## TRAVIS CENTRAL APPRAISAL DISTRICT 2022

Fiscal Year 2022 Adopted Budget

Travis County, Texas
Prepared by:
Travis CAD Finance Department

## Travis Central Appraisal District

The activities of the Travis Central Appraisal District are governed by the legislature, and the administrative rules adopted by the Comptroller's Property Tax Assistance Division.

## Our Mission

The mission of the Travis Central Appraisal District is to provide accurate appraisal of all property in Travis County at one hundred percent market value, equally and uniformly, in a professional, ethical, economical and courteous manner, working to ensure that each taxpayer pays only their fair share of the property tax burden.

## Our Vision

The Travis Central Appraisal District will act in accordance with the highest principles of professional conduct, ethics, accountability, efficiency, openness, skill and integrity. We approach our activities with a deep sense of purpose and responsibility.

## Our Values

- Appraise- fairly, efficiently, and effectively, balancing the needs of both taxpayers and the taxing units by adhering to the Texas Property Tax Code, USPAP, and generally accepted appraisal standards.
- Educate- taxpayers of their rights, remedies and responsibilities.
- Communicate- collaboratively with and encourage communication among the taxing units, taxpayer public, and the agency.
- Service- provide exceptional customer service that is accessible, responsible and transparent.
- Performance- demand integrity, accountability and high standards from all staff and strive continuously for excellence and efficiency.

## Strategic Goals

1. Develop appraisals that reflect market value and ensure fairness and uniformity
2. Be efficient in business processes and ensure that mission critical tasks are completed in a timely manner with $a$ high level of accuracy
3. Collect, create and maintain accurate data
4. Ensure that the district maintains a highly educated, motivated and skilled workforce
5. Provide customer service that is courteous, professional and accurate

## A RESOLUTION OF THE BOARD OF DIRECTORS OF THE TRAVIS CENTRAL APPRAISAL DISTRICT FOR THE ADOPTION OF THE PROPOSED BUDGET FOR FISCAL YEAR 2022.

WHEREAS, the Board of Directors of the Travis Central Appraisal District has appointed Marya Crigler, Chief Appraiser, to prepare and submit a proposed budget to said governing body at the proper time; and

WHEREAS, Marya Crigler, Chief Appraiser, has submitted a proposed budget to this governing body on August 30, 2021, for its consideration, and;

WHEREAS, upon due and proper notice, published in accordance with the law, said proposed budget was open for inspection by the public at a designated place, a public hearing was held on August 30, 2021, and interested property owners and taxing entities were given the opportunity to file or register any objections to said proposed budget, and;

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of Travis Central Appraisal District:

Section 1: That the budget as submitted, amended, and summarized by fund, hereby is approved and adopted as the budget of the Travis Central Appraisal District for the year stated above.

Section 2: That the budget hereby approved and adopted shall be made part of the public records of the Travis Central Appraisal District.

Section 3: That all provisions of the resolutions of the Travis Central Appraisal District in conflict with the provisions of this Resolution are, and the same are hereby, repealed, and all other provisions not in conflict with the provisions of this Resolution shall remain in full force and effect.

Section 4: That should any word, sentence, paragraph, subdivision, clause, phrase or section of this Resolution be adjudged or held to be void or constitutional, the same shall not affect the validity of the remaining portions of said Resolution which shall remain in full force and effect.

DULY RESOLVED AND ADOPTED by the Board of Directors of the Travis Central Appraisal District on this $30^{\text {d }}$ day of August, 2021.

August 17, 2021
Travis County Taxpayers, Travis CAD Board of Directors, Presid ing Officers of all Ta xing Entities, and Ms. Marya Crigler, Chief Appraiser, Travis Central Appraisal District:

I am pleased to present the proposed budget for the Travis Central Appraisal District (the District) for fiscal year 2022. As you might recall from last year, the TCAD Board of Directors adopted a no-change budget of $\$ 20.19$ million for 2021 in light of the challenges our taxing units were facing during the pandemic. This year, we have proposed a $\$ 22.79$ million budget -- a 12.84 percent increase -- as we grapple with costly unfunded mandates from the Legislature, staffing shortages and an evermounting workload as Austin and Travis County continue to grow rapidly. The proposed and five previous years' budget history compare as follows:

| Year |  | Budget <br> Amount | Percentage <br> Increase |
| :---: | :---: | :---: | :---: |
| 2017 | $\$$ | $18,103,517$ | $3.49 \%$ |
| 2018 | $\$$ | $18,827,658$ | $4.00 \%$ |
| 2019 | $\$$ | $19,486,627$ | $3.50 \%$ |
| 2020 | $\$$ | $20,193,893$ | $3.63 \%$ |
| 2021 | $\$$ | $20,193,893$ | $0.00 \%$ |
| 2022 | $\$$ | $22,786,110$ | $12.84 \%$ |

TCAD runs a very lean operation and has today the same number of budget personnel as in 2011.

Budgeted Personnel

| Year | 2011 | 2012 | 2013 | 2014 | 2015 | 2016 | 2017 | 2018 | 2019 | 2020 | 2021 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| \# of Budgeted <br> Personnel | 129 | 130 | 128 | 127.5 | 132 | 131 | 132 | 123 | 125 | 129 | 129 |

For the 2020 appraisal year, Travis CAD had the third highest market value in the state. A helpful statistic for weighing appraisal district performance is made by comparing the appraisal district budget to total market value. This measures appraisal and operating efficiencies based on how much it costs to produce a market value appraisal roll. Travis CAD has the lowest budget as a percent of total market value compared to other similar metro CADs.

| Budgetas a \% of MarketValue |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| CAD |  | Market Value |  | Budget | Budgetas \% of Market Value |
| Travis CAD | \$ | 282,832,710,705 | \$ | 20,193,893 | 0.0071\% |
| Dallas CAD | \$ | 338,414,666,296 | \$ | 28,144,871 | 0.0083\% |
| BexarCAD | \$ | 211,747,006,032 | \$ | 18,948,050 | 0.0089\% |
| Tarrant CAD | \$ | 271,240,978,852 | \$ | 28,441,197 | 0.0105\% |
| Denton CAD | \$ | 134,834,279,727 | \$ | 14,219,669 | 0.0105\% |
| Willia mson CAD | \$ | 84,928,636,262 | \$ | 9,509,500 | 0.0112\% |
| Hamis CAD | \$ | 614,768,405,959 | \$ | 90,728,307 | 0.0148\% |
| Fort Bend CAD | \$ | 95,759,594,087 | \$ | 14,259,935 | 0.0149\% |
| El Paso CAD | \$ | 57,387,035,437 | \$ | 16,082,787 | 0.0280\% |

Compared to the other metro CADs, Travis CAD also had the second lowest budget asa percent of total levy, furtherdemonstrating that TravisCAD continuesto operate in an efficient manner.

