AGENDA

ITEM #5B

Recommended write-up for web site about the role of the Taxpayer Liaison Officer

The Taxpayer Liaison Officer

The role of the Taxpayer Liaison Officer (TLO) is defined in the Texas Property Tax Code Sec 6.052. The board of directors for an appraisal district created for a county with a population of more than 120,000 shall appoint a TLO who shall serve at the pleasure of the board. The position in Travis County is as a contractor under a one year contract. Compensation is determined by the TCAD Board.

Although appointed by the Travis Central Appraisal District Board of Directors, they are not involved in the day-to-day activities and management of the TLO. The TLO is independent of TCAD operations and the Appraisal Review Board.

However, the TLO has no authority to change a decision reached in an ARB hearing or through arbitration nor can the TLO make changes to TCAD policies and procedures.

When property owners have questions about TCAD or ARB policies and procedures, they often do not know where to go to get information about the TCAD or ARB processes. The tax code requires the TLO be an information window into the TCAD and ARB operations for the property owners. The TLO role is often a valuable resource for them to find answers to their questions or to get them in contact with the right person to help answer their inquiry.

In addition to being a source of information, the TLO is where property owners can go to file a complaint about their experience with the TCAD staff or during their ARB process. Complaints are often from property owners who have not received the results they were expecting. Sometimes the problem is when property owner feels the evidence they presented was not properly considered, or that the district has taken an unreasonable position. The role of the TLO is to work with the property owner to understand the issue and resolve the problem to the satisfaction of the property owner.

Often complaints are the result of the property owner not understanding TCAD and ARB processes as defined in the tax code and therefore must be followed. Other complaints are from when evidence presented by property owner in an ARB hearing is not accepted, there is no explanation as to why the evidence was not accepted. After reviewing property owner presentation, usually issues with evidence can be resolved.

But some complaints cannot be resolved to the satisfaction of the property owner. Those complaints are reported the TCAD Board at their scheduled meetings. Complaints are also reported at yearend to the Comptroller's office.

Travis Taxpayer Liaison Activity Report

Objective: minimize complaints by working with Property Owners
to understand and resolve their issues.

Due to COVID-19 ,
there have been no in-person interviews with Property Owners

2020 Complaints from Property Owners

*Due to COVID-19,
there have been no in-person interviews.*

*Complaints are written by property owners who wanted
to file an official complaint.*

*This log is a summary of those complaints.
Their issues were not resolved to their satisfaction.*

*Complete, unedited complaints submitted to
Comptroller's Office at year-end*

Main Reason for Complaints:

- Not understanding the process
- Problem with uploading evidence for hearing
- Not enough time for hearing
- Evidence presented by Property Owner not considered by ARB
- Treated disrespectfully by ARB panel and/or District Appraiser
- Protest denied when entering wrong year for protest
- Hearing result unfair - Wanting another hearing

Complaint Log

02/11/2020 Warren Mabry PID 832034

Complaint:

- Having to wait over two hours past scheduled ARB hearing time was unreasonable.
- Believed an allocated 5 minutes was not enough time to present his case.
- Felt ARB panel showed no interest in property owner's evidence.
- Argued market value unfair due to the process used to determine market value was flawed.

Property owner filed for arbitration.

02/14/2020 Bobby Green PID 285606

On 10/15/2019 property owner had an ARB hearing for the year 2018. In that hearing, removed exemptions were reinstated. However, on 01/01/2018, property was only a vacant lot. Exemptions cannot be applied to a vacant lot. The ARB made an error in reinstating the exemptions.. Property owner is demanding exemptions be applied as granted by his hearing. District has refused to reinstate the property exemptions. ARB attorney will write letter to property owner explaining the ARB error. ARB to reschedule a hearing to correct the error. Property owner does not accept there was an error and continues to insist exemptions be reinstated. He is taking his case to the American Statesman.

06/26/2020 Jeff Picard PID 120678

Over the period of June 8th through June 26th there were numerous emails from property owner complaining about the district making changes to the physical characteristics of his property that he believes were not justified. He requested a characteristics review in time to support his 2020 ARB hearing. Due to district procedures, the field check would not happen before his scheduled 2020 hearing. Property owner filed an informal and rejected offer made. Property owner believes his evidence submitted was not considered by the district. Time to evaluate and respond to district offer unreasonably short and denied property owner opportunity to property challenge district offer. Property owner has requested and has been granted a rescheduling of his ARB hearing.

07/22/2020 Heinz Grether PID 177598 / 162984 / 162974 / 156484 / 716061

When submitting protest form, property owner requested an in-person protest hearing and that his notice be sent via email. Property owner claims he received his notice of protest hearing after the set hearing date. Additionally, he complains that the notice changed his hearing from an in-person to a telephone hearing.

Although the notice provided instructions about how to change to an in-person hearing, property owner believes since he already requested an in-person hearing, he should not have had to again request the in-person hearing.

