Redfin, December 2021)
- No. 11 Top 25 Global Innovation Hubs (Hickey and Associates, December 2021)

## Economy

Austin's Business-Cycle Index Growth Rate is up 6.1\% annually bring Austin almost back to the pre-pandemic trend.

[^0]
## Population Growth

The 2020 census pegs Austin at a population of 961,855 , compared to the 2010 census population of 790,390 . With the inlfux of large scale corporate relocations and expansions and the historicly low housing supply one can only assume Austin is contiuning its upward trend in population growth. The charts below provide a decade's worth of perspective on the trajectory of the Texas Capitol's population.

Net migration per 10,000 population, 2010-2019
50 largest metros

Top 10 Counties in Numeric Growth, 2010 to 2019

## Job Growth

Austin is back to the number one spot for jobs market in the U.S. after being bumped to number two for 2020, according to The Wall Street Journal. With marquis announcements of the Tesla Gigafactory and the relocation of the Oracle headquarters leading the charge, Austin is extremely well positioned into the foreseeable future.

Best performing among the top 50 metros (year-over-year)

## Property Taxes At Work

Property taxes are local taxes that are assessed locally, collected locally, and used locally. You pay your property taxes to the local tax collector. The tax collector distributes the funds to schools, cities and other local governments. Local governments spend the funds on schools, roads, hospitals, police departments, fire departments and other programs.

In Travis County, property taxes support 135 local government agencies including 21 cities, 18 emergency districts, the county, the hospital district, the junior college, 60 municipal utility districts, 1 road districts, 15 school districts, and 17 water control improvement districts. For 2021 the projected tax levy for all taxing units in Travis County is $\$ 5,400,995,788$.

## Budget by Taxing Unit Type

2021 was the eleventh consecutive year of appraisal roll growth. All sectors experienced growth.

| Year | Total Appraisal Roll |  | Appraisal Roll in Billions |  | Change from Prior Year |  | Percent |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Travis Central Appraisal District for its comprehensive annual financial report for the fiscal year ended December 31, 2020. This was the tenth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Travis Central Appraisal District, Texas for its annual budget for the fiscal year beginning January 1, 2022. This was the tenth consecutive year that the District achieved this prestigious award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is valid for a period of one year only.

The Government Finance Officers Association of the United States and Canada (GFOA) presented an Award for Outstanding Achievement in Popular Annual Financial Reporting to the Travis Central Appraisal District for its Popular Annual Financial Report (PAFR) for the fiscal year ended December 31, 2020. This was the fifth consecutive year that the District achieved this prestigious award. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government must publish a PAFR whose contents conform to program standards of creativity, presentation, understandability, and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only.

The Government Finance Officers Association of the United States and Canada (GFOA) presented the Travis Central Appraisal District with the Triple Crown award, which recognizes governments who receive all three GFOA awards (the Certificate of Achievement for Excellence in Financial Reporting Award, Distinguished Budget Presentation Award, and the Popular Annual Financial Reporting award for the fiscal year ending 2019.

## Acknowledgements

The preparation of this report could not have been accomplished without the dedicated services of the management team of the Travis Central Appraisal District. I would like to express my appreciation to all who assisted in this effort. An acknowledgment to the Commercial Appraisal Director, Desiree Palencia, for preparing the market analysis commentary for the Annual Comprehensive Financial Report. I would also like to acknowledge the professional and timely manner in which our auditors, Eide Bailly, LLP conducted the audit. Finally, I would like to acknowledge the Chief Appraiser, Marya Crigler, and the District's Board of Directors, who have supported the finance department in our goal of excellence in financial management and reporting.

Respectfully submitted,

Leana H. Mann, CGFO
Deputy Chief Appraiser
Travis Central Appraisal District

## Independent Auditor's Report

To the Board of Directors
Travis Central Appraisal District
Austin, Texas

## Report on the Audit of the Financial Statements

## Opinions

We have audited the financial statements of the governmental activities and each major fund of the Travis Central Appraisal District (the District) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of December 31, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension schedules, OPEB schedules, and budgetary comparison information on pages 6 through 26 and 67 through 77 be presented to supplement the basic financial statements. Such information is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Abilene, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS TRAAVIS

As management of the Travis Central Appraisal District (the District), we offer the readers of the District's financial statements this overview and analysis of the financial activities for the fiscal year ended December 31, 2021. This discussion and analysis should be read in conjunction with the accompanying letter of transmittal, the basic financial statements, and the notes to those financial statements. For more detailed information on any of the topics contained in this discussion and analysis, please refer to the Notes to the Basic Financial Statements presented in the latter part of the financial section of this annual comprehensive financial report.

## Financial Highlights

- Governmental Activities- The District's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by $\$ 8,969,777$ at the end of fiscal year 2021. Net position consisted of investment in capital assets, net of related debt in the amount of $\$ 10,384,035$ (115.8\%) and unrestricted net position in the amount of $\$(1,414,258)(-15.8 \%)$. The result of current fiscal year operations caused total net position to increase by $\$ 192,377$ from the prior fiscal year.
- Governmental Funds- As of December 31, 2021, the District's governmental funds showed an ending fund balance of $\$ 6,143,517$, an increase of $\$ 1,232,264$ from the prior fiscal year. Of the total ending fund balance, $\$ 2,604,451$ (42.4\%) was available for funding future operational needs (unassigned fund balance), \$463,960 (7.6\%) was nonspendable in the form of prepaid items, and $\$ 3,075,106$ ( $50.1 \%$ ) was committed to future needs in the form of reserves.

| Committed- reserves | $\$ 8,075,106$ |  |
| :--- | ---: | ---: |
| Nonspendable- prepaid items |  | 463,960 |
| Unassigned | $2,604,451$ |  |
|  |  |  |
| Total fund balance | $\$ \quad 6,143,517$ |  |

Total revenues $(\$ 20,343,775)$ exceeded total expenditures $(\$ 19,111,511)$ by $\$ 1,232,264$.

## Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of the following three components: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the basic financial statements. This financial report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements provide information, both long-term and shortterm, about the District's overall financial condition. The government-wide financial statements can be found on page 27-29 of this report.

Statement of Net Position- The statement of net position reports all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, both current and noncurrent, with the difference between the two reported as net position. Net position is one way to measure the District's financial health. Over time, increases or decreases in the District's net position may serve as an indicator of whether its financial health is improving or deteriorating, respectively. In the statement of net position, the assets, liabilities and net position are separately displayed for governmental activities and business-type activities. Activities of the District as a whole include only governmental activities. The District has no business-type activities.

Statement of Activities- The statement of activities presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected assessments and earned but unused compensated absences).

Fund Financial Statements: The fund financial statements provide more detailed information about the District's most significant funds, not the District as a whole. Like many other local and state governments, the District utilizes fund accounting. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

There are three types of funds that government entities utilize, depending on their specific needs and requirements: (1) governmental funds, (2) proprietary funds and (3) fiduciary funds. The fund financial statements can be found on page 30-34 of this report.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows or spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financial decisions. Both the governmental funds balance sheet and the government funds statement of revenues, expenditures and changes in fund balance provide reconciliations to facilitate this comparison. A fund column is presented for the District's General Fund, a governmental fund. A separate fund column is also presented for the District's one and only component unit, 850 EAL Holding Corp. This organization is presented as a blended component unit of the District.

Proprietary Funds: Proprietary funds are used to account for a government's ongoing organizational activities that are similar to those often found in the private sector. The District had no proprietary funds during fiscal year 2021.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support a government's own programs. The District had no fiduciary funds during fiscal year 2021.

Figure 1 on the following page summarizes the major features of the District's financial statements.

Figure 1

| Major Features of Government-wide and Fund Financial Statements |  |  |
| :---: | :---: | :---: |
|  | Government-wide Statements | Governmental Funds Financial Statements |
| Scope | Entire District government (except fiduciary funds) and any component units. | The activities of the District that are not proprietary or fiduciary in nature. |
| Required Financial Statements | Statement of Net Position Statement of Activities | Balance Sheet <br> Statement of Revenues, Expenditures and Changes in Fund Balance |
| Accounting Basis | Accrual basis of accounting | Modified accrual basis of accounting |
| Measurement Focus | Economic resources measurement focus | Current financial resources measurement focus |
| Types of asset/liability information | All assets and liabilities, both financial and capital and both short-term and long-term | Only assets expected to be used up and liabilities that come due during the fiscal year or soon thereafter; no capital assets included |
| Types of inflow/outflow information | All revenues and expenses during the year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the current fiscal year or sooner. |

Notes to the Basic Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on page 35-66 of this report.