| 2020 Budgetas a \% of org levy |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| CAD |  | udget |  | 2019 lewy | Budgetas \% of Totral Levy |
| Dallas CAD | \$ | 28,144,871 | \$ | 7,371,062,620 | 0.38\% |
| Travis CAD | \$ | 20,193,893 | \$ | 4,655,621,613 | 0.43\% |
| BexarCAD | \$ | 18,948,050 | \$ | 4,154,643,866 | 0.46\% |
| Tarrant CAD | \$ | 28,441,197 | \$ | 4,753,469,524 | 0.60\% |
| Denton CAD | \$ | 14,219,669 | \$ | 2,261,264,061 | 0.63\% |
| Williamson CAD | \$ | 9,509,500 | \$ | 1,471,539,814 | 0.65\% |
| Fort Bend CAD | \$ | 14,259,935 | \$ | 2,004,575,740 | 0.71\% |
| Ha mis CAD | \$ | 90,728,307 | \$ | 11,888,313,314 | 0.76\% |
| El Paso CAD | \$ | 16,082,787 | \$ | 1,299,944,197 | 1.24\% |

The new legislative mandates, however, will exacerbate our existing staffing shortages. Senate Bill 63, for example, creates new deadlines for acting on applications for all exemptions and requires that every application be reviewed within 30 da ys of receipt in orderto notify the property ownerif additional information is needed. Based on our workload and expected increase in work due to recently passed legislation, TCAD is requesting 15 additional staff in the 2022 proposed
budget and will request an additional 13 positions in the 2023 proposed budget. Even with these additional employees, TCAD staffing levels will rema in well below those of our peer appraisal distric ts a round the state.

## LOCAL ECONOMY

2020 is one for the history books. In terms of the US economy we saw a GDP swing from $-34.3 \%$ in Q2 to $+33.4 \%$ in Q3. Streets were empty, those that could, stayed home and our essential workers soldiered on providing society with the necessities. By the end of the year we saw an overall decrease of $3.5 \%$ of the US Gross Domestic Product. The uncertainty in our economy and our personal lives put many investors into a hold position for the better part of the yearas indicated by a globaICRE deal volume decrease of $36 \%$ year-over-year in Q2 2020, according to Deloitte. Moving on to Q4, our proverbial light at the end of the tunnel began to shine in the form of COVID-19 vaccines. Cash flush investors looking for distressed sales continue to sit on their niches as the quicker than expected rebound has continued the upward trend of CRE in general as indicated by a $5.7 \%$ year-over-year increase of the All-Property Index which shows the total investment retum for CRE investors. Roughly $1 \%$ of an already reduced number of transactions have been distressed in 2020, according to Real Capitol Analytics. With lessons leamed from the Great Recession, our brief but drastic 2020 recession has left many investors well positioned to continue where they left off going into 2021.

Locally, economic growth in Austin is expected to continue outpacing much of the rest of the country due in part to its diversified economy and its ability to draw a substantial amount of domestic and intemational capital. For the third year in a row, Austin has taken the No. 3 spot on the Milken Institute's Best-Performing Cities report, noting presences of majortech companies such as Apple Inc., Samsung Electronics, IBM Corp., and Dell.

The Texas capital was named ranked No. 2 for overall real estate prospects in this year's Urban Land Institute annual industry survey, "Emerging Trends in Real Estate 2021." The population continues to swell at historic rates, noting Austin as a national leader for resiliency of job market. "Austin has become the cleardarling of investors
in the post-pandemic word. Attracting investors with its unique combination of highquality lifestyle, new supply, and a tech forward economy and workforce," said CBRE's Vice President Russell Ingrum.

Austin once again has topped the U.S News \& World Report's ranking of the best placesto live in the United States. With a diverse and well educated workforce, no state income taxes and a business friendly climate, there are no signs of a slowdown in Austin's popularity a nd growth, solidifying its boomtown status.

## Where Does Austin Rank?

It's no wonder that Austin is a popularlanding spot for comorate headquarters and individuals a like. Austin consistantly ranks high a cross a broad spectrum of studies including:

- No. 1 Best State Capital to Live in - 4rd year in a row (WalletHub, J anuary 2021)
- No. 1 Tech Town - 2nd year in a row (CompTA, December 2020)
- No. 1 Rate of Tech Job Growth in 2020 (CompTA, March 2021)
- No. 1 In J ob Growth in Manufacturing and Financial Activities (E.I.G., March 2021)
- No. 1 Best College Town Among Large Cities (WalletHub, December 2020)
- No. 2 U.S. Market for Real Estate Investment (PwC \& Urban Land Institute, 2021)
- No. 2 J ob Market (The Wall Street J oumal, April 2021)
- No. 2 Most Polular Destinations for Migrating Home Buyers (Redfin, September 2020)
- No. 3 Best Place to Live in the USA (U.S. News, 2020-2021)
- No. 3 Top Emerging Life Science Clusters in U.S. (CBRE, Oc tober 2020)
- No. 4 Metro for Number of Inc. 5000 Firms (Site Selection Investor Watch, September 2020)
- No. 15 Top 25 Global Innovation Hubs (Hickey and Associates, December 2020)

## Economy

Austin's Business-Cycle Index Growth Rate down 9.5\% a nnually marking an end to a full decade of consecutive expansion.

## Population Growth

As the 2020 census continues to be counted and the dust settles from what we hope will be the worst of the pandemic, current and accurate population data is not a vailable. In this case we can look to market indicators help us understand general trends. With the inlfux of large scale comorate relocations and expansions and the historicly low housing supply one can only assume Austin is contiuning its upward trend in population growth. The charts below provide a decade's worth of perspective on the trajectory of the TexasCapitol's population.

## Job Growth

Austin has been ranked the number two market for jobs in the U.S. following a two year run at number one, according to The Wall Street Joumal. With marquis announcements of the Tesla Gigafactory and the relocation of the Oracle headquarters leading the charge, Austin was able to buck the national trend of job losses sec uring a position in the top ten best performing MSA's. Leisure and hospitality
was most affected but also most likely to see a rebound asour ability to congregate once more becomes possible.

4/7/20: 1,365,000 confirmed cases globally with 996,000 active (292,500 recoveries and 76,500 deaths)

## AcKNOWLEDGMENTS

The preparation of the proposed budget could not have been accomplished without the dedication of the management team of the Travis Central Appraisal District. I would like to express my appreciation to all who assisted in this effort. An acknowledgment to Desiree Palencia, Director of Commercial and BPP Appra isal for preparing the market analysis provided in the introductory section of this budget. Finally, I would like to acknowledge the Chief Appraiser, Marya Crigler, and the Board of Directors of the Travis Central Appraisal District, who have supported the finance staff in our goal of excellence in budgeting, financial management, and reporting.

Should you have any questions about the District's 2022 proposed budget or the budgeting process, I can be reached by phone at (512)834-9317 Ext. 405 or by email at Lmann@tc adc entral.org.