09/11/2020 Scott Neal PID 810541

Property owner wants to file a complaint about the postcard notification process. He believes there is probably not a significant mailing saving, the postcard does not serve as a proper market value notification by the district, and the postcard process assumes the property owner has access to a computer and internet access. Property owner is requesting the district revert back to sending out market value notification letters.

10/15/2020 Floyd Brier PID 550961

During formal phone call hearing, the property owner complained that multiple times his phone was muted denying him the opportunity to address questions about evidence presented by the district. Also, could not hear the ARB deliberation about the hearing. Due to the multiple phone mutings, property owner felt mistreated, disrespected, and bamboozled during the hearing. He considered the behavior of the TCAD and TARB to have been unprofessional and recommended phone hearing be eliminated.

11/20/2020 Joe Arenella PID 837479

ARB did not consider the two appraisals presented by Property Owner. Per phone call, reviewed appraisals presented by Property Owner and explained the following problems with comps used in the appraisals:

- One of the appraisals was done with a cost approach, not market.
- Appraisals done for refinancing typically have lower market value than appraisals done when establishing market value for selling property.
- Comps used in the appraisals were in a different neighborhood code from subject
- Appraisal comps were all two story houses. Subject is a one story house. Two story houses are considered less value than one story houses.
- Subject lot value at 350,000. Comp lots values from 175,00 to 225,000. Significant difference in market value is in the land.

11/24/2020 Paul Robbins PID 312020

After rejecting e-file offer, property owner wanted but was not granted an in-person informal with a district appraiser, but was not granted. At his ARB hearing, evidence uploaded was not presented due to evidence being uploaded in wrong format. Additionally, Property Owner had requested how prior year

market values had been determined but info was not provided. Property Owner believed that information was a critical part of his protest.

Per phone meeting, explained the need to submit his request about prior year protest should be submitted as an open records request to the district's records manager, and provided link for submission. Also explained the information would not have been considered by the ARB when determining current year market value.

Due to what property owner believes were poor instructions about how to upload evidence and lack of prior year requested evidence, property owner demanded another hearing. Request forwarded to ARB, and rejected by ARB.

SUBJECT: November 2020 Unaudited Financial Statements- Revised

The unaudited financial statements for November 2020 are attached. Financial highlights for the month are as follows:

- The District's ending fund balance was \$6,442,713. Of that, \$587,347 was nonspendable in the form of prepaid expenditures, \$3,611,106 was held in reserves as committed fund balance, and \$2,244,260 was unassigned fund balance. The net change in fund balance for the fiscal year to date is \$(6,228,359). The negative net change in fund balance is due to the 850 EAL Holding Corp. component unit which used reserves and miscellaneous revenue to complete the building renovations of the District's new offices during the 2020 fiscal year.
- The reserve balances total \$3,611,106. Detail account balances for each reserve account are as follows:

	<u>Current Balance</u>
Reserve for Computer Equipment	\$ 150,000
Reserve for Network Infrastructure	\$ 350,000
Reserve for Technology Enhancements	\$ 154,192
Reserve for Litigation	\$ 2,956,914
Reserve for Building Repair & Replacement	\$ -
Reserve for ARB Operations	\$ -
	<u>\$ 3,611,106</u>

- The District ended the month with a budget deficit of \$6,540,025. The budget deficit is solely attributed to the completion of the 850 EAL renovation project. The cost of the project was paid for using reserve funds and miscellaneous revenue. Excluding expenditures related to the 850 EAL renovation project, the District ended the month with a budget surplus of \$1,621,125.
- 850 EAL Holding Corp. is considered a blended component unit of the District. A record of their financial position has been provided for review only.

**Monthly Investment Report

Transition Begins But Uncertainty Remains

Whew...the elections are over. Investors heaved a sigh of relief but also appear delighted with a divided Congress, which all but eliminates prospects of violent tax increases, sweeping regulatory reform and the New Green Deal. It's a source of frustration for the winners perhaps but a welcome situation for investors.

Also driving equities to a stellar month and new historic risk-on highs was news of the potential release of a Covid vaccine.

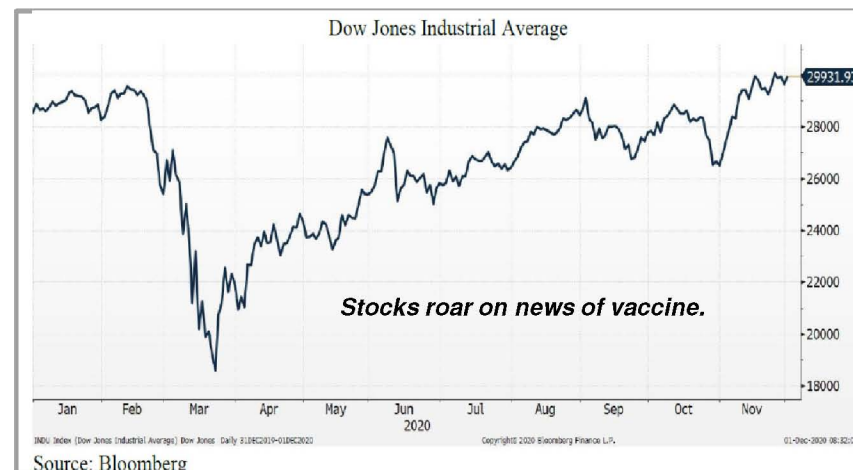

The UK will start to use the vaccine in December with the US not far behind. The US's Operation Warp Speed with its January and May milestones are great news, but production and distribution hurdles remain to be overcome.