Supplementary Schedules: The budgetary comparison schedule is presented as part of the Required Supplementary Information (RSI). The schedule of changes in net pension liability and related ratios for the last ten fiscal years, schedule of changes in net OPEB liability and related ratios for the last ten fiscal years, as well as the schedule of employer contributions for the last ten fiscal years are also presented as part of the Required Supplementary Information (RSI).

These schedules and the accompanying notes to the supplementary schedules can be found on page 67-72 of this report.

## Government-wide Financial Analysis

Net Position: As stated previously, net position can be a good indication of the financial health of a governmental entity. At the end of fiscal year 2021, the District's assets and deferred outflows of resources, which totaled $\$ 34,448,600$, exceeded liabilities and deferred inflows of resources, which totaled $\$ 25,478,823$ by $\$ 8,969,777$. This difference is known as net position. The District's net position increased by $\$ 192,377$ from fiscal year 2020 to 2021, an increase of 2.2\%.

## NET POSITION BY CATEGORY:

Net investment in capital assets
Restricted
Unrestricted
Total net position

|  | 10,384,035 |  | 11,053,303 |  | $(669,268)$ | -6.1\% | 115.8\% |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | - |  | - |  | - | 0.0\% | 0.0\% |
|  | $(1,414,258)$ |  | $(2,275,903)$ |  | 861,645 | -37.9\% | -15.8\% |
| \$ | 8,969,777 | \$ | 8,777,400 | \$ | 192,377 | 2.2\% | 100.0\% |

For fiscal year 2021, 115.8\% of net position was net investment in capital assets (\$10,384,035) and $-15.8 \%$ of net position was unrestricted ( $-\$ 1,414,258$ ). Unrestricted net position may be used to meet the District's ongoing financial obligations and responsibilities, whereas net position invested in capital assets are not liquid and are not as easily converted to cash or cash equivalents.

The District's current and other assets (cash, investments, receivables from jurisdictions, prepaid and other assets, etc.) totaled $\$ 10,615,838$, which represents $33.8 \%$ of total assets ( $\$ 31,427,411$ ). Current and other assets increased from 2020 to 2021 by $0.2 \% ~(\$ 19,593)$. Capital assets (lands, building and equipment), net of related debt, represented $62.2 \%$ of total assets (\$19,546,776). Capital assets decreased from 2020 to 2021 by $4.9 \%$ (\$1,013,038).

Current and other liabilities (accounts payable, accrued expenses, unearned revenue, and the portion of notes payable and compensated absences due within one year) totaled \$5,543,843, representing 24.1\% of total liabilities ( $\$ 23,018,634$ ). Current and other liabilities decreased by 17.1\% ( $\$ 1,144,458$ ) from 2020 to 2021. Long-term liabilities (notes payable, net pension liability, net other post-employment benefit

## Liabilities of Governmental Activities at December 31, 2021

 liability, and employee leave obligations) totaled \$17,474,791, representing 75.9\% of total liabilities. Long-term liabilities decreased from 2020 to 2021 by $2.0 \%$ ( $\$ 347,829$ ). This change was related to payments made on the District's long-term note payable for the purchase and renovation of the District's new office building.

Change in Net Position: The District's net position increased from 2020 to 2021 by 2.2\% (\$192,377).

| Depreciation expense | 1,276,980 | 518,117 | 758,863 | 146.5\% | 6.3\% |
| Total expenses | 20,151,398 | 20,888,781 | $(737,383)$ | -3.5\% | 100.0\% |
| Change in net position | 192,377 | $(499,562)$ | 691,939 | -138.5\% | 2.1\% |
| Net position, beginning | 8,777,400 | 9,276,962 | $(499,562)$ | 100.0\% | 97.9\% |
| Net Position, ending | \$8,969,777 | \$8,777,400 | \$ 192,377 | 2.2\% | 100.0\% |

The District's total revenue decreased from 2020 to 2021 by $0.2 \%$ ( $\$ 45,444$ ). Other revenue sources totaled $\$ 149,862$, a $23.3 \%$ decrease from the 2020 total of $\$ 195,326$. During 2021, interest rates remained at historic lows. This contributed to lower rates on investment pools and in turn contributed to the decrease in investment revenues, which totaled $\$ 94,491$ less than in 2020.

Total expenses for fiscal year 2021 totaled $\$ 20,151,398$. Total expenses decreased from 2020 to 2021 by $3.5 \%(\$ 737,383)$.

Expenses of Governmental Activities- by Source

Payroll and related expenses, (such as salary, Medicare and retirement contributions, health, dental, life and disability insurance) contribute to the majority of the District's total expenses (58.9\%). These expenses totaled $\$ 11,876,460$ in 2021 . The payroll and related expenses decreased 3.3\% (\$410,406) from 2020 to 2021.

## CAPITAL Assets and Debt Administration

Capital Assets: The District's investment in capital assets for its governmental activities at the end of fiscal year 2021 totaled $\$ 19,546,776$ (net of accumulated depreciation). The investment in capital assets includes land, building and improvements, and furniture and equipment.

Net capital assets decreased from the prior fiscal year by $\$ 1,013,038$ (4.9\%). Table A-4 on the following page provides a summary of net capital assets by type for the current and prior fiscal years.

## Financial Analysis of the District's Funds

Governmental Funds: As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the District's governmental funds is to provide information on near-term inflows and outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Fund balance, which is the difference between a fund's assets and liabilities, is divided into the following five categories:

- Nonspendable- Not in spendable form, or legally or contractually required to remain intact
- Restricted- subject to externally enforceable legal restrictions
- Committed- Use is constrained by specific limitations that the Board of Directors imposes upon itself
- Assigned- Intended to be used by the government for specific purposes, as established by internal management
- Unassigned- Residual amounts in the General Fund that are available for any purpose (may serve as a useful measure of a government's net resources available for funding future operational needs)

The District's governmental funds are comprised of the General Fund- the District's main operating fund and a special revenue fund dedicated to the 850 EAL Holding Corp, which is reported as a blended component unit. At the end of fiscal year 2021, the District's total governmental funds reported an ending fund balance of $\$ 6,143,517$, an increase of $\$ 1,232,264$, or $25.1 \%$. $\$ 463,960(7.6 \%)$ was nonspendable in the form of prepaid items. $\$ 3,075,106$ ( $50.1 \%$ ) was committed in the form of reserves for future expenditures. $\$ 2,604,451$ (42.4\%) was unassigned and available for future operational needs.

## Fund Balance

Table A-6

|  | 2021 | 2020 |  | ncrease <br> Decrease) | Total <br> Percentage <br> Change 2021-2020 | Percent <br> of Total |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Committed- reserves | \$3,075,106 | \$3,611,106 | \$ | $(536,000)$ | -14.8\% | 50.1\% |
| Restricted |  |  |  |  | 0.0\% | 0.0\% |
| Nonspendable- prepaid items | 463,960 | 626,330 |  | $(162,370)$ | -25.9\% | 7.6\% |
| Unassigned | 2,604,451 | 673,817 |  | 1,930,634 | 286.5\% | 42.4\% |
| Total fund balance | \$6,143,517 | \$ 4,911,253 | \$ | 1,232,264 | 25.1\% | 100.0\% |

As a measure of liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents $14.2 \%$ of total General Fund expenditures of $\$ 18,362,673$, and total fund balance represents 33.5\% of total General Fund expenditures.

The District operates within two governmental funds, the General Fund and one special revenue fund. The General Fund is the chief operating fund of the District. The 850 EAL Holding Corp. is a special revenue fund and blended component unit of the District. Its primary function is to support the District's financial obligations related to the purchase of its new office building located at 850 EAL Holding Corp. This special revenue fund was created in May 2019.

Expenditures for the General Fund totaled $\$ 18,362,673$ during fiscal year 2021. This represents a decrease of $6.0 \%(\$ 1,177,567)$ in total expenditures over the 2020 total of \$19,540,240.

| General Fund Expenditures by Category |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| maintenance |  | 429,486 |  | $(108,000)$ |  | 321,486 |  | 298,408 |  | 23,078 |
| Insurance |  | 69,000 |  | 13,750 |  | 82,750 |  | 60,584 |  | 22,166 |
| Other services |  | 1,887,342 |  | 44,565 |  | 1,931,907 |  | 1,830,322 |  | 101,585 |
| Capital outlay |  | 22,265 |  | 378,437 |  | 400,702 |  | 263,941 |  | 136,761 |
| Debt service- principal |  | 343,933 |  | $(343,933)$ |  | - |  | - |  | - |
| Debt service- interest |  | 405,261 |  | $(405,261)$ |  | - |  | - |  | - |
| Total Expenditures | \$ | 20,193,893 | \$ | $(749,194)$ | \$ | 19,444,699 | \$ | 18,362,673 | \$ | 1,082,026 |

The District's Board of Directors approved three line-item transfers during fiscal year 2021. The transfers did not increase the amount due from any of the taxing jurisdictions; it simply redistributed the budgeted funds.