Respectfully submitted,

Leana H. Mann, CGFO
Deputy Chief of Operations
Travis Central Appraisal District

## Distinguished Budget Presentation Award

The Govemment Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Travis Central Appraisal District, Texas for its annual budget for fiscal year beginning January 1, 2021. This is the ninth consecutive year that the District has been awarded this prestigious a ward. In order to receive this a ward, a govemmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This a ward is valid for a period of one yearonly. We believe that our fiscal year 2022 budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

## Certific ate of Achievement for Excellence in Financial Reporting

The Govemment Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Travis Central Appraisal District for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2019. This was the ninth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a govemment must publish an easily readable and effic iently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.
A certificate of Achievement is valid fora period of one yearonly. We believe that our current comprehensive annual financial report continues to meet the Certific ate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certific ate.

## Award for Outstanding Achievement in PopularAnnual Financial Reporting (GFOA)

The Govemment Finance Officers Association of the United States and Canada (GFOA) presented an Outstanding Achievement in Popular Annual Financial Reporting a ward to the Travis Central Appraisal District, Texas for its popular annual financial report (PAFR) for fisc al year 2019. The GFOA established the PAFR Program in 1991 to encourage and assist state and local govemments to extract information from the comprehensive annual financial report to produce high quality PAFRs specifically designed to be readily accessible and easily understandable to the general public and other interested parties without a background in public finance. This a ward is valid for a period of one year only. We believe that our fiscal year 2020 PAFR continues to conform to program requirements, and are awaiting the results from the GFOA.