Europe has moved back to major lockdowns and social restrictions and the block's economy is set to shrink for the third quarter this year. It is likely to see a double dip recession in 2021.

Even with the optimism, the much-hoped for 2021 future expansion is not a forgone conclusion. The US is seeing a waning momentum especially from the consumer. The consumer has slowed her consumption and retail sales. The cause of that action clearly comes primarily from the job situation. November added less jobs than expected although jobless claims themselves fell, which might be partly due to seasonal employment. Black Friday sales were robust – although a large percentage were online sales which don't help local businesses.

With Federal assistance and forbearance opportunities expiring in January, there is increasing risk of additional layoffs and business closings. ISM (purchasing managers projections) fell to a two month low on a backlog of orders and a decrease in new orders.

Unless the five months of fruitless negotiations and political stonewalling end in a new stimulus program, the US could slide back to a negative growth in 2021 extending the recession. The potential fifth round of CARES Act funding is uncertain. Even Fed Chair Powell has typified the situation as *"extraordinarily uncertain."* The Fed continues to call for additional stimulus programs from Congress.

Vaccine versus Lockdown

The Federal Reserve's call for additional stimulus has been backed by their own back-stop programs for much of the year.

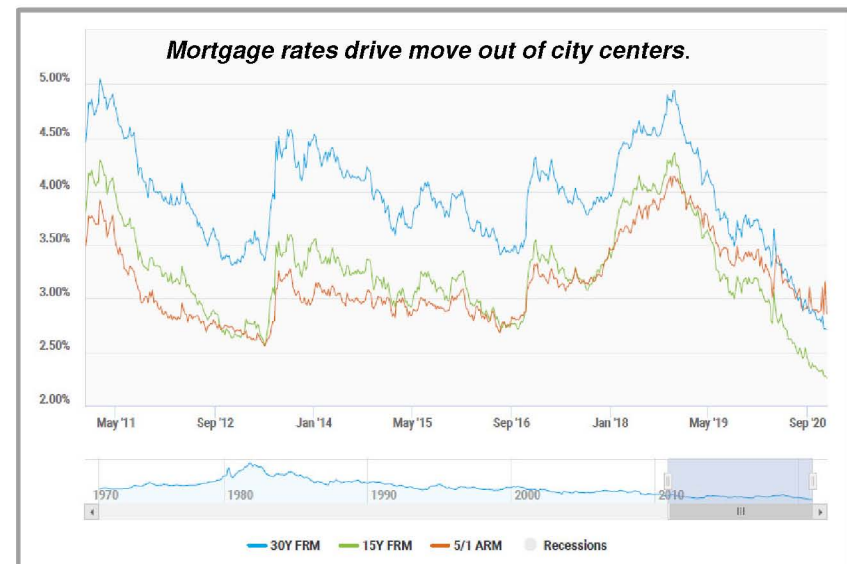

The FOMC met in November with no major changes and will meet again in December. No major changes were or are expected however. Investors were watching for a change in the asset purchase programs (QE) which had been effective in keeping rates low for lenders and buyers, but it is likely the program will not change although they may adjust guidance – which of course is as important to investors.

The Fed's backstops were little used but provided major confidence to the markets and investors. The Fed still has plenty of arrows in its quiver however with asset purchases, explicit forward guidance and yield curve targeting. Much will depend on the new Treasury Secretary's role and coordination with the Fed, which she (Janet Yellen) knows well having been the Fed Chair before Powell.

The emergency lending programs from Treasury are expiring 12/31/2020. Sec'y Mnuchin has hinted at letting the Main Street Lending expire with no renewal as it has *"clearly achieved its goal"*.

One area that has disproportionately gained from the pandemic is housing. As people begin to think of their homes as workplaces and schools as well as refuge, they are commuting much less. There is move afoot from the expensive downtown rental centers to the roomier and less expensive suburbs. Home sales outside the city centers have soared while vacancies in the major city downtown rentals have fallen. The sales have been helped by the low mortgage rates which are at record lows. Freddie Mac is reporting 30-year fixed rates at 2.71% and 15-year at 2.26%.

It is a conundrum why some treasury yields are increasing. Potentially, with a weakening job situation Congress will be forced to act – which stocks love- but to fund those stimulus programs Treasury will have to issue more securities driving up supply on the long end. It is a herculean struggle and puzzle that only time, and perhaps the vaccine, will solve.

Range Bound

- The curve continues to fight the virus and though the long end has moved up slightly in yield, the short end remains almost stationary.
- Some additional long end supply has raised the long end slightly.
- The potential covid vaccine has been a major boost to confidence, but until it is disseminated and recovery begins, the impact is more of a confidence builder than a reality.
- The Fed has stated its intention to stay at 0.0% Fed Funds through 2022.
- The absence of agreement on the next stimulus package remains a major drag on all markets.