## Next Year's Budget

The fiscal year 2022 General Fund adopted budget totals \$22,786,110, a 12.8\% increase over the fiscal year 2021 adopted budget.

|  | FY 2022 Adopted <br> Budget | FY 2021 Adopted <br> Budget | \$ Change | \% Change |
| :--- | :---: | :---: | :---: | :---: | ---: |
| General Fund | $\$ 22,786,110$ | $\$ 20,193,893$ | $\$ \quad 2,592,217$ | $12.84 \%$ |

The revenue budget for fiscal year 2022 is $\$ 22,968,610$. Since the District uses a balanced budget policy, budgeted assessments to the taxing units must equal budgeted expenditures. Budgeted assessments to the taxing units and budgeted expenditures both total $\$ 22,786,110$. The additional $\$ 182,500$ in the revenue budget is for miscellaneous income. This is income that the District is allowed to keep from year to year for charges for services, investment income, and other miscellaneous income items.

Table A-11 and the corresponding chart show the total budgeted revenues by source for the fiscal year 2022 budget and the previous five years' budget history.

While the District operates as a special purpose government, with only one governmental function, expenditures are broken down by natural expenditure category. The District has 17 different expenditure categories that it budgets for annually. A comparison of the 2021 and 2022 budget by natural expenditure category is provided below.

## Expenditures by Category

Table A-12

## TRAVIS CENTRAL APPRAISAL DISTRICT

## Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of the Governmental Funds to the Statement of Activities

For the year ended December 31, 2021

Net change in fund balance- governmental fund
Amounts reported for governmental activities in the statement of activities are different because:

Current year capital outlays are expenditures in the fund financial statements but are shown as increases in capital assets in the government-wide financial statements. Total additions for the current year which were removed from fund balance totaled \$263,941.

Depreciation expense on capital assets is reported in the statement of activities but does not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in the governmental fund.

Current year changes in accrued interest payable do not require the use of current financial resources; therefore, are not reported as expenditures in governmental funds.

Some expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in the governmental funds.

Pensions
278,228
Other postemployment benefits
$(523,944)$

The repayment of the principal of long-term debt consumes the current financial resources of governmental funds and does not have an effect on net position.

Principal repayment on long-term debt

Current year changes in long-term liabilities for employees' compensable leave do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.

Change in net position of governmental activities
$(245,716)$
December 31, 2021
\$ 1,232,264

263,941
$(1,276,980)$

343,770
$(126,143)$
\$ 192,377

## Note 1. Summary of Significant Accounting Policies

## General

Travis Central Appraisal District (the District) was created by the $66^{\text {th }}$ Texas State Legislature in 1979 under the provisions of Senate Bill 621 known as the Property Tax Code. The District is responsible for the appraisal of property subject to ad valorem taxation in Travis County, Texas. The District was formed in 1981 and began operations in 1982. The District is governed by a board of nine directors serving two year terms, plus a tenth statutorily designated non-voting member who is the county tax assessor-collector. Travis County appoints two board members, Austin ISD appoints two board members, City of Austin appoints two board members, and Austin ISD and City of Austin appoint one board member together. The remaining two board members are appointed by a vote of the eastern and western taxing entities within Travis County.

The Texas Property Tax Code, Section 6.063(a) requires an annual audit by an independent certified public accountant. These financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for local governments as prescribed by the Governmental Accounting Standards Board (GASB).

## Reporting Entity

For financial reporting purposes, management has considered all potential component units. Component units are defined as "...legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading." Because of the closeness of the relationship to the primary government, some component units should be blended, as though they are part of the primary government. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in U.S. Generally Accepted Accounting Principles. The criteria used are as follows:

## Financial Accountability

The primary government is deemed to be financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose significant financial burdens on, the primary government. Additionally, the primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government or a jointly appointed board. The 850 EAL Holding Corporation was determined to be reported as a blended component unit of the District based upon the criteria above. The District has no discretely presented component units.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Basis of Presentation

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program or function.

The government-wide financial statements report information on all the activities of the District. Governmental activities generally are financed through charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District. The fund financial statements provide information about the District's governmental fund. The emphasis of fund financial statements is directed to specific activities of the District.

The District reports the general fund as a major governmental fund. It is the District's primary operating fund. This fund is used to account for the acquisition and use of the District's expendable financial resources and the related liabilities. The measurement focus is based on the determination of changes in financial position rather than upon net income determination. 850 EAL Holding Corp., a special revenue fund, is also presented as a major governmental fund.

## Blended Component Unit

850 EAL Holding Corp., a non-profit corporation, was created in May of 2019. The primary purpose of this non-profit holding corporation is to help facilitate the purchase and renovation of the District's new office building, located at 850 E. Anderson Lane. The District's Board of Directors maintains its ability to impose its will on the organization. The 850 EAL Holding Corp. Board of Directors consist of the Chairman, Vice Chairman and Secretary of the District's Board of Directors.

## Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred. The Statement of Net Position reports all current and non-current assets (including capital assets), deferred outflows, current and non-current liabilities, and deferred inflows. The Statement of Activities reports program revenues and expenses by function. Program revenues include charges for services. General revenues include items such as appraisal revenue that is not restricted to a specific program.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Measurement Focus/Basis of Accounting (Cont.)

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter (sixty days) to be used to pay liabilities of the current period.

Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to long-term liabilities are recorded only when payment is due. Assessments and sales of public information materials are recognized under the susceptible to accrual concept. Interest income is recorded as earned, since it is measurable and available.

## Budgetary Control

Annual budgets are legally adopted for the District's General Fund. The Texas Property Tax Code, Section 6.06 requires that the Chief Appraiser present a proposed budget no later than June $15^{\text {th }}$ of the preceding year to the District's Board of Directors and each taxing unit participating in the District. The final budget shall be adopted no later than September $15^{\text {th }}$ of the preceding year.

Beginning in March, the budget goals and guidelines are established by the Chief Appraiser and the Board of Directors. Each department is requested to submit budgets based on goals established for the budget year. The budget includes proposed expenditures and the means of financing them. Public hearings are held for citizen comments. The Board of Directors approves the final budget through passage of a resolution and establishes the annual assessment due from taxing jurisdictions.

The District prepares its fund budget on a GAAP basis. The Chief Appraiser is authorized to transfer amounts between departments within the General Fund; however, revisions that alter total General Fund expenditures must be approved by the Board of Directors and the taxing jurisdictions. The Board of Directors must notify the presiding officer of each taxing unit not later than 30 days before the Board of Directors approves or disapproves the amendment. Unexpended appropriations lapse at year-end.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Financial Statement Elements

## Investments

Investments of the District are stated at fair value, with the exception of investments in local government investment pools. The carrying value of investments in local government investment pools is determined by the valuation policy of the local government investment pool. The District is authorized to invest in certificates of deposit at the District's depository bank, obligations of the United States of America, no-load money market mutual funds with an average stated maturity of 90 days or less, investment pools and certain other investments which meet the conditions of the State of Texas Public Funds Investment Act.

## Assessments

If the District accumulates unreserved and undesignated excess funds, the Board of Directors shall refund the excess to the taxing entities. In addition, state law requires the District to refund any assessment revenue in excess of expenditures. For the fiscal year ending December 31, 2021, the District's total assessment revenue exceeded expenditures and a refund will be made for the 2021 fiscal year.

## Capital Assets

Capital assets, which include land, building and improvements, and furniture and equipment, are reported in the government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their acquisition value on the date donated. Repairs and maintenance are recorded as expenses as incurred. Improvements that extend the useful life of a capital asset or increase their value are capitalized in the government-wide statement of net position and expended in the governmental fund.

Capitalized assets have a useful life of more than one year and original cost of $\$ 1,000$ or more. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

|  | Capitalization Policy | Depreciation Method | Estimated Useful Life |
| :---: | :---: | :---: | :---: |
| Building and improvements | \$1,000 | Straight-line | 3-50 years |
| Furniture and equipment | \$1,000 | Straight-line | 3-15 years |

The District considers land to be inexhaustible; therefore, these assets are reported as nondepreciable.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Financial Statement Elements (Cont.)