    T'ax Process RacadMore
```

There are three main parts to the property tax system in Texas:

- An appraisal district in each county sets the value of property each year. A chief a ppraiser is the chief administrator and operates the appraisal office.
- A citizen board, called the Appraisal Review Board (ARB), hears any disagreements between a property owner and the appraisal district about a property's value.
- Local taxing units-city, county, school and special districts-decide how much money they will spend by adopting a budget. Next, the ta xing units set tax rates that will raise the revenue necessary to fund their budgets. The adopted budgets a nd the tax rates set to fund the budgets detemine the total a mount of taxesthat a person will pay.

The property tax year has four stages: appraising taxable property, protesting the appraised values, adopting the tax rates, and collecting the taxes. The following represents a summary of the process.

1. A large part of each appraisal district'sjob is to estimate what a property is worth on January 1. What a property is used for on January 1, market conditions at that time, and who owns the property on that date determine whether the property is taxed, its value, and who is responsible for paying the tax. The appraisal district also processes applications for tax exemptions, agricultural appraisals, and other tax relief.
2. Around May 15, the appraisal review board begins hearing protests from property owners who believe their property values are incorrect or who did not get c orrect exemptions or a gric ultural a ppraisals. When the ARB finishes its work, the appraisal district gives each taxing unit a list of taxable property.
3. In August or September, the elected offic ials of each taxing unit a dopt tax rates for their operations and debt payments. Several taxing units tax each property. Every property is taxed by the county and the local school district. A taxpayer also may pay taxes to a city and to special districts such as hospital, junior college, water, fire and other districts.
4. Tax collection starts a round October 1 as tax bills go out. Taxpayers have until J anuary 31 of the following year to pay their taxes. On February 1, penalty and interest charges begin accumulating on most unpaid tax bills. Tax collectors may start legal action to collect unpaid taxes on February 1.

## Travis Central Appraisal District

The Travis Central Appraisal District was created under the 66th Texas State Legislature in 1979 under the provisions of Senate Bill 621 known as the Property Tax Code. The District is responsible for the appraisal of property subject to ad valorem taxation in Travis County, Texas. The District is govemed by a board of nine directors serving two year tems, plus a tenth statutorily designated non-voting member who is the County Tax Assessor-Collector. Travis County appoints two board members, Austin ISD appointstwo board members, City of Austin appoints two board members, and Austin ISD and City of Austin appoint one board member jointly. The remaining two board members are appointed by a vote of the eastem and westem taxing entities within Tra vis C ounty.

The District was formed in 1981 and formally began operations in 1982, pursuing its mission to provide accurate appraisal of all property in Tra vis County at one hundred percent of market value, equally and uniformly, in a professional, ethical, economical and courteous manner, working to ensure that each taxpayerpaysonly theirfair share of the property tax burden. As stipulated under the Texas Property Tax Code, the District serves the citizens and taxpa yers of Travis C ounty a nd the taxing entities which lie within Travis County.

Travis C ounty is located in south central Texas astride the Balcones Fault, the boundary between the Edwards Plateau to the west and the Blackland Praines to the east. Its c ounty seat, Austin, isthe ca pital of Texas. TravisC ounty'spopulation as of J uly 1, 2020, according to the City of Austin demographer, is estimated to be $1,341,815$. The population of the Austin-Round Rock greater metro area is estimated to be 2,307,753. Since the last census in 2010, the population of Tra vis C ounty has grown by 31.0\%.

## Population Growth

## The Property Tax Calendar

| J a nuary 1 | Appraisal districts are required to appraise property at its value on this <br> date. A lien attaches to each taxable property to ensure property tax <br> payment. |
| :--- | :--- |
| J a nuary 1 - April <br> 30 | Appraisal districts complete appraisals a nd process a p plic ations for <br> exemptions. |
| J a nuary 31 | Taxes due to loc al taxing units (or county tax assessor, if acting on their <br> behalf). |
| February 1 | Local taxing units begin charging penalty and interest for unpaid tax bills. |
| April - May | Appraisal districts send notic es of appraised value. |
| May 15 | Appra isal review boards begin hea ring protests from property owners. |
| July 25 | Appra isal districts certify current appraised values to taxing units. |
| August - <br> September | Local taxing units adopt tax rates. |
| October 1 | Local taxing units begin sending tax bills to property owners. |

## The Role of the Appraisal District

Each Texascounty is served by a $n$ appraisal district that detemines the value of all of the county'staxable property. Generally, a local govemment that collects property taxes, such as a county, city and school district, is a member of the appraisal district. A board of directors appointed by the member govemments presides over the a ppraisal district.

The appraisal district is considered a political
 subdivision and must follow applicable laws such as Open Meetings and Public Information Acts. Meetings are generally open to the public and information generated by the appraisal district is, in most cases, also available to the public.

The appraisal district board of directorshiresa chief appraiser, a pprovescontractsand sets policies. The chief a ppraiser is the chief administratorof the appraisal district. The chief appraiser may employ and compensate professional, clerical and other personnel as provided by the appraisal district budget. The chief appraiser's primary duty is to discover, list, review and appraise all taxable property within the appraisal district using generally accepted appraisal techniques.

## Property Taxes At Work

Property taxes are local taxes that are assessed locally, collected locally, and used locally. You pay your property taxes to the local tax collector. The tax collector distributes the fundsto schools, citiesand otherlocal govemments. Local govemments spend the funds on schools, roads, hospitals, police departments, fire departments and otherprograms.

In Travis County property taxes support 132 local govemment agencies including 21 cities, 17 emergency districts, the county, the hospital district, the junior college, 58 municipal utility districts, 1 road districts, 15 school districts, and 17 water control improvement districts. For 2020 the projected tax levy for all taxing units in Travis County is $\$ 5,115,511,851$.

DISTRIBUTION OF PROPERTY TAXES
Total Levy by Taxing Unit Typer Control

2020 was the tenth consecutive year of appraisal roll growth. All sectors experienced growth.

## Accounting Basis and Controls

## Accounting Basis

The District reports its financial activities as a special-purpose govemment. Specialpurpose govemments are govemmental entities which engage in a single govemment program. Like most govemments, special-purpose govemments present two types of financial statements: (1) govemment-wide financial statements and (2) fund financial statements.

The govemment-wide financial statements report information on all of the activities of the District. Govemmental activities generally are financed through charges for services and intergovemmental revenues. The statement of activities reflects the revenues and expenses of the District. The govemment-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and lia bilities (whetherc urrent ornon-curent) are inc luded on the statement of net position and the operating statements present increases(revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when eamed and expenses are recognized at the time the liability is incurred.

The fund financial statements provide information about the District's govemmental funds. The emphasis of fund financial statements is directed to spec ific activities of the District. The District reports the general fund as a major govemmental fund. It is the District's primary operating fund. This fund is used to account for the a cquisition and use of the District's expendable financial resources and the related liabilities. The District also reports the 850 EAL Holding Corp. as a major govemmental fund. 850 EAL Holding Corp. is a non-profit entity whose primary purpose supports the District. The measurement focus is based on the detemination of changes in financial position rather tha $n$ upon net income detemination. Govemmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available and expenditures are recorded when the related fund liability is incurred.

## Basis of Budgeting

The General Fund budget is prepared on the modified accrual basis of accounting, similar to the District's fund financial statements outlined above.

## Intemal Controls

To provide a reasonable basis for making its representations, the District's management team hasestablished a comprehensive intemal control framework. This