Your Portfolio

As of November 30, 2020

- P&A constantly reviews your portfolio for optimal asset allocation and a controlled average maturity because a diversified portfolio can better adjust to volatile market conditions. These are unusual times and where extensions can be made it is important to make them for any value in the markets.
- The graphs below show asset allocations by market sector and by maturity in your portfolio. Liquidity will not be attractive but as the curve flattens it also is sometimes the only sector available as year end expenditures loom. Our expectation is of continuing low rates but we will attempt to find value in all authorized sectors to capture yield available.
- Hopefully Fed actions will return us to some normalcy and a vaccine will be found This is what we are watching for and acting on.

Tommy Miertschin	

Mr. Dan Dierschke is a fifth generation Texas agricultural producer. He and his wife, Marilyn, have produced beef and hay near Austin, Texas for the last 45 years. He has been involved in many organizations such as Cattlemen’s Beef Board, Texas Beef Council, Texas Farm Bureau, U.S. Meat Export Federation, Technical Subcommittee on Farm and Land Preservation for USDA’s National Resources and Conservation Service, just to name a few. Mr. Dierschke has also served two terms appointed by the governor on the Texas Farm and Ranch Land Preservation Council and as an advisor on the U.S. Trade for animals and animal products. He has been on the TCAD Agricultural Advisory Board since 2000.

Mr. Cliff Kessler farms in eastern Travis County. He is retired from the Travis Central Appraisal District after 25 years of service. He is also involved in the Texas Farm Bureau, Aqua Water Supply Corporation, Emergency Services District 13 and Blackland Prairie Concerned Citizens Association. Before retiring, he had farmed in Travis County for 35 years. He has been on the TCAD Agricultural Advisory Board since 2010.

Ms. Linda Hall, born and raised in Travis County, has been a ranching in Travis County for 45 years. She is also involved in the Texas Farm Bureau and many community activities. She is familiar with farming and ranching practices, economics of agriculture and environmental issues related to land in the area. She has been on the TCAD Agricultural Advisory Board since 2017.

Mr. Tommy Miertschin is the Travis County Executive Director for the Farm Service Agency. He has been farming and ranching for the past 20 years and is in day to day contact with many of the Travis County farmers and ranchers. He is involved with many programs offered by the county and brings invaluable information to the Agricultural Advisory Board meetings. He has been on the TCAD Agricultural Advisory Board since 2000.

Mr. Mauri Pottuu lives in western Travis County and has been in the farming and ranching business since 1984. He is retired from the industrial management business and is a member of the American Angus Association and the Travis County Farm Bureau. He is an annual host of the Range Field Day that is conducted by the Travis County Extension Service. He is familiar with farming and ranching on the western side of Travis County and particularly interested in range management and registered Angus Cattle.

Mr. Larry Mellenbruch lives in eastern Travis County and is a farmer and rancher. He has been in the farming and ranching business for the last 60 years. He is a retired electrical engineer and is a member of the Texas Farm Bureau and the Texas Southwestern Cattle Raisers Association. He is familiar with farming and ranching practices, economics of agricultural and environmental issues related to land in the area.

TRAVIS CENTRAL APPRAISAL DISTRICT INVESTMENT POLICY

ARTICLE I: PURPOSE AND NEED FOR POLICY

Chapter 2256 of the Government Code, as amended from time to time by the Texas State Legislature (“Public Funds Investment Act”) requires each governmental entity to adopt rules governing its investment practices and to define the authority of the investment official. The Investment Policy addresses the methods, procedures and practices which must be exercised to ensure effective and prudent fiscal management of the Travis Central Appraisal District’s (the District) funds. It is the policy of the District to invest public funds in a manner which will provide the highest yield with the maximum security while meeting the daily cash flow demands of the district and conforming to all state statutes governing the investment of public funds, including by not by way of limitation, the Public Funds Investment Act, Chapter 2256, Government Code.

ARTICLE II: SCOPE

This investment policy applies to all financial assets of the District. These funds are accounted for in the District’s Comprehensive Annual Financial Report and include the following:

- (1) Operating funds
- (2) Reserve and deposit funds
- (3) Debt service Funds
- (4) Any new fund created by the District unless specifically exempted from this policy by the District or by law.

This investment policy shall apply to all transactions involving the financial assets and related activity of all the foregoing funds.

ARTICLE III: GENERAL OBJECTIVES

The primary objectives, in priority order, of investment activities shall be preservation and safety of principal, liquidity, public trust, diversification and yield.

- A. **PRESERVATION AND SAFETY OF PRINCIPAL:** Safety of capital is the foremost objective of the District. Investments shall be undertaken in a manner that seeks to ensure the safety of capital in the overall portfolio. The objective will be to manage credit risk and interest rate risk.