## Prepaid Items

Prepaid balances are for payments made by the District in the current year to provide services in the subsequent fiscal year. The District uses the consumption method with regards to the treatment of prepaid items. When using the consumption method, the District recognizes the prepayment as an expenditure proportionately over the periods that service is provided.

## Deferred Outflows (Inflows)of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and is not recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows have a positive effect on net position, similar to assets. This year the District recorded pension contributions after the measurement date and changes in plan assumptions as deferred outflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and is not recognized as an inflow of resources (revenue) until that time.

Deferred inflows have a negative effect on net position, similar to liabilities. This year the District records the difference between actual and projected experience and difference between projected and actual earnings on pension plan investments as a deferred inflow of resources.

## Compensated Absences

All full-time regular employees accrue vacation and sick leave at a minimum of 8 hours per month. The accrual schedule is outlined below.

|  | Accrual per Month |  |
| :--- | :---: | ---: |
| Employment Service | $\underline{\text { Vacation }}$ | $\underline{\text { Sick }}$ |
| Less than 5 years | 8 hours | 8 hours |
| 5 years but less than 10 years | 9 hours | 8 hours |
| 10 years but less than 15 | 10 hours | 8 hours |
| 15 years but less than 20 | 11 hours | 8 hours |
| 20 years or more | 12 hours | 8 hours |

All full-time regular employees are granted vacation and sick leave benefits in varying amounts. In the event of termination, an employee is entitled to receive accumulated vacation pay and vested accumulated sick pay in a lump sum cash payment. Accumulated vacation pay and vested sick pay for all full-time employees are recorded in the government-wide statement of net position. Accumulated vacation leave payouts are limited to the lower of actual accumulated hours or 625 hours. Accumulated sick leave payouts are calculated at $50 \%$ on the first 500 hours and $75 \%$ for $501-1,000$ hours. Any hours over 1,000 are not paid. The General Fund has been used in prior years to liquidate long-term liabilities. The District plans to continue this practice.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Financial Statement Elements (Cont.)

## Pensions

For purposes of measuring the net pension asset (liability), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCDRS's fiduciary net position have been determined on the same basis as they are reported for TCDRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## Other Postemployment Benefits (OPEB)

The District provides certain health care benefits for its retired employees as more fully described in note 10. On December 31, 2021, the District's total OPEB liability for these retiree benefits was $\$ 8,114,948$. The District funds the costs of these benefits on a pay-as-you-go basis.

## Transactions Between Funds

Transactions between funds that would be accounted for as revenues, expenditures or expenses if they involved organizations external to the District are accounted for as revenues and expenditures in the funds involved. In the fund financial statements, transactions that constitute reimbursements of a fund for expenditures initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and a reduction of the expenditure in the fund that is reimbursed. Interfund activity within the primary government's governmental activities has been eliminated in the government-wide financial statements.

## Net Position

Net position represents the difference between the total of assets and deferred outflows of resources and the total of liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws and/or regulations of other governments. When both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, then unrestricted resources as needed.

Note 1. Summary Of Significant Accounting Policies- Continued

## Financial Statement Elements (Cont.)

Fund Balance Classification
Fund balance for the governmental fund is reported in classifications which are outlined in GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). These classifications demonstrate the extent to which the District is bound by specific purposes for which funds can be spent. The governmental fund classifications are as follows:

Non-spendable- includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification includes the District's prepaid items.

Restricted- includes fund balance amounts that are constrained for specific purposes which are imposed by providers, such as creditors, or amounts restricted due to constitutional provisions or enabling legislation. This classification includes retirement of long-term debt, construction programs, and other federal and state grants.

Committed- includes fund balance amounts that are constrained for specific purposes that are internally imposed by the District through formal action in an open meeting of the highest level of decision making authority. Committed fund balance is reported pursuant to resolution passed by the Board of Directors.

Assigned- includes fund balance amounts that are self-imposed by the District to be used for a particular purpose. Fund balance can be assigned by the Board of Directors or Chief Appraiser pursuant to the District's fund balance policy.

Unassigned- includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned fund balance categories.

## Note 1. Summary Of Significant Accounting Policies- Continued

## Financial Statement Elements (Cont.)

The constraints placed on the fund balances of the General fund are below.

|  | General <br> Fund |  |
| :---: | :---: | :---: |
| Nonspendable |  |  |
| Prepaid items | \$ | 463,960 |
| Total nonspendable |  | 463,960 |
| Committed |  |  |
| Reserve for computer equipment |  | 114,000 |
| Reserve for network infrastructure |  | 350,000 |
| Reserve for technology enhancements |  | 154,192 |
| Reserve for litigation |  | 2,456,914 |
| Total committed |  | 3,075,106 |
| Unassigned |  | 2,604,451 |
| Total Fund Balance | \$ | 6,143,517 |

When both restricted and unrestricted fund balances are available for use, it is the District's policy to use restricted fund balance first, then unrestricted fund balance.

Furthermore, committed fund balances are reduced first followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those fund balance classifications are available.

## Note 2. Deposits and Investments

The bank balances of the District's deposits and investments at December 31, 2021, are as follows:

|  | General Fund | Special Revenue Fund |  | Total Governmental Funds |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Cash | \$ 2,991,289 | \$ |  | \$ | 2,991,289 |
| State Pool (Tex Pool) | 4,775,328 |  | - |  | 4,775,328 |
|  | \$ 7,766,617 | \$ | - | \$ | 7,766,617 |

## Note 2. Deposits and Investments- Continued

## Deposits

The District's funds are required to be deposited and invested under the terms of a depository contract. The District's agent bank approves pledged securities as collateral for bank deposits that exceed amounts covered by the Federal Deposit Insurance Corporation ("FDIC") insurance coverage.

Custodial Credit Risk- Deposits. In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. At December 31, 2021, the District's cash deposits were fully covered by the FDIC insurance or by investments pledged as collateral. Therefore, the District was not exposed to custodial credit risk for its deposits.

## Investments

Chapter 2256 of the Texas Government Code (the Public Funds Investment Act) authorizes the District to invest in funds under a written investment policy (the "Investment Policy") that emphasizes safety of principal, liquidity, yield, investment diversification, maturity, and the quality and capability of investment personnel. The Investment Policy defines what constitutes the legal list of investments allowed under the policy, which excludes certain investment instruments allowed under Chapter 2256 of the Texas Government Code.

The District's deposits and investments are invested pursuant to the Investment Policy, which is approved annually by the District's Board of Directors. The Investment Policy includes a list of authorized investments, maximum allowable stated maturity, and the maximum weighted average maturity allowed for pooled funds. The Investment Policy also includes an investment strategy statement.

The Investment Officer submits an investment report each quarter to the District's Board of Directors. The report details the investment position of the District and the compliance of the investment portfolio as it relates Investment Policy.

The District is authorized to invest in the following investments:

- Obligations, including letters of credit, of the United States or its agencies and instrumentalities;
- Direct obligations of the State of Texas or its agencies and instrumentalities;
- Other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, this state or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (FDIC) or by the explicit full faith and credit of the United States;

## Note 2. Deposits and Investments- Continued

## Investments (Cont.)

- Joint investment pools of political subdivisions in the State of Texas which invest in instruments and follow practices allowed by current law. A pool must be continuously rated no lower than AAA or at an equivalent rating by at least one nationally recognized rating service;
- Certificates of Deposits issued by a depository institution that has its main office or branch office in Texas. Such Certificates of Deposits are:
- Guaranteed or insured by the FDIC or the National Credit Union Share Insurance Fund or their successors; or
- Secured by collateral obligations.
- Or such depository institution contractually agrees to place the funds in federally insured depository institutions in accordance with the conditions prescribed in Section 2256.010(b) of the Local Government Code.
- AAA-rated money market mutual funds, if the mutual fund:
- Is registered with and regulated by the Securities and Exchange Commission;
- Includes in its investment objectives the maintenance of a stable net asset value of one dollar for each share.
- A1/P1 commercial paper not to exceed 180 days to stated maturity;
- FDIC insured, brokered certificate of deposit securities from a bank in any US state, delivered versus payment to the District's safekeeping agent, not to exceed 12 months to maturity. Before purchase, the investment officer must verify the FDIC status of the bank on www.fdic.gov to assure that the bank is FDIC insured.
- FDIC insured or collateralized interest bearing accounts in any bank in Texas;
- Share certificates of credit unions in Texas which are insured by the National Credit Union Share Insurance Fund.

During 2021, the District invested only in the TexPool Government Investment Pools and Wells Fargo investment sweep account.