framework is designed to provide reasonable assurance that assets are safeguarded a ga inst loss from una uthorized use ordisposition, a nd that a c counting transactions are executed in accordance with management's authorization and properly recorded so that the financial statements can be prepared in conformity with generally accepted accounting principles (GAAP). The objective of the intemal control framework is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material missta tements. The concept of rea sonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. The design and operation of intemal controlsalso ensuresthat all funds are expended in compliance with applicable laws and regulations.

All intemal control evaluations occur within the above framework. During the fiscal year ended December 31, 2020, the District reviewed its intemal controls. I believe that the District's intemal controls adequately safeguard assets and provide rea sonable assurance of proper recording of financial transactions.

## Financial Policies \& Procedures

The Travis Central Appraisal District (the District) financial policies compiled below encompass the basic framework for the overall financial management of the District. These policies assist the Board of Directors and management with decision-making and provide guidelines for evaluating both the current and long-range financial activities. They are reviewed a nnually in conjunction with the budgetary process to verify continued applicability and benefit to the District.

The primary objectives of the policies are to provide accounta bility for cost-effective stewardship of taxpayers' funds through faily presented financial statements supported by full disc losures.

Revenue Policy

1. Revenue Recognition- Revenues shall be recorded on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available.
2. Daily Deposits- In ac cordance with this fina nce polic $y$, the District shall require weekly deposits of rec eipts only when the moneyson hand a mount to at least $\$ 1,000$. Any funds not immediately deposited shall be appropriately safeguarded in a locked file cabinet in the Finance Director's office.
3. Monitoring Revenue- District finance staff shall monitor revenues a s billed and collected and shall report to the Board of Directors no less than quarterly on any past due or uncollectible a mounts.
4. Authority- The Finance \& Facilities Director shall be responsible for designing, implementing, monitoring, and amending as necessary, accounting procedures, including intemal controls, forthe billing, recording, and reporting of all revenues of the District in compliance with Generally Accepted Accounting Principles (GAAP) and applicable state laws. Any changes to revenue procedures shall be reported to the Board of Directors at their next regula 1 ly scheduled meeting.

## Cash Disbursement Policy

1. Centralized Purchasing- The District will operate under a centralized purchasing concept.
2. Payments-Localgovemmentsand state agenciesare required to pay all bills owed within 30 calendardays. The District adheres to this requirement. Any deviations from this requirement are reported to the Chief Appraiser.
3. Monitoring- District fina nce staff shall monitorcash disbursements a nd report to the Board of Directors at each regularly scheduled meeting all capital asset purchases and any purchases over $\$ 50,000$. Specific purchasing limitations are outlined in the cash disbursements section of this finance policy.
4. Authority- The Director of Operations shall be responsible for designing, implementing, monitoring, and amending as necessary, accounting procedures including intemal controls, for the requisitioning, purchasing and cash disbursement functions of the district in compliance with Generally Accepted Accounting Principles (GAAP) and applicable state laws. Any change to cash disbursement procedures shall be reported to the Board of Directors at their next regularly scheduled meeting.

## Operating Budget Policy

1. Planning: The District will prepare a five-year operating budget projection a nnually, which will include projectionsof expend ituresforthe next five years.
2. Performance Measures: The District will integrate performance mea sures a nd productivity ind ic ators into its budgetary process whenever feasible.
3. Periodic Reporting: The Director of Operationsshall present budget-to-actual financial reports to the Board of directors monthly (or at each board meeting) and bi-weekly to the Chief Appraiser.
4. Balanced Budget The District shall submit a balanced budget wherein budgeted expenditures shall equal budgeted jurisdiction appraisal revenues.

## Asset Management and Capital Improvement Policy

1. Planning for Operational and Maintenance Costs: The District shall utilize an equipment replacement schedule to plan major operational and maintena nce asset acquisitions on a systematic , comprehensive, and entitywide basis.
2. Asset Condition: The District will maintain all assets at a level a dequate to comply with all regulatory requirements and to minimize future replacement and maintenance costs.
3. Planning: The District will annually update a ten-year capital improvement program, identifying and describing each capital project along with the estimated cost.
4. Capitalization: The District will capitalize all asset cost which are $\$ 1,000$ or more and whose useful life is more than one year.
5. Reporting: The District will provide reports of expenditures by project to the Board of Directors no less than quarterly.

## Cash Management and Investment Policy

1. Written Policy: The District's investment policy must be written and in compliance with all applicable state and local laws. The policy must be reviewed on an annual basis by the Board of Directors and approved through a resolution.
2. Objectives: The primary objectives of investment activities, in prionity order, shall be preservation of principal, liquidity, and yield.
3. Periodic Reporting: The District sha ll provide monthly investment reportsto the Board of Directors.
4. Treasury Senvices: The District shall prepare a Request for Proposal (RFP) for banking services every 2 years, with the option to renew the contract for an additional 2 years.

## Accounting Policy

1. Authority for Accounting Procedures: The District will establish and ma inta in the accounting system according to Generally Accepted Accounting Principles (GAAP) a nd all applicable state and local laws.
2. Annual Audit An annual a udit will be performed by an independent public accounting firm, which will issue an official opinion on the annual financial statements, and a management letter indicating any suggestions for improvement or areas of concem.
3. Transparency: Full disc losure will be provided in the fina ncial statements.
4. Financial Report The District shall prepare a comprehensive a nnual fina ncial report (CAFR) upon completion of the fina ncial audit, which will be submitted to the Govemment Finance Officers' Association (GFOA) for the Certific ate of Achievement for Excellence in Fina ncial Reporting award.

## Accounting Resenves Policy

1. Source of Resources: There shall be deposited, into specific general fund reserve funds, contributions from the general fund in a mounts determined by the District Board of Directors.
2. Operation of Fund: The budget submission for each year shall include a recommendation fora general fund contribution to established general fund reserve funds. Prior to the end of each fiscal year, the District will prepare a report of any estimated surplus funds. If the Board of Directorsdecidesto do so, a budget amendment will be prepared and approved by the Board of Directors. This budget amendment may allocate any general fund surplus funds to specific general fund reserve funds.
3. Fund Manager: The Director of Operations shall administer all general fund reserve funds within the financial management system, and shall serve a sthe reserve fund manager.
4. Reporting: A report of available reserve fund balancesshall be presented to the Board of Directorsquartenly at a regularly scheduled board meeting. Per GASB No. 54, all established reserves for the District will be treated as a committed fund balance and will be transferto the designated fund through a pproval by the District's Board of Directors.

## Budget Process \& Procedures

The District is provided strict guidelines on the budgeting process in the TexasProperty Tax Code. This information can be found in Chapter 6.06 of the Texas Property Tax Code and in the appendix of this report. A brief overview of the budgeting process is provided below.

The District begins its a nnual budgeting process in February. The District prepares an annual budget for the General Fund only. Discussions are held with the Chief Appraiser, the Finance Director and the department directors to discuss what the department's budget needs are for the upcoming fiscal year. Once this information is gathered, the Finance Director prepares the proposed budget based on the Chief Appraiser'sdirectives. In May, the District may hold a budget workshop with the Board of Directors, the Chief Appraiser and the Fina nce Director where the budget is looked at in-depth. The District must send the proposed budget to the presiding officer of each taxing unit no later than J une $15^{\text {th }}$.

During this budget workshop, the board of directors makessuggestions a long with any taxing units that come to the meeting to discuss the proposed budget. The District then takes the budget and revises it to include the changes made at the meeting.