- **CREDIT RISK**-**THE DISTRICT WILL MINIMIZE CREDIT** risk, the risk of loss due to the failure of the security issuer or backer, by:
 - Limiting investments to the highest credit quality securities
 - Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which the District will do business, and
 - diversifying the investment portfolio so that potential losses on individual securities will be minimized.

- **Interest Rate Risk**- The District will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rate, by:
 - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and
 - investing operating funds primarily in short-term securities, money market mutual funds, or investment pools.

B. **LIQUIDITY:** The investment portfolio shall retain sufficient liquidity to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands. A portion of the portfolio also may be placed in money market mutual funds or local government investment pools which offer same-day liquidity for short-term funds. Investments that are designated by the Board of Directors of the District to fund future projects may be placed in longer-term securities that will mature as funds are needed in order to maximize earnings.

C. **YIELD:** The investment portfolio shall be designed with the objective of attaining a market yield throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return-on investment-Yield is of secondary importance compared to safety and liquidity objectives described above. The core investments are limited to relatively-low credit risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:

- A security with declining credit may be sold early to minimize loss of principal
- a security swap would improve the quality, yield, or target duration in the portfolio
- or liquidity needs of the portfolio require that the security be sold.

- D. **PUBLIC TRUST:** All participants in the District's investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transactions which might impair public confidence in the District's ability to function as a government entity effectively.

ARTICLE IV: ACHIEVING INVESTMENT ~~RETURN~~YIELD OBJECTIVES

Investment selection for all funds shall be based on legality, appropriateness, liquidity, and risk/return considerations. Although the District will adopt a "buy and hold" approach, at times the portfolio may be pro-actively managed to enhance overall interest income. Active management will take place within the context of the "Prudent Person Rule".

- A. Methods of Obtaining Market Price- The methods/sources to be used to obtain the independent market price of investments for reporting shall be from sources deemed reliable by the Investment Officer, including primary or regional broker/dealers, established financial institutions providing portfolio management/accounting services, third-party safekeeping reports, financial publications such as the *Wall Street Journal*, investment adviser, and market information vendors such as Bloomberg and market pricing services.
- B. Benchmark ~~Yield Rate of Return~~- As a general guideline, the District's cash management portfolio shall be designed with the objective of regularly meeting the average return on three-month U.S. Treasury Bills. This index is considered a benchmark for short term risk-free investment transactions and compares to the District's cash flow needs and maximum weighted average maturity objectivegoal of the portfolio.

ARTICLE V: STANDARD OF CARE

- A. **PRUDENCE:** The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price change, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities when carried out in accordance with the terms of this policy. The governing body of the District retains ultimate responsibility as fiduciaries of the assets of the entity.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, but for investment, considering the probable safety of their capital as well as the probable income derived.

- B. CAPABILITY OF INVESTMENT MANAGEMENT:** The District shall provide periodic training in investments for the investment officers and personnel through courses and seminars offered by professional organizations and associations in order to insure the quality and capability of the District's investment personnel making investment decisions in compliance with the Public Funds Investment Act. The Board will approve the training providers.
- C. ETHICS AND CONFLICTS OF INTEREST:** Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officers shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual or firm with whom business is conducted on behalf of the District. They must also disclose any personal relation within the second degree by affinity or consanguinity, as determined under Chapter 573 of the Texas Government Code, to an individual seeking to transact investment business with the District.

For the purposes of this policy, an investment officer or employee has a personal business relationship with a business organization which must be disclosed to the Texas Ethics Commission if:

1. The investment officer owns 10 percent or more of the voting stock or shares of the business organization or owns \$5,000 or more of the fair market value of the business organization;
2. fund received by the investment officer from the business organization exceed 10 percent of the investment officer's gross income for the previous year; or
3. the investment officer has acquired from the business organization during the previous year investments with a book value of \$2,500 or more for the personal account of the investment officer.

Investment officers of the District shall refrain from personal and business activities involving any of the District's custodians, depositories, broker/dealers or investment advisors which may influence the officer's ability to conduct his duties in an unbiased manner.

D. DELEGATION OF INVESTMENT AUTHORITY: Authority to manage the investment program is granted to the investment officer(s), as designated by the Chief Appraiser, and approved by the Board of Directors of the District, and derived from the following: Public Funds Investment Act, Chapter 2256. *Responsibility for the operation of the investment program is hereby delegated to the investment officer, who shall act in accordance with established written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include reference to: safekeeping, delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the investment officer. The investment officer shall be responsible for all transactions undertaken and shall establish a system of internal controls to regulate the activities of subordinate officials. [The District may also utilize a non-discretionary registered investment adviser to assist the Investment officers in all aspects of the portfolio.](#)*

E. INVESTMENT TRAINING: The Director of Finance, Finance Officer and all investment officers shall attend at least one ten-hour training session relating to their investment responsibilities within the first 12 months after assuming their duties. In addition to this ten-hour requirement, each investment officer shall receive not less than ten hours of instruction in their investment responsibilities at least once during each two-year fiscal period that begins January 1st and consists of the two consecutive fiscal years after that date. The investment training session shall be provided by an independent source approved by the Board. For purposes of this policy, an “independent source” from which investment training shall be obtained shall include a professional organization, an institute of higher learning or any other sponsor other than a Business Organization with whom the District may engage in an investment transaction. Such training shall include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with the Public Funds Investment Act. A list will be maintained of the number of hours and conferences attended for each investment official and a report of such information will be provided to the governing board. The independent sources for authorized training will be sessions sponsored providers listed in Exhibit C.