Custodial Credit Risk- For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party.

Credit Risk. This is the risk that an issuer of an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The District's investment policy limits investments in pooled investment funds to those rated not less than "AAA" or an equivalent rating by at least one nationally recognized rating service.

As of December 31, 2021, the District's investment in TexPool was rated "AAAm" by Standard \& Poor's, and therefore, meets the requirements of the District's investment policy. As of December 31, 2021, the District's investments in the Wells Fargo Investment Sweep account were all invested in money market mutual funds that are designed specifically for governmental entities and meet all requirements of the Public Funds Investment Act. Accordingly, the District was not exposed to significant credit risk.

## Note 2. Deposits and Investments- Continued

## Investments (Cont.)

TexPool was established as a trust company with the Treasurer of the State of Texas as the trustee, segregated from all other trustees, investments, and activities of the trust company. Under the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. through an agreement with the State of Texas Comptroller of Public Accounts. The State Comptroller is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company authorized to operate TexPool. The State comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. Finally, Standard \& Poor's rate TexPool "AAAm". As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard \& Poor's, as well as to the office of the Comptroller of Public Accounts for review. TexPool is also subject to annual review by an independent auditor consistent with the Public Funds Investment Act.

TexPool has adopted the provisions of GASB Statement No. 79 and meets the requirements of that standard to measure its investments at amortized cost. In order to meet the criteria to be recorded at amortized cost, the investment pool must transact at a stable new asset value per share and maintain certain maturity, quality, liquidity, and diversification requirements within TexPool. Accordingly, the fair value of the position in TexPool is the same as the value of the TexPool shares. TexPool transacts at a net asset value of $\$ 1.00$ per share and has weighted average maturities of 60 days or less and weighted average lives of 120 days or less. Investments held are highly rated by nationally recognized statistical rating organization, have no more than five percent of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. TexPool has a redemption notice period of one day and may redeem daily. TexPool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium, or national state of emergency that affects TexPool's liquidity.

## Note 3. Receivables

Receivables in the General Fund are $96.4 \%$ receivables from the taxing jurisdictions, 1.9\% receivables from employees for elected benefits, and $1.7 \%$ receivables from other sources.

|  | Balance |  | Percentage of <br> Total Receivables |
| :--- | ---: | ---: | ---: |
| Receivable from Jurisdictions | $\$ 1,329,801$ |  | $96.4 \%$ |
| Receivable from Employees | 26,301 |  | $1.9 \%$ |
| Receivable from other sources | 23,976 | $1.7 \%$ |  |
|  | $\$ 1,380,078$ |  | $100.0 \%$ |

## Note 4. Interfund Transactions

Although interfund activity within the District is eliminated in the government-wide financial statements, it remains intact in the fund financial statements. Interfund transfers from the General Fund to 850 EAL Holding Corp. were made to fund the payments due on the note payable for the building purchase and renovation.

Interfund transfers for the year ended December 31, 2021 were:

| Transfers Out | Transfers In |
| :---: | :---: |
|  | 850 |
|  | EAL |
|  | Holding Corp. |
| General Fund | \$ 748,838 |
| Total | \$ 748,838 |

## Note 5. Capital Assets

|  | Balance December 31, 2020 |  | Additions |  | Retirements |  | Balance December 31, 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Furniture and equipment |  | 4,810,498 |  | 273,510 |  | $(30,410)$ |  | 5,053,598 |
| Total accumulated depreciation |  | 7,350,144 |  | 1,276,980 |  | $(30,410)$ |  | 8,596,714 |
| Total capital assets being depreciated, net |  | 19,452,161 |  | $(1,013,038)$ |  | - |  | 18,439,123 |
| Governmental activities capital assets, net of related debt | \$ | 20,559,814 | \$ | $(1,013,038)$ | \$ | - | \$ | 19,546,776 |

## Note 6. Long-Term Assets

The following is a summary of long-term asset transactions of the District for the year ended December 31, 2021:

|  | Balance <br> December 31, 2020 |  | Increase |  | Decrease |  | Balance <br> December 31, $2021$ |  | Due <br> Within One Year |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Net pension asset (liability) | \$ | 2,277,846 | \$ | 6,111,320 | \$ | $(7,124,369)$ | \$ | 1,264,797 | \$ | - |
| Total governmental activities | \$ | 2,277,846 | \$ | 6,111,320 | \$ | $(7,124,369)$ | \$ | 1,264,797 | \$ | - |

## Note 7. Long-Term Liabilities

Payments on long-term notes payable for governmental activities will be made from the 850 EAL Holding Corp. and the General Fund. Compensated absences that pertain to governmental activities will be liquidated by the General Fund. Other liabilities that pertain to governmental activities will be liquidated by the General Fund. The following is a summary of long-term debt transactions of the District for the year ended December 31, 2021:

|  | Balance December 31, 2020 |  | Increase |  | Decrease |  | Balance December 31, 2021 |  | Due <br> Within One Year |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Notes payable | \$ | 9,506,511 | \$ | - | \$ | $(343,770)$ | \$ | 9,162,741 | \$ | 358,859 |
| Net OPEB liability, |  | 8,175,697 |  | 1,299,812 |  | $(1,360,561)$ |  | 8,114,948 |  |  |
| Compensated absences |  | 1,109,505 |  | 699,495 |  | $(573,352)$ |  | 1,235,647 |  | 679,686 |
| Total governmental activities |  | 18,791,713 | \$ | 1,999,307 | \$ | $(2,277,683)$ | \$ | 18,513,336 |  | 1,038,546 |

## Note 7. Long-Term Liabilities- Continued

## Notes Payable

On June 7, 2019, the 850 EAL Holding Corp. entered into a loan agreement with Governmental Capital Corporation for the financing and renovations to the office building located at 850 E. Anderson Lane. The total note payable was for $\$ 10,000,000$ at an interest rate of 4.313\%. Payments are to be made in quarterly installments in the amount of $\$ 187,209.48$ for 20 years. The first payment was made on September 1, 2019. Future payments for this note payable as of December 31, 2021 are as follows:

## Year

Ending

| Dec. 31 | Principal | Interest | Total |
| :---: | :---: | :---: | :---: |
| 2022 | \$ 358,859 | \$ 389,979 | \$ 748,838 |
| 2023 | 374,611 | 374,227 | 748,838 |
| 2024 | 391,055 | 357,783 | 748,838 |
| 2025 | 408,220 | 340,618 | 748,838 |
| 2026 | 426,138 | 322,699 | 748,838 |
| 2027-2031 | 2,428,241 | 1,315,948 | 3,744,190 |
| 2032-2036 | 3,010,059 | 734,131 | 3,744,190 |
| 2037-2039 | 1,765,557 | 106,538 | 1,872,095 |
| Total | \$ 9,162,741 | \$ 3,941,923 | \$ 13,104,664 |

## Note 8. Defined Benefit Pension Plan

## Plan Description

The District's defined benefit pension plan, through the Texas County and District Retirement System (TCDRS), provides pensions for all full- and part-time non-temporary employees of the District. TCDRS is an agent multiple-employer defined benefit pension plan (agent pension plan). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of approximately 818 nontraditional defined benefit pension plans. The TCDRS Act grants the authority to establish and amend the benefit terms to each participating District's governing board within the options available in the TCDRS Act. The plan provisions are adopted by the governing body of the District, within the options available in the Texas state statutes governing TCDRS (TCDRS Act).

## Note 8. Defined Benefit Pension Plan- Continued

## Plan Financial Statements

TCDRS in the aggregate issues an annual comprehensive financial report on a calendar year basis. The annual report is available upon written request from TCDRS Board of Trustees at Barton Oaks Plaza IV, 901 S. Mopac Expressway, Suite 500, Austin, TX 78746 and on their website at www.tcdrs.org.

## Benefits Provided

TCDRS provides retirement, disability, and survivor benefits. TCDRS is a unique, savingsbased plan. Members save for their retirement over the length of their careers. At retirement, benefits are based on a member's final savings balance and employer matching. For the District's plan, 7\% of each employee's pay is deposited into his or her TCDRS account. By law, employee accounts earn 7\% interest on beginning of year balances annually. At retirement, the account is matched at an employer set percentage and is then converted to an annuity. Currently, the District's elected match is $250 \%$. Employees with 10 years of service are eligible to retire at age 60. Any employee may retire when their years of service and age equal 75. This is known as the rule of 75. Employees may retire at any age after 30 years of service. An employee who leaves the District may withdraw his or her contributions, plus any accumulated interest.