The District must hold a public hearing to adopt the proposed budget no later than September $15^{\text {th }}$ ．The District must send a notice of the public hearing to the presiding offic er of each taxing unit no later than 10 days before the board of director＇smeeting where the budget will be adopted．The secretary of the board must also post the notice of the public hearing in the county newspaper．The District poststhis information in the Austin American Statesman．The budget must be adopted no later than September $15^{\text {th }}$ ．

Once the General Fund budget is adopted，the taxing units have 30 days to file a resolution with the Board of Director＇s secretary to disapprove the budget，if they deem necessary．If goveming bodies of a majority of the taxing units entitled to vote on the appointment of board members adopt resolutions disapproving the budget and file them with the secretary of the board within 30 days after its adoption，the budget does not take effect，and the board shall adopt a new budget within 30 days of the disapproval．

All budget amendments must be presented to the taxing units 30 days prior to the meeting where the board is set to approve the amendment．A budget amendment changes the final amount due from the taxing unit．The District can make line item transfers without notifying the taxing units．The Chief Appraiser has the authority to approve ordisapprove any line item transfers．All line item transfers are then presented to the board for approval．Budget line item transfers do not change the final amount of the budget，but simply move budgeted funds from one natural expenditure category to a nother．Budget line item transfers do not require any additional funds from the taxing units and they do not change the amount of any sumplus credited to the jurisdictions at yearend．

## Strategic Planning

The TravisCentral Appraisal District (The District) established a Strategic Plan, refered to as a Three Year Plan, to outline the activities and operations of the District from year to year in anticipation of future projects, funds and resources, technology, legislative changes, and capital improvements.

This Strategic Plan will be reviewed each year to monitor the completion of the tasks outlined and to add anotheryear to the ongoing plan. This will help the District to prepare for the future in an effort to anticipate changes within the appraisal environment. Mana gement staff personnel will be responsible for the development of this plan and will ensure its viability in the tasks that the District is charged.
The Strategic Plan will a ddress five major issues:

1) Future Projects
2) Funds and Resources
3) Technology
4) Legislative Changes
5) Capital Improvements

The Strategic Plan will become a tool forthe final development of the District'sAnnual Management Plan.

This strategic plan addresses the following key strengths, weaknesses, threats and opportunities for the Travis Central Appraisal District. The SWOT a nalysis began by conducting an inventory of intemal strengths and weaknesses within the appraisal district. The strategic team noted the extemal opportunities and threats that may affect the organization, based on the economic market and the overall environment. The primary purpose of the SWOT analysis is to identify and assign each significant factor, positive and negative, to one of the four categories, allowing the strategic team to take an objective look at the appraisaldistrict operations. The SWOT a nalysis is a useful tool in developing and confirming goals, objectives, strategy.

Strengths:

- Strong management team
- Strong support from sixty-one taxing entities served by the District
- Strong base for recruitment of qualified staff
- Very focused management/staff
- Experienced and proven management and supportive Board of Directors Weaknesses:
- Uncerta in economic conditions affecting property valuations
- Ec onomic climate of the cities, school districts, county, and special districts
- Retention of qualified staff personnel

Opportunities:

- Technology adva ncement can streamline business operations
- Inc rea sed effic iencies will result in stronger c redibility and support

Threats:

- New technology advancements may become too costly
- Economic slowdown could reduce properfunding
- Economic situation could uptum and resourcescould be limited

| $\begin{aligned} & \text { b } \\ & 5 \\ & 9 \\ & \frac{1}{5} \end{aligned}$ | Emphasize customer service | Providing excellent customer service should be a recognized goal of every employee in the district | Percentage of surveyed customers expressing overall satisfaction with servicesreceived | Improve services delivered to our intemal and external clients through employee training. Annual and mandatory training for all staff in customer service shall be conducted. Employees will be informed of expectations and phone calls, meetings and protest hearings will be audited by | Number of customer complaints and compliment sreceived | Number of c ustomers assisted | All employees |
|  | Measure customer service feedback | Attain highest rating possible from those we serve as evidence byfeedback provided through interviews, surveys, cards, letters or any other measuring device used in the agency | Percentage of surveyed c ustomers expressing overall satisfaction with servicesreceived | Customer service cards will be placed at the reception desk in each departments and customers will be encouraged to complete the surveys. The cards will be designed to measure the type of assistance (phone, online, at office), who the customer interacted with (customer service representative, a ppraiser...) and | Number of c ustomers surveyed <br> Number of customers served |  | All employees |
|  | Provide additional online resourcesto taxpayers | Provide information and resources to taxpayers that will be educational and convenient | Percentage of surveyed customers expressing overall satisfaction with servicesreceived | Improve services delivered to our intemal and external clients through the districts website, to include; better mapping and property search functionality, ability to file renditions, homesteads and fiduciary online, providing notices of appraised value, improved online protests including rescheduling capabilities, and a series of informational videoscovering topics such as homestead applic ations, mass appraisal procedures, field inspections, and property protests | Percentage of customers getting information from website ratherthan phone call of office visit |  | Information Technology |

## Revenue Budget

The revenue budget forfiscalyear2022 is $\$ 22,968,610$. Since the Distric t usesa balance budget policy, budgeted assessments to the taxing units must equal budgeted expenditures. Budgeted assessments to the taxing units and budgeted expenditures both total $\$ 22,786,110$. The additional $\$ 182,500$ in the revenue budget is for misc ella neous income. This is income that the District is allowed to keep from yearto year for charges for services, investment income, and other miscella neous income items.

If the District has a surplus of revenues over expenditures from the preceding year's budget, the District must reduce the curent budget allocation to each taxing unit proportionately for the year that the surplus is from. This is shown as a refund of appraisal assessments and is a contra revenue account, which consequently reduces budgeted revenues required by the taxing units forthat fisc al year. Forfisc al year2021, the District does not expect to have any surplusfundscredited back to the taxing units.

The table and graph on the following page show the total budgeted revenues by source for the fiscal year 2022 budget and the previous five years' budget history.

| Revenue Budget History FY 2017-2022 |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## Budgeted Revenues by Year

## Overview of Significant Budget Items

Expenditures are broken down by natural expenditure category. The District has 18 different categones that it budgets for annually. A comparison of the 2022 and 2021 budget by category is provided on the following page.

Three general ledger accounts combine to make the capital expenditurescategory and debt administration categories: (1) capital equipment, (2) debt serviceprincipal, a nd (3) debt service-interest. Capital equipment is a ny fixed a sset whose cost is over the capitalization threshold and has a useful life greater than one year. The District has established a capitalization threshold of $\$ 1,000$ or more. Under the modified accrual basis of accounting, capital equipment is expensed in the period in which it is purchased. When preparing govemment-wide financial statements, adjusting entries are made to account for the depreciation of capital equipment, since the govemment-wide sta tements use the full accrual basis of accounting.

Debt senvice principal and interest are treated similarly to the capital equipment account. Under the modified accrual basis of accounting, all debts should be expensed in the period that they are incurred. However, debt is typically a long-tem liability and must be adjusted when converting to the govemment-wide statements, which use the full-a c crual basis of a ccounting.

The table and graph below outline the capital expenditures \& debt category for the fisc al year 2022 a nd the previous five fisc al years' budget histories.