ARTICLE VI: AUTHORIZED DEALERS AND INSTITUTIONS

The governing body of the District must, at least annually, review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the District (PFIA 256.025). That list will be maintained by the investment officers or adviser.

- A. All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the investment officer with the following:
1. Annual audited financial statements;
 2. Proof of Financial Industry Regulatory Authority (FINRA) certification, unless it is a bank; and
 3. the District's questionnaire.

All broker/dealers, financial institutions and local government pools in which the District participates must receive a copy of the current investment policy. Local government pools must certify to a review of the policy.

ARTICLE VII: SAFEKEEPING AND CUSTODY

- A. **DISTRICT OWNED SECURITIES, INDEPENDENT THIRD-PARTY SAFEKEEPING:** Securities owned by the District will be held by a third party custodian designated by the District, and held in the District's name as evidenced by safekeeping receipts of the institution with which those securities are deposited.
- B. **Securities pledged to the District** ([Collateral](#)) will be held in an independent third party institution outside the holding company of the depository as approved by the District. Securities will be evidenced by safekeeping receipts and a monthly report from the custodian.
- C. **DELIVERY VS. PAYMENT:** All security trades will be executed by deliver vs. payment (DVP) to ensure that securities are deposited in the District's designated financial institution prior to the release of District funds. This is a requirement for all investment transactions, except local government investment pools, [CDs](#), and mutual fund transactions.
- D. **INTERNAL CONTROLS:** The investment officer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse. Internal controls are considered reasonable protections, not absolute. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the investment officer shall establish a process for an annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:

- Control of collusion
- Separation of transaction authority from accounting and recordkeeping, or applicable oversight by the Chief Appraiser and the Board of Directors, as applicable
- Custodial safekeeping
- Clear delegation of authority to subordinate staff members
- Written confirmation of transactions for investments and wire transfers

In conjunction with the annual independent audit, a compliance audit of management controls on investments and adherence to the Investment Policy and the Investment Strategy shall be performed by the [Investment Officers](#). District's independent auditor [shall review all quarterly reports](#).

The District shall comply with all required legal provisions and Generally Accepted Accounting Principles (GAAP) relating to investment accounting. The accounting principles are those contained in the pronouncement of authoritative bodies including but not necessarily limited to, the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA), and the Financial Accounting Standards Board (FASB).

E. **COMPETITIVE BIDDING:** The District requires at least three competitive offers or bids for all individual security purchases and sales (excluding transactions with money market mutual funds and local government investment pools, which are deemed to be made at prevailing market rates).

F. **EFFECT OF LOSS OF REQUIRED RATING:** If a holding's credit quality rating falls below the minimum required [by policy or law](#), the District shall take all prudent measures that are consistent with its investment policy to liquidate the holding.

The investment officer should actively monitor rating changes and liquidate any unauthorized investments per this policy and consistent with PFIA 2256.005(b)(4)(F). If an investment rating changes the status of an investment from an authorized to an unauthorized investment, the investment officer shall take all prudent measures that are consistent with this investment policy to liquidate the investment that does not have the required minimum rating.

G. Monitoring FDIC Status for Mergers and Acquisitions

A merger or acquisition of brokered CDs into one bank reduces FDIC coverage. The Investment Officer shall monitor, on no less than a weekly basis, the status and ownership of all banks issuing brokered CD securities owned by the District based upon information from the FDIC (fdic.gov). If any bank has been acquired or merged with another bank in which brokered CDs are owned by the District, the Investment Officer or Adviser shall immediately liquidate any brokered CD which places the District above the FDIC insurance level.

- H. The District is not required to liquidate investments that were authorized investments at the time of purchase (PFIA 2256.017). If an investment in the District's portfolio becomes an unauthorized investment due to changes in the Investment Policy or the Public Funds Investment Act, ~~or an authorized investment is rated in a way that causes it to become an unauthorized investment~~, the investment officers shall review the investment and determine whether it would be more prudent to hold the investment until its maturity, or to redeem the investment. Liquidation is not required but reinvestment of proceeds in policy authorized securities is required.
- I. An investment that requires a minimum rating under this subchapter does not qualify as an authorized investment during the period the investment does not have the minimum rating. An entity shall take all prudent measures that are consistent with its investment policy to liquidate an investment that does not have the minimum rating. ~~The District is not required to liquidate investments that were authorized investments at the time of purchase. Investment Officers~~ shall consider the time remaining until maturity of the investment, the quality of the investment, and the quality and amounts of any collateral which may be security the investment in determining the appropriate steps to take. Only investments listed in this section are authorized.