## Employees Covered by Benefit Terms

At December 31, 2020, the following employees were covered by the benefit terms:

| Members: | $\begin{gathered} \text { Dec. 31, } \\ 2019 \end{gathered}$ |  | $\begin{gathered} \text { Dec. 31, } \\ 2020 \end{gathered}$ |  |
| :---: | :---: | :---: | :---: | :---: |
| Inactive employees entitled to but not yet receiving benefits |  | 129 |  | 130 |
| Number of active employees |  | 98 |  | 109 |
| Average monthly salary | \$ | 5,479 | \$ | 5,198 |
| Average age |  | 46.75 |  | 43.77 |
| Average length of service in years |  | 9.63 |  | 7.94 |
| Inactive employees (or their beneficiaries) receiving benefits: |  |  |  |  |
| Number of benefit recipients |  | 74 |  | 84 |
| Average monthly benefit | \$ | 2,353 | \$ | 2,373 |

## Note 8. Defined Benefit Pension Plan- Continued

## Contributions

The District has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. Under the TCDRS Act, the District has the option of selecting the plan benefits to provide in the future, while at the same time considering the level of the employer contribution rate required to adequately finance the plan. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. The contribution rate of the employer is actuarially determined annually on a calendar year basis using the entry age actuarial cost method. The actuarially determined required contribution rate for fiscal year 2021 was $8.68 \%$. The contribution rate payable by the employee is the rate of $7.0 \%$ as adopted by the governing body of the District. The employee contribution rate and the employer contribution rate may be changed by the governing body of the District within the options available in the TCDRS Act.

## Actuarial Assumptions

All actuarial assumptions that determined the total pension liability as of December 31, 2020 were based on the results of an actuarial experience study for the period January 1, 2013 - December 31, 2016, except where required to be different by GASB 68. TCDRS engaged Milliman, Inc. to complete the GASB 68 valuation on behalf of their participating employers. Milliman's actuarially valuation provides an estimate of the plan's financial condition as of a single date.

|  | Beginning Date | Ending Date |
| :--- | :---: | :---: |
| Valuation date | December 31, 2019 | December 31, 2020 |
| Measurement date | December 31, 2019 | December 31, 2020 |
| Employer's fiscal <br> year | January 1, 2021 | December 31, 2021 |

The total pension liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality rate assumptions for service retirees were based until 2014 on the RP-2000 Combined Mortality Table with the projection scale AA. Mortality rate assumptions since 2014 are outlined on the following page:

## Note 8. Defined Benefit Pension Plan- Continued

## Actuarial Assumptions (Cont.)

| Depositing members | $90 \%$ of the RP-2014 Active Employee Mortality Table for males and 90\% of the <br> RP-2014 Active Employee Mortality Table for females, projected with 110\% of <br> the MP-2014 Ultimate scale after 2014. |
| :--- | :--- |
| Service retirees, <br> beneficiaries and non- <br> depositing members | $130 \%$ of the RP-2014 Healthy Annuitant Mortality Table for males and 110\% of <br> the RP-2014 Healthy Annuitant Mortality Table for females, both projected with <br> $110 \%$ of the MP-2014 Ultimate scale after 2014. |
| Disabled retirees | $130 \%$ of the RP-2014 Disabled Annuitant Mortality Table for males and 115\% of <br> the RP-2014 Disabled Annuitant Mortality Table for females, both projected with <br> $110 \%$ of the MP-2014 Ultimate scale after 2014. |

The annual salary increase rates assumed for individual members vary by length of service and by entry-age group. The annual rates consist of a general wage inflation component of $3.00 \%$ (made up of $2.5 \%$ inflation and $0.5 \%$ productivity increase assumptions) and a merit, promotion and longevity component that on average approximates $1.6 \%$ per year for a career employee.

The payroll growth assumption is for the aggregate covered payroll of an employer.
Growth in membership $0.0 \%$
Payroll growth for funding calculations $2.0 \%$
New employees are assumed to replace any terminated employees and have similar entry ages. Members who become disabled are eligible to commence benefit payments regardless of age. Rates of disability are in a custom table based on TCDRS experience. The probability of disablement from all other causes is applicable for members who are vested but not eligible for service retirement. Before a member is vested, only the workrelated disability provisions are applicable.

For current retirees, beneficiary information is supplied by TCDRS. For purposes of calculating the Survivor Benefit for current depositing and non-depositing members, male members are assumed to have a female beneficiary who are three years younger. Female members are assumed to have a male beneficiary who is three years older.

Deferred members are assumed to retire (100\% probability) at the later of: (a) age 60 or (b) the earliest retirement eligibility. For all eligible members ages 75 and older, retirement is assumed to occur immediately.

The rate of assumed future termination from active participation in the plan for reasons other than death, disability or retirement vary by length of service, entry-age group (age at hire) and sex. No termination after eligibility for retirement is assumed.

Members who terminate may either elect to leave their account with TCDRS or withdraw their funds. The probability that a member elects a withdrawal varies by length of service and vesting schedule. For non-depositing members who are not vested, $100 \%$ are assumed to elect withdrawal.

## Note 8. Defined Benefit Pension Plan- Continued

## Net Pension Liability

The District's net pension liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

| Net Pension Liability/ (Asset) | $\begin{gathered} \text { December } \\ 31,2019 \\ \hline \end{gathered}$ | $\begin{gathered} \text { December } \\ 31,2020 \\ \hline \end{gathered}$ |
| :---: | :---: | :---: |
| Total pension liability | \$44,395,477 | \$48,950,225 |
| Fiduciary net position | 46,673,323 | 50,215,022 |
| Net pension liability/(asset) | $(2,277,846)$ | $(1,264,797)$ |
| Fiduciary net position as a \% of total pension liability | 105.1\% | 102.6\% |
| Pensionable covered payroll ${ }^{(1)}$ | 7,042,361 | 6,926,874 |
| Net pension liability as a \% of covered payroll | -32.3\% | -18.3\% |

Note: Rounding differences may exist above.
${ }^{(1)}$ Payroll is calculated based on contribution as reported to TCDRS.

## Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC.

The numbers shown are based on January 2021 information for a 10-year time horizon. Note that the valuation assumptions for long-term expected return is re-assessed at a minimum of every four years and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting.

The assumed long-term investment returns of $7.6 \%$ is net after investment and administrative expenses. It is assumed returns will equal the nominal annual rate of $7.6 \%$ for calculating the actuarial accrued liability and the normal cost contribution rate for the retirement plan of each participating employer.

| Real rate of return | $5.0 \%$ |
| :--- | :--- |
| Inflation <br> Long-term investment <br> return | $2.5 \%$ |
|  | $7.5 \%$ |

Note 8. Defined Benefit Pension Plan- Continued

${ }^{(1)}$ Target asset allocation adopted at the March 2021 TCDRS Board meeting.
(2) Geometric real rates of return equal the expected return minus the assumed inflation rate of $2.0 \%$, per Cliffwater's 2021 capital market assumptions.
${ }^{(3)}$ Includes vintage years 2005- present of Quarter Pooled Horizon IRRs.
(4) Includes vintage years 2007- present of Quarter Pooled Horizon IRRs.
${ }^{(5)}$ Includes vintage years 2006- present of Quarter Pooled Horizon IRRs.

## Note 8. Defined Benefit Pension Plan- Continued

## Discount Rate

The discount rate used to measure the total pension liability was 7.60\%. This rate reflects the long-term assumed rate of return on assets for funding purposes of $7.50 \%$, net of all expenses, increased by $0.10 \%$ to be gross of administrative expenses. TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
3. The District's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. An increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Based on the assumptions above, the projected fiduciary net position was determined to be sufficient compared to projected benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

## Sensitivity Analysis

The following presents the net pension liability of the District, calculated using the discount rate of $7.60 \%$, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower ( $6.60 \%$ ) or 1 percentage point higher ( $8.60 \%$ ) than the current rate.

|  | $\begin{gathered} \text { 1\% Decrease } \\ \text { (6.60\%) } \end{gathered}$ | Current Discount Rate (7.60\%) | $\begin{gathered} \text { 1\% Increase } \\ \text { (8.60\%) } \end{gathered}$ |

${ }^{(2)}$ Relates to allocation of system-wide items.

## Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  |  | Deferred Inflows of Resources | Deferred Outflows of Resources |  |
| :---: | :---: | :---: | :---: | :---: |
| Differences between expected and actual experience |  | \$ 258,353 | \$ | - |
| Changes of assumptions |  | - |  | 1,853,089 |
| Net difference between projected and actual earnings on pension plan investments |  | 1,716,478 |  | - |
| Contributions made subsequent to measurement date ${ }^{(1)}$ |  | N/A |  | 651,559 |
| Total |  | 1,974,831 | \$ | 2,504,648 |

${ }^{(1)}$ Any eligible employer contribution made subsequent to the measurement date through the employer's fiscal year end.