| Capital Expenditures \& Debt Administration FY 2017-2022 |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $2017$ <br> Adopted | $2018$ <br> Adopted | $2019$ <br> Adopted | $2020$ <br> Adopted | $2021$ <br> Adopted | $2022$ <br> Proposed |
| Capital Expenditures: |  |  |  |  |  |  |
| Capital Equipment | \$394,900 | \$1,326,947 | \$ 1,287,795 | \$ 304,288 | \$ 22,265 | \$ 265,723 |
| Debt Service- Principal | - | - | - | 325,952 | 343,933 | 358,859 |
| Debt Service-Interest | - | - | - | 423,242 | 405,261 | 389,979 |
| Total Capital Expenditures | \$ 394,900 | \$ 1,326,947 | \$ 1,287,795 | \$ 1,053,482 | \$ 771,459 | \$ 1,014,561 |

## Capital Expenditures \& Debt Administration

|  |  | FY 2022 Proposed Budget |  | FY 2021 <br> Adopted <br> Budget |  | \$ Change | \% Change |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| General Fund | \$ | 22,786,110 | \$ | 20,193,893 | \$ | 2,592,217 | 12.84\% |

The proposed budget for 2022 totals $\$ 22,786,110$, which represents a $12.84 \%$ inc rease over the 2021 adopted budget. The following table provides a comparison of the major revenue sources and major expenditure categories for fiscal year 2022 and 2021.

## PERSONNELCOST

## SALARIES

The current Legislature has proposed many changes related to property tax administration.

Senate Bill 63 will impose a slew of new deadlines for action on exemption and special appraisal applications. To meet those deadlines, additional staff will be required to determine within 30 days whether more information is needed from the property ownerand provide a detailed response if the application isdenied. Additional notice and reminders of formal hearing dates will reduce the number of no-shows and increase workload. The bill also establishes an October deadline for completion of all protests, reinforcing the need for the District to have the appraisers necessary for the ARB to work effic iently.

House Bill 988 creates a binding arbitration process to resolve claims of a procedural violation by the Appraisal Review Board orthe District. The omnibus appraisa I bill a lso limits the ability for the CAD to send corrected NOAV, requires account creation and/or consolidation at the owner's request, increases reporting requirements, dictates that additional information be included in board orders, provides electronic board order delivery, mandates informal
settlement conferences and codifies the single-member ARB panels that some appraisal districts tried during the pandemic.

The combined effect of the numerous process changes in these and other bills will substantially increase the workload for District staff. This is in addition to the additional workload the District has undergone over the last ten years as outlined in the executive summary. In order to continue meeting our mission critical tasks, the District is proposing adding 15 new positions to the 2022 budget, a net change of 14 FIEs. This increase in FIEs would bring the total positions from 129 in the 2021 budget to 143 in the 2022 proposed budget, a $10.85 \%$ inc rease in FTEs.

Proposed New Positions

| Department |  | Position |
| :--- | :--- | :---: |
| Customer Service | Customer Service Team Lead | 1 |
| Customer Service | Customer Service Representative | 1 |
| Commercia I/ BPP Appra isal | Commercial Appraiser | 4 |
| Residential Appraisa I | Residential Ma na ger | 1 |
| Residential Appraisa I | Residential Tea m Lead | 1 |
| Residential Appraisa I | Residential Appraiser | 7 |
| Total |  | $\mathbf{1 5}$ |

The District has also experienced a significant challenge in finding qualified applicants and filling positions. With the cost of living in Austin and the surrounding areas increasing exponentially over the past few years, our pay ratesare lowerthan competing jobs, especially in the clerical sector. With large scale businesses moving to Austin, such as Tesla and Amazon, the pay rate for clerical positions will continue to increase as the demand for these positions increases.

In a recent artic le, Amazon stated that they will provide workers with an average starting salary of $\$ 17$ per hour and a $\$ 1,000$ sign-on bonus depending on the location. McDonald'sand Chipotle have both stated they are raising the hourly wages for employees across the U.S. "These increases, which have already begun, will be rolled out over the next several months and include shifting the entry level range forcrew to at least \$11-\$17 an hour", the fast food giant said in a statement, adding that shift managers would be paid at least $\$ 15$ an hour.

The District is proposing increasing the entire pay grade system from $12 \%$ in clerical and support positions to $3 \%$ in executive and management level positions.

|  | Grades | Proposed <br> Increase | \#of Positions <br> Affected | \% of Total <br> Woikforce |
| :--- | :---: | :---: | :---: | :---: |
| Clerical | $1-4$ | $12 \%$ | 41 | $28.67 \%$ |
| Appraisers | $5-7$ | $7 \%$ | 58 | $40.56 \%$ |
| Salary Professiona Is | $8-12$ | $7 \%$ | 33 | $23.08 \%$ |
| Ma na gement \& Executives | $13-22$ | $3 \%$ | 10 | $6.99 \%$ |

The work that the District must complete in orderto certify the roll has inc reased substantially in the last 10 years.

## Appraisal:

| Change in Work Load Required |  |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | $\mathbf{2 0 2 0}$ | $\mathbf{2 0 1 1}$ | 10 Year <br> Change | Change |
| Field Inspections | 227,564 | 79,589 | $\mathbf{1 4 7 , 9 7 5}$ | $185.92 \%$ |
| New Condos | 908 | 357 | 551 | $154.34 \%$ |
| New Construction | 9,051 | 3,660 | 5,391 | $147.30 \%$ |
| Pemits | 30,823 | 18,611 | 12,212 | $65.62 \%$ |
| New Subdivision | 266 | 163 | 103 | $63.19 \%$ |
| Exemptions Processed | 24,831 | 16,218 | 8,613 | $53.11 \%$ |

## Appeals:

| Change in Mork road Required |  |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | $\mathbf{2 0 2 0}$ | $\mathbf{2 0 1 1}$ | $\mathbf{1 0}$ Year <br> Change | \% Change |
| Protests | 147,368 | 81,353 | 66,015 | $81.15 \%$ |
| La w suits | 1,556 | 240 | 1,316 | $548.33 \%$ |
| Arbitrations | 414 | 114 | 300 | $263.16 \%$ |

Because of the work load required and the lower budgeted FIEs compared to other metro CADs, our staff have not been able to take the time off that they need. In the last five years, staff have ta ken 20\% less vacation time.

## Vacation Time Taken

This has also increased the District's long-tem liability for accrued sick and vacation time that would be paid to an employee upon separation. The longterm liability for accrued vacation increased $56.2 \%$ over the past five years.

Liability for Accrued Compensated Balances

## AUTO АШOWANCE

Each appraiser is paid $\$ 6,600$ per year in auto allowance to cover the cost associated with using their personal vehicle for TCAD purposes. TCAD is proposing adding 13 appra iser positions to the 2022 budget.

## TEMPORARY STAFFING

For the past two protest seasons, the District hascontracted with recently retired employees to assist with the protest hearings. The additional \$55,000 in temporary staffing is related to hiring recently retired employees to assist during the protest season.

## ARB PER DIEM PAYMENTS

The Appraisal Review Board has requested an increase in per diem payments $\$ 408,250$, a $34.83 \%$ increase. For more information on the Appraisal Review Board (ARB) budget requests, please see the ARB section on page 121.

## BENERTCOSTS

## RETIREMENTCONTRIBUTIONS

The District's TCDRS a nnually required contribution rate (ARC), inc reased from $8.68 \%$ in 2021 to $11.90 \%$ in 2022. The increase in the ARC is due to a change in the investment retum assumption made by TCDRS at the recommendation of the a ctua ries. The long-tem outlook a ntic ipates all rates and retums will rema in below historical noms. Long-tem forecasts show decreased retums across all
asset classes. The TCDRS board reduced the investment retum assumption to $7.5 \%$. The investment retum assumption is an important piece to the funding formula that TCDRS uses and most employers will see increases in the ARC for 2022.

|  | 2022 Plan |
| :---: | :---: |
| Basic Plan Options |  |
| Employee Deposit Rate | 7\% |
| Employer Matching | 250\% |
| Prior Service Credit | 100\% |

| Retirement Plan Rate (greater of required and elected rate) | 11.90\% |
| Group Term Life Rate | N/A |
| Total Contribution Rate | 11.90\% |

## OTHER BENEFITCOSTINCREASES

The other benefit line items are increases as a direct result of adding 14 additional staff.

## OTHER SIGNIRCANTINCREASES

## PO STAG E \& FREIG HT- SPECIAL SERVIC ES

The District added additional mail outs in 2020 and 2021. The District is now required to send a homestead eligibility mail out to any property owner who might qualify for a homestead exemption. In prior years, the District included this information with the Notice of Appraised Value mailing; however, the tax code now requiresthismail out be separate from the Notice of Appraised Value. The SB2 postcard also added additional postage costs. The additional mailings
coupled with increasing postage rates account for the $\$ 94,000$ increase in postage expenditures.

## SUBSCRIPTIONS AND DATA EXPENDTURES

The overall cost of subscriptions and data purchases have decreased since 2021. However, due to the critical nature of our Carahsoft data purchase, the District has proposed to set up a new reserve account and budget annual for the purchase of data in future years. The cost of a full data set purchase would be upwards of $\$ 225,000$. Budgeting annually to this reserve fund would allow the district to save for a future data purchase without inc reasing the budget in the corresponding year. This provides the taxing entities with consistency in our budget. The District would plan to purchase a full data set every 2 to 3 years.