ARTICLE VIII: SUITABLE AND AUTHORIZED INVESTMENTS

District funds may be invested in only the following securities or investment types.

- A. Obligations of the United States or its agencies and instrumentalities, excluding mortgage-backed securities, with a maximum stated maturity of 2 years;
- B. Direct obligations of the State of Texas or its agencies and instrumentalities with a maximum maturity of two years;
- C. Other general obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, this state or the United States with a maximum maturity of 2 years
- D. Obligations of other US states or their respective agencies and instrumentalities; ~~including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (FDIC) or by the explicit full faith and credit of the United States~~ with a maximum maturity of 2 years;
- E. AAA-rated investment pools in Texas which strive to maintain a \$1 net asset value and invest in instruments and follow practices allowed by current law. The pool must meet all requirements under the Public Funds Investment Act Section 2256.016;
- F. Depository Certificates of Deposits issued by a depository institution that has its main office or branch office in Texas with a maximum maturity of 2 years:
 - a. ~~And such~~ Certificates of Deposits are must be:

- i. Guaranteed or insured by the Federal Deposit Insurance Corporation (FDIC) ~~or the National Credit Union Share Insurance Fund~~ or their successors; or
 - ii. Secured by collateral obligations as set by this policy.
- b. Certificates of Deposit placed by and through depository institutions in Texas which contractually agree to spread/place all the funds in federally insured depository institutions in accordance with the conditions prescribed in Section 2256.010(b) Act.
- G. Share certificates of Texas credit unions fully insured by the National Credit Union Share Insurance Fund with a maximum maturity of 2 years.
- ~~G.H.~~ AAA-rated money market mutual fund if the mutual fund:
 - a. Is registered with and regulated by the Securities and Exchange Commission; and
 - b. Includes in its investment objectives the maintenance of a stable net asset value of one dollar for each share.
- ~~H.I.~~ A1/P1 commercial paper not to exceed ~~180~~270 days to stated maturity.
- H. FDIC insured, brokered certificate of deposit securities from a bank in any US state, delivered versus payment to the City's safekeeping agent, not to exceed 12 months to maturity. Before purchase, the Investment Officer must verify the FDIC status of the bank on www.fdic.gov to assure that the bank is FDIC insured.
- ~~I.J.~~ FDIC insured or collateralized interest bearing accounts in any bank in Texas.
- ~~J.~~ Share certificates of credit unions in Texas which are insured by the National Credit Union Share Insurance Fund.

ARTICLE IX: COLLATERAL

The District's depository bank shall comply with Chapter 2257 of the Government Code, Collateral for Public Funds, as required in the District's depository contract. Collateralization will be required on all time and deposit funds in the institution.

A. Market Value

The market value of pledged collateral must be equal to or greater than 102% of the principal and accrued interest for cash balances in excess of the Federal Deposit Insurance Corporation (FDIC insurance coverage). The District will approve the custodial institution for collateral safekeeping. The investment officer will approve release of all pledged collateral. The securities comprising the collateral will be marked to market on no less than a monthly basis and the District will be sent reports monthly.

B. Collateral Substitutions

Collateralized ~~investments securities~~ often require substitution of collateral. The custodian must contact the investment officer of the District for approval and settlement. The substitution will be approved if its value is equal to or greater than the required collateral value.

C. Collateral Value Reduction

Should the collateral's market value exceed the required amount, the Safekeeping bank-pledging bank may request approval from the investment officer to reduce the collateral. Collateral reductions may be permitted only if the collateral's market value exceeds the required amount and new securities are received before release of existing securities.

The authorized collateral will include only:

- Obligations of the US Government, its agencies and instrumentalities including mortgage backed securities and CMO which pass the bank test.
- Municipal and state obligations rated A or better
- Letters of Credit from the FHLB.

Letters of Credit are acceptable collateral for Certificates of Deposit (CD). Upon the discretion of the District, a Letter of Credit can be acceptable collateral for District funds held by the District's bank depository. Preference will be given in all cases to pledged securities.

ARTICLE X: INVESTMENT PARAMETERS

Maximum Maturities: To the extent possible, the District shall attempt to match its investments with anticipated cash flow requirements dependent on market conditions. Unless matched to a specific cash flow, the District will not directly invest in securities maturing more than two (2) years from the date of purchase. The District's maximum weighted average maturity of the total portfolio will not exceed six months (180 days) consistent with investment objectives.

Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds such as LGIPs or money market mutual funds to ensure that appropriate liquidity is maintained to meet ongoing obligations.

ARTICLE XI: INVESTMENT REPORTING

- A. **METHODS:** The investment officer or adviser shall prepare an investment report at least quarterly, including a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last quarter. The quarterly investment shall meet all reporting requirements of the Public Funds Investment Act Section 2256.023 and shall be submitted to the District's Board of Director's no less than quarterly.

B. PERFORMANCE STANDARDS: The investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio should obtain a market average yield during a market/economic environment of stable interest rates. The 3-month Treasury Bill for the comparable period will be the risk benchmark for the portfolio and reported quarterly.