## Note 8. Defined Benefit Pension Plan- Continued

## Deferred Outflows of Resources and Deferred Inflows of Resources Related to PensionsContinued

The $\$ 651,559$ reported as deferred outflows of resources related to contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows or resources and deferred inflows of resources will be recognized as pension expense as follows:

Year ended December 31:

| 2022 | $\$(41,440)$ |
| :--- | ---: |
| 2023 | 459,674 |
| 2024 | $(322,100)$ |
| 2025 | $(217,876)$ |
| 2026 | - |
| Thereafter $^{(1)}$ | - |
| Total | $\$(121,742)$ |

${ }^{(1)}$ Total remaining balance to be recognized in future years, if any. Note that additional future deferred inflows and outflows of resources may impact these numbers.

## Payable to the Pension Plan

At December 31, 2021, the District reported a payable of $\$ 135,906$ for the outstanding amount of contributions to the pension plan for December 2021 contributions, paid January 15, 2022.

## Note 9. Other Retirement Plans

## Defined Contribution Plan

The District has established a defined contribution plan for all full-time employees through the Variable Annuity Life Insurance Company (VALIC), a third party administrator. This plan is provided in addition to the District's defined benefit plan offered by TCDRS as discussed Note 8. A defined contribution plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive upon retirement. Under a defined contribution plan, the benefits participants receive depend solely on the amount contributed to the participant's account and the returns earned on investments of those contributions. This defined contribution plan is considered a single employer OPEB plan (i.e. the plan assets nor plan obligations are pooled with other participating plans).

## Note 9. Other Retirement Plans- Continued

## Defined Contribution Plan (Cont.)

The District contributes an amount not less than $5 \%$ of the employee's gross salary each year. The amount to be contributed each year is determined by the Chief Appraiser and the District's Board of Directors through the budgeting process. In 2021, the District contributed $5 \%$ of the employee's gross salary. An employee must be employed on December 31 of the year to be eligible to receive the District's contribution to their account. The District's contributions for each employee (and interest allocated to the employee's account) vest on a graded scale, with the funds being fully vested after five years of continuous service.

| Years of Service | Vesting |
| :---: | :---: |
| 1 | $20 \%$ |
| 2 | $40 \%$ |
| 3 | $60 \%$ |
| 4 | $80 \%$ |
| 5 OR MORE | $100 \%$ |

District contributions for, and interest forfeited by, employees who leave employment before five years of services are used to reduce the District's required contribution. The District's covered payroll in fiscal year 2021 was $\$ 6,577,451$. The District contributed a total of $\$ 311,936$ on December 29, 2021.

## Deferred Compensation Plan

The employees of the District may contribute a portion of their compensation under the District sponsored Deferred Compensation plan created in accordance with Internal Revenue Code Section 457. Under this plan, participants may elect a pre-tax or post-tax (roth) contribution. Distributions may be made only at termination, retirement, or death. Since the assets held under this plan are not the District's property and are not subject to the District's control, they have been excluded from the financial statements.

## Note 10. Other Post-Employment Benefits

Retired employees may be eligible under certain circumstances to elect continued coverage for Other Post-Employment Benefits (OPEB), including medical and prescription drug benefits. The District currently subsidizes the premium for these benefits. In order to be eligible for the subsidy, one must be a District retiree or qualify for retirement through TCDRS and leave their funds in TCDRS after separation.

The District's Board of Directors is under no legal obligation to pay or otherwise subsidize retiree premiums and approves OPEB on a year-to-year basis. The plan is funded on a pay-as-you-go basis. Retirees who are eligible for Medicare have the option to enroll in the District's Retiree Medicare Advantage Plan. For the year ended December 31, 2021, the District paid $80 \%$ of the premium for retirees enrolled on the Medicare Advantage Plan with a minimum of 10 years of service at TCAD.

## Note 10. Other Post-Employment Benefits- Continued

Retirees who are not yet eligible for Medicare may be eligible to stay on the District's health insurance plan. The District subsidizes the premium based on years of service at TCAD.

| Years of Service |  |
| :--- | :---: |
| $1-10$ | $0 \%$ |
| $11-19$ | $50 \%$ |
| $20+$ | $100 \%$ |

On December 31, 2021, the following employees were covered by the benefit terms:

| Members: |  | Dec. 31, <br> 2021 |
| :--- | :--- | ---: |
| Actives | 88 |  |
| Terminated Vested | 25 |  |
| Retirees |  | 25 |

The District's total OPEB liability of $\$ 8,114,948$ was measured as of December 31, 2021 and was determined by an actuarial valuation as of January 1, 2021. The actuarial valuation was conducted by Milliman, Inc.

OPEB Liability/ (Asset)
Total OPEB Liability

Covered Payroll
Total OPEB Liability as a \% of covered payroll

December 31, 2020
\$ 8,175,697

6,923,308
118.09\%

December 31, 2021
\$ 8,114,948

The total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected forward to the measurement date. There have been no significant changes between the valuation date and the fiscal year end.

| Valuation date | January 1, 2021 |
| :--- | :---: |
| Measurement date | December 31, 2021 |
| Actuarial cost method | Entry age normal |
| Inflation | $2.30 \%$ |
| Salary increases including inflation | $3.00 \%$ |

The discount rate was based on the Bond Buyer General Obligations 20-Bond Municipal Index.

Note 10. Other Post-Employment Benefits- Continued
Mortality rates used in the January 1, 2021 actuarial valuation were based on the following:

| Pre-retirement | PUB-2010 General Retirees Amount-Weighted Table with Mortality <br> Improvement Scale MP-2021 on a generational basis with healthy annuitant <br> rates after benefit commencement. |
| :--- | :--- |
| Post-retirement | PUB-2010 General Retirees Amount-Weighted Table with Mortality <br> Improvement Scale MP-2021 on a generational basis with healthy annuitant <br> rates after benefit commencement. |
| Disability <br> retirement | PUB-2010 Disabled Retirees Amount-Weighted Table with Mortality <br> Improvement Scale MP-2021 on a generational basis with healthy annuitant <br> rates after benefit commencement. |

## Sensitivity Analysis- Discount Rate

The following presents the OPEB liability of the Travis Central Appraisal District, calculated using the discount rate of $2.06 \%$, as well as the District's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.06\%) or one percentage point higher (3.06\%) than the current rate.

|  | 1\% | Current |  |
| :---: | :---: | :---: | :---: |

| $2074+$ | 3.70 | 3.70 |

## Sensitivity Analysis- Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Travis Central Appraisal District, calculated using the current healthcare cost trend rates as well as what the Travis Central Appraisal District's OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates.

|  | 1\% <br> Decrease |  | ent Trend Rate | 1\% Increase |
| :---: | :---: | :---: | :---: | :---: |
| Total OPEB Liability | \$6,634,725 | \$ | 8,114,948 | \$10,062,303 |

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB
At December 31, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  | Deferred Inflows of Resources |  | Deferred Outflows of Resources |  |
| :---: | :---: | :---: | :---: | :---: |
| Differences between expected and actual experience | \$ | 38,410 | \$ | ${ }^{-}$ |
| Changes of assumptions |  | 446,948 |  | 516,541 |
| Total | \$ | 485,358 | \$ | 516,541 |

Note 10. Other Post-Employment Benefits- Continued
Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Cont.)

Other amounts reported as deferred outflows or resources and deferred inflows of resources will be recognized as pension expense as follows:
Year ended December 31:

| 2022 | $\$ 21,052$ |
| :--- | ---: |
| 2023 | 21,052 |
| 2024 | 21,052 |
| 2025 | 21,052 |
| 2026 | 21,052 |
| Thereafter $^{(1)}$ | $(74,077)$ |
|  | $\$ 31,183$ |

(1) Total remaining balance to be recognized in future years, if any. Note that additional future deferred inflows and outflows of resources may impact these numbers.

## Additional Disclosures

Under GASB 75, the calculation of the liability for OPEB benefits is based on the terms of the plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members, regardless of whether or not a legally enforceable obligation to pay future benefits exists. Information and amounts presented in the District's Comprehensive Annual Financial Report related to OPEB expenses, liabilities, note disclosures, and supplementary information are only intended to achieve compliance with the requirements of generally accepted accounting principles and do not constitute nor imply that the District has made a commitment or is legally obligated to provide OPEB benefits in future periods.

## Note 11. Commitments and Contingencies

The District and Appraisal Review Board are defendants in a number of property owner appeals pursuant to Chapter 42 of the State Tax Code. Such legal proceedings allege that the appraised valued placed on taxpayers' properties are excessive. The potential liability to the District in each of these appeals is for recovery of attorney's fees and court costs. The District believes that any ultimate liability on these appeals will not materially affect its financial position. No provision for any liability that might result from these appeals has been recorded in the basic financial statements.

The District is also subject to refunding any excess fund balance to the various taxing jurisdictions. The refunding takes place in the subsequent year and offsets the payments required by the jurisdictions. The District's assessment revenue exceeded total expenditures for the 2021 fiscal year. A refund of the excess will be issued to the taxing entities during the 2022 fiscal year.

Note 11. Commitments and Contingencies- Continued

The District has committed future fiscal year funds to the contracted vendors listed below. Each company has contracted with the District to provide professional services during future fiscal years.

|  | Future Periods Covered Under <br> Contract | Future Amounts <br> Committed Under <br> Contract |  |
| :--- | :--- | :--- | ---: |
| BIS Consulting, LLC | January 1, 2022-January 31, 2023 | $\$$ | 169,000 |
| Capitol Appraisal Group | January 1, 2022 - December 31, 2022 | $\$$ | $142,875.00$ |
| Eagleview | January 1, 2022 - December 31, 2024 | $\$$ | $1,491,484$ |
| True Prodigy | Until Terminated | $\$ 398,017$ per year |  |

## Note 12. Risk Management

Third party insurance is currently maintained to cover significant claims or losses such as property loss, business interruption, general liability, workers' compensation, and employee fidelity bond. At December 31, 2021, the District was participating in an intergovernmental shared-risk self-insurance pool, the Texas Municipal League Intergovernmental Risk Pool (TMLIRP). TMLIRP carries stop-loss insurance with private insurers and maintains substantial reserves in order to buffer possible claims and losses.

The District had no significant reductions in insurance coverage for the year ended December 31, 2021. Settlement amounts have neither exceeded insurance coverage for the year ended December 31, 2021 nor the preceding three years.

Under its agreement with the Texas Municipal League Intergovernmental Risk Pool, buildings, structures, and contents insurance is maintained on a "replacement cost" basis with specified coverage limits (utilizing established real and personal property values), a \$5,000 deductible, and coverage extensions for newly acquired property, valuable papers and records, loss of revenue, extra expense and rents and other identified purposes.

The District's coverage with TMLIRP provides general liability coverage up to $\$ 1,000,000$ per occurrence with a $\$ 5,000$ deductible. The District carries a $\$ 100,000$ employee fidelity bond with a $\$ 1,000$ deductible. In addition to the aforementioned coverage, the District maintains third party group medical, dental, long-term disability, term life insurance, and long-term care insurance for its active employees.

## Note 12. Risk Management- Continued

The District had three taxing entities whose revenue individually represented $10 \%$ or more of the District's total revenue, or whose accounts receivable balance individually represented $10 \%$ or more of the District's total accounts received. They are as follows:

| Taxing <br> Jurisdiction | Percent of <br> Total <br> Revenue | Total <br> Revenue |
| :--- | ---: | :--- | :--- |
| Austin ISD | $30.68 \%$ | $\$ 6,196,163$ |
| City of Austin | $17.67 \%$ | $\$ 3,568,149$ |
| Travis County | $16.07 \%$ | $\$ 3,244,755$ |

The Texas Property Tax Code, Section 6.06 mandates that the taxing jurisdictions within a county pay a portion of the appraisal district's budget based on the total levy of each jurisdiction; therefore, the District has no related significant risk.

## TRAVIS CENTRAL APPRAISAL DISTRICT

## Notes to the Required Supplementary Information

## Budgetary Data

The Board of Directors adopts an appropriated budget on a basis consistent with GAAP for the General Fund. At minimum, the District is required to present the original and final amended budgets for revenues and expenditures compared to actual revenues and expenditures for the General Fund. The District uses the following procedures in establishing the budget reflected in the basic financial statements:

1. Prior to June 15, the Board of Directors is presented with a proposed budget for the fiscal year beginning on the following January 1. The budget includes proposed expenditures and the means of financing them. The budget also serves as a basis for determining the annual assessments due from the taxing jurisdictions.
2. Public hearings are conducted to obtain citizen's comments.
3. Prior to September 15, an annual budget is legally adopted for the General Fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
4. The Chief Appraiser is authorized to transfer amounts between departments within the General Fund; however, revisions that alter total General Fund expenditures must be approved by the Board of Directors and the taxing jurisdictions. The fund level is the legal level of budgetary control. Appropriations lapse at year-end.
5. Budgeted amounts presented in the budgetary comparison schedule are as originally adopted by the Board of Directors on August 17, 2020. No supplementary appropriations have been enacted.

## Notes to the Required Supplementary Information- Continued <br> Schedule of Changes in Net Pension Liability and Related Ratios

Valuation date: Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

## Methods and assumptions used to determine contribution rates:

Actuarial cost method
Amortization method
Remaining amortization period

Asset valuation method
Inflation
Salary increases
Investment rate of return
Retirement age

Mortality

Entry age normal
Level percentage of payroll, closed
20.0 years (based on contribution rate calculated in 12/31/2020 valuation) 5-year smoothed market
2.50\%

Varies by age and service. $4.6 \%$ average over career including inflation.
$7.50 \%$, net of investment expenses, including inflation
Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61 .

130\% of the RP-2014 Healthy Annuitant Mortality Table for males and 110\% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110\% of the MP-2014 Ultimate scale after 2014.

Changes in Assumptions and
Methods Reflected in the Schedule of Employ
Contributions ${ }^{(1)}$

Changes in Plan Provisions Reflected in the Schedule of Employer Contributions ${ }^{(1)}$

2015: New Inflation, mortality and other assumptions were reflected.
2017: New mortality assumptions were reflected
2019: New inflation, mortality and other assumptions were reflected.

2015: No changes in plan provisions were reflected in the Schedule
2016: Employer contributions reflect that the current service matching rate was increased to 250\%
2017: New annuity purchase rates were reflected for benefits earned after 2017.

2018: No changes in plan provisions were reflected in the Schedule
2019: No changes in plan provisions were reflected in the Schedule
2020: No changes in plan provisions were reflected in the Schedule

* Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to the Schedule.

## Notes to the Required Supplementary Information- Continued

## Schedule of Changes in Total OPEB Liability and Related Ratios

| Valuation date: | Valuation date is January 1, 2021. |
| :--- | :--- |
| Measurement <br> date: <br> Reporting date: | Measurement date is December 31, 2021. |

## Methods and assumptions used to determine contribution rates:

| Actuarial cost method | Entry age normal |
| :--- | :--- |
| Inflation | $2.30 \%$ |
| Salary increases | $3.00 \%$ |

Participation
Assumption

Mortality

Current Active Employees: 80\% of employees who elect coverage while in active employment and who are eligible for retiree medical benefits are assumed to elect continued medical coverage in retirement.
Current Deferred Vested Participants: 80\% of current terminated vested former employees are assumed to elect medical coverage when they turn age 65. They are assumed to enroll in the Medicare Advantage Plan. This group is closed to participants who terminated prior to December 31, 2019.

Pre-retirement: PUB-2010 General Retirees Amount-Weighted Table with Mortality Improvement Scale MP-2021 on a generational basis with healthy annuitant rates after benefit commencement.

Post-retirement: PUB-2010 General Retirees AmountWeighted Table with Mortality Improvement Scale MP-2021 on a generational basis with healthy annuitant rates after benefit commencement.

Disability retirement: PUB-2010 Disabled Retirees AmountWeighted Table with Mortality Improvement Scale MP-2021 on a generational basis with healthy annuitant rates after benefit commencement.

There are no assets accumulated in a trust
that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits for the pension/OPEB plan.

## STATISTICAL SECTION

## TRAVIS CENTRAL APPRAISAL DISTRICT

## Introduction to the Statistical Section

(Unaudited)
This section of the Travis Central Appraisal District's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information, says about the District's overall financial health.

## Travis Central Appraisal District Financial Trends

Table 1 through 4 present multi-year financial data encompassing the District's net position, General Fund balances, and revenues and expenditures. In reviewing this, it should be noted that the District is statutorily prohibited from incurring bonded indebtedness.

| Table 1 | Net Position by Component Last Ten Fiscal Years |