C. MARKING TO MARKET: The market value of the portfolio shall be calculated at least quarterly based on independent prices and the quarterly report a statement of the market value of the portfolio shall be issued at least quarterly contain that information.

C.D. Reporting: The investment officer shall be responsible for the recording of all investment transactions and the maintenance of the investment records with reconciliation of the accounting records and of investments carried out by an accountant. Information to maintain the investment program and the reporting requirements, including pricing or marking to market the portfolio, may be derived from various independent sources such as: broker/dealer research reports, newspapers, financial on-line market quotes, direct communication with broker/dealers, market pricing services, investment software for maintenance of portfolio records, spreadsheet software, or external financial consulting services relating to investments.

D.E. REVIEW BY INDEPENDENT AUDITOR: Quarterly reports must be formally reviewed at least annually by an independent auditor and reported to the Board.

ARTICLE XII: INVESTMENT POLICY ADOPTION

The Travis Central Appraisal District investment policy and strategies shall be adopted by resolution of the Board of Directors of the Travis Central Appraisal District. The policy and strategies shall be reviewed and adopted by resolution annually by the Board of Directors. Any changes made to the current policy should be listed in the resolution. Even if no changes are made to the policy and strategies, the Board of Directors must still review and adopt a resolution on an annual basis.

ARTICLE XIII: INVESTMENT STRATEGY STATEMENTS

The District may maintain one commingled portfolio for investment purposes which incorporates the specific uses and the unique characteristics of the funds in the portfolio. The investment strategy has as its primary objective assurance that anticipated liabilities are matched and adequate investment liquidity provided. The District shall pursue a conservative portfolio management strategy based on a buy-and-hold philosophy. This may be accomplished by creating a ladder maturity structure

with some extension for yield enhancement. The maximum maturity of any security will be 24 months and the maximum dollar weighted average maturity of six months will be calculated using the stated final maturity date of each security.

The District will be structured to react to and benefit from anticipated market conditions and to achieve a reasonable yield. Relative value among asset groups shall be analyzed and pursued as part of the investment program within the restrictions set forth by the investment policy.

The District maintains portfolio(s) strategy which ~~utilize~~ address five specific investment strategies-objectives designed to address the unique characteristics of the fund group represented in the portfolio.

A. OPERATING FUNDS

SUITABILITY- All investments authorized in the Investment Policy are suitable for Operating Funds because of their high credit quality and marketability.

PRESERVATION AND SAFETY OF PRINCIPAL- All investments shall be high credit quality securities with no perceived default risk.

LIQUIDITY- Investment strategies for the pooled operating funds have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity.

MARKETABILITY- Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

DIVERSIFICATION- Maturities shall be staggered ~~throughout the budget cycle~~ monthly to provide for cash flow needs based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

YIELD- The District's objective is to attain a competitive market yield for comparable securities and portfolio constraints.

B. RESERVE AND DEPOSIT FUNDS

SUITABILITY- All investments authorized in the Investment Policy are suitable for reserve and deposit funds due to their high credit quality and marketability.

PRESERVATION AND SAFETY OF PRINCIPAL- All investments shall be high credit quality securities with no perceived default risk.

LIQUIDITY- Liquidity is not normally required in these funds therefore the investment strategies iesy for reserve and deposit funds have as their primary objective the ability to generate a dependable revenue stream to the appropriate reserve fund from investments with a low degree of volatility. Investments should be of high quality, with short-to-intermediate-term maturities.

MARKETABILITY- Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

DIVERSIFICATION- Maturities shall may be staggered throughout the budget cycle to provide cash flow needs based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

YIELD- The District's objective is to attain a competitive market yield for comparable securities and portfolio constraints.

C. DEBT SERVICE FUNDS

SUITABILITY- All investments authorized in the Investment Policy are suitable for debt service funds.

PRESERVATION AND SAFETY OF PRINCIPAL- All investments shall be high credit quality securities with no perceived default risk.

LIQUIDITY- Investment strategies for debt service funds have as their primary objective the assurance of investment liquidity adequate to cover the debt service obligation on the required payment date. Securities purchased shall not have a stated final maturity date which exceeds the debt service payment date until each successive payment date is fully funded.

MARKETABILITY- Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.

DIVERSIFICATION- Maturities shall be staggered throughout the budget cycle matched to provide cash flows based on anticipated needs debt service funding dates. Investment risks will be reduced through diversification among authorized investments.

YIELD- The District's objective is to attain a competitive market yield for comparable securities and portfolio constraints.

RE: Item No. 6G- Waiver of Penalties & Interest until January 31, 2021

The District currently has 9 taxing entities who began accruing penalties and interest on their 4th quarter 2020 payment. This is an unprecedented number of jurisdictions making late payments and is most likely due to finance staff across government agencies adjusting to working remotely due to the COVID-19 pandemic.

I would like to request that the Board of Directors waive any penalties and interest accrued through January 31, 2021 for all taxing entities.