## TELEPHONE

The District purchased and implemented the Sonexis conference manager system in 2020 in response to the COVID 19 pandemic. We received positive feedback from property owners about the system, and plan to continue using the system for the 2021 hearings. The system has a monthly charge per minute and a budget item hasbeen added to the 2022 proposed budget to cover 2022 expend itures consistent with 2020 charges.

## INTERNET

In preparation for our move to our new CAMA software service, the District purchased a redundant intemet connection in the case of failure. If our main intemet connection went down, a router would switch the service over to the redundant connection to allow for staff to continue working. It is critical that during the protest season, our CAMA system remains operational at all times. This secondary connection would help meet the critic al goal of 99.99\% uptime.

## ARBITRATION REFUNDS

The number of arbitrations filed has increased $263.2 \%$ in the last 10 years. It is important to note that arbitration refunds are typic ally made the following fisc al year. Forexample, during the 2020 fisc al yearthe District paid a rbitration refunds in the amount of $\$ 206,850$. These refunds corresponded to the 678 arbitrations filed for the 2019 property value year. In 2019, there was a legislative change that required local arbitrators be used-i.e. the arbitrators deciding the values of Travis County arbitrations live within Travis County. The District noticed a signific ant reduction in the numberof a p plic able arbitrators. The Distric thasalso noticed a significant increase in the number of arbitration decisions made in favor of the taxpayer.

| Year | Count | Refunds |  |
| :---: | ---: | ---: | ---: |
| 2011 | 114 | $\$$ | 2,280 |
| 2012 | 60 | $\$$ | 21,304 |
| 2013 | 43 | $\$$ | 1,850 |
| 2014 | 61 | $\$$ | 4,050 |
| 2015 | 98 | $\$$ | 3,600 |
| 2016 | 199 | $\$$ | 18,900 |
| 2017 | 227 | $\$$ | 19,150 |
| 2018 | 438 | $\$$ | 33,400 |
| 2019 | 678 | $\$$ | 81,150 |
| 2020 | 414 | $\$$ | 206,850 |

## SEC URITY SERVICES

The District expects to begin in-person hearings as soon as the social distancing requirements are lifted in Travis County. With the increase in appraised values associated with the residential market in Travis County, the number of irate taxpayers will increase. We have seen this trend in year's past and have budgeted to have 5 sheriff's deputies in the building during the formal hearing season.

## CAPITAL EQ UIPMENT

The District has planned the following capital expenditures for the 2022 budget year.

| Capital Expenditure | Budget Amount |
| :--- | ---: |
| Purc hase and implementation of text message system for <br> appointments as required by SB63 | $\$$ |
| Cosmetic Upgrades to Cross Park Office build ing in preparation of <br> sale, to include pa inting and tile repa ir | $\mathbf{3 0 0 , 0 0 0}$ |
| A/C Repairs and Replacements | 100,000 |
| PowerStore Storage for Colo Cluster- 35.5 TB | 10,745 |
| SQL Server License Upgrade | 49,802 |
| Windows Server Datacenter Lic ense Upgrade | 18,435 |
| UP Battery Repla cement | 35,638 |
| Use of Reserve Funds for Capital Expenditures | $\mathbf{9 , 1 7 0}$ |
| Total Capital Expenditures | $\mathbf{( 2 5 8 , 0 6 7 )}$ |

Information on signific a nt budgetary decreases are provided below.
(The ARB expenditures have been removed from the totals and shown as a department total to provide a more uniform comparison.)

# Travis Central Appraisal District Significant Decreases 

| GLAccount Tite | $2022$ <br> Proposed Budget | 2021 <br> Adopted Budget | \$ Change | \% <br> Change |
| :---: | :---: | :---: | :---: | :---: |
| Operating Supplies | 82,000 | 97,750 | $(15,750)$ | -16.11\% |
| Legal \& Attomey | 271,000 | 553,000 | $(282,000)$ | -50.99\% |
| Legal Fees-Expert Witness/Reports | 500,000 | 650,000 | $(150,000)$ | -23.08\% |
| Professional Services | 1,100,891 | 1,330,816 | $(229,925)$ | -17.28\% |
| Repair \& Maintena nce-Equipment | 166,516 | 208,069 | $(41,553)$ | -19.97\% |
| Software Maintenance | 515,735 | 610,347 | $(94,612)$ | -15.50\% |

## Operating Supplies

There is no denying that the COVID-19 pandemic has changed everyone's lives in regards to wearing masks, working remotely, limiting social gatheringsetc. One of the few positive impacts rea lized by employers a nd employees a cross the country has been the cost savings associated with remote work. The cost of printing supplies has been reduced in the 2022 proposed budget to better reflect the a ctual expenditures.

Legal \& Attomey
The District is proposing the use of $\$ 1,500,000$ in litigation reserve funds to cover 2022 legal expenditures.

## Legal Fees- Expert Witness Reports

The District significantly increased the legal fees associated with expert witness reports in the 2021 adopted budget. With the inc rea sed number of la wsuits each year, the District anticipated an equal increase in expert witness report fees. However, that was not the case and the District reduced the budget line item by $\$ 150,000$. This was due to more cases being settled during the earlier stages of litigation before an expert designation and report were required per the agreed scheduling order.

## Repa ir \& Ma intena nc e- Equip ment

The 2022 proposed budget includes a decrease of $\$ 41,553$ in repair and maintenance equipment contracts which is directly related to the Dell Gold Support. Over the past few years, the District has transitioned to a virtual environment to include VMware hosts a nd virtual servers. While the hosts still require hardware maintenance and support agreements, the virtual severs do not. Replacing physical severs that had reached end of life and had a higher
maintenance cost with new virtual servers has reduced the cost of our hardware support contract through Dell by \$41,235 a nnually.

## Software Maintenance

The District will be moving to their new CAMA software in 2021. We anticipate we will run the new system and our existing PACS CAMA system concurently for one year. We will be cancelling ourcurent CAMA software in J une 2022 which reduced the annual maintenance fees for 2022.

## CAPITAL EXPENDITURES BUDGET

In govemmental accounting, an expenditure is considered to be a capital expenditure when the asset is a newly purchased capital asset or an asset improvement that extends the useful life of an existing capital asset. The Govemmental Accounting Standards Board (GASB) provides the following a uthoritative definition of a capital a sset for state and local govemments:

> The term capital asset includes land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art a nd historical trea sures, infrastruc ture, a nd all other ta ngible or inta ngible a ssets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Per the District's capitalization policy, if an asset's cost is $\$ 1,000$ or greater a nd the useful life of the asset is more than one year, the a sset is a capital asset and should be capitalized; this requires the District to spread the cost of the expenditure over the useful life of the asset. If, however, the expenditure is one that mainta ins the asset at its current condition, the cost is expensed fully in the year of the purchase.

The table below outlines the capital expenditures in the 2022 proposed budget. The total dollar a mount of the budgeted capital expend itures for FY 2022 is $\$ 304,288$. More in depth information on major capital projects can be found in the Capital Improvement Program section of this document beginning on page 53.

| Dept | Capital Expenditure | Budget <br> Amount |  |

## Debt Administration

The District completed a lease/purchase agreement in May 2019 for the property located at 850 E. Anderson Lane. Renovations on the office building were completed in July 2020. The 850 EAL Holding Corp. is a blended component unit of the District. The sole purpose of the 850 EAL Holing Corp. is to support the District through the purchase and renovation of the building. The 850 EAL Holding Cop. is shown as a special revenue fund on the District's financial statements and will account for the long-term debt payments in the 202 budget. More in depth information on the District'sdebt can be found in the Debt Administration section of this document beginning on page 63.

## StAFFING

The graph below shows the budgeted number of employeesversus the actual number of employees.

## Benefits

The District provides all full-time staff the benefits outlined below beginning the first day of the month immediately following the completion of sixty (60) days of employment.

## Vacation and Sick Leave

All full-time regularemployees accrue eight (8) hours of vacation leave per month for the first five years of employment. Vacation accruals increase based on years of servicesfollowing the schedule below:

| Employment Service | Accrual per Month |
| :--- | :---: |
| Less than 5 years | 8 hours |
| 5 years but less than 10 years | 9 hours |
| 10 years but less than 15 years | 10 hours |
| 15 years but less than 20 years | 11 hours |
| 20 years ormore | 12 hours |

All full-time regular employees eam eight hours of sick leave per month with no accrual limit and no camy-over limit.

## Scheduled Holidays

All full-time employees of the District receive the following paid holidays:

New Year's Day<br>Dr. Mart Luther King's Birthday (observed)<br>President's Day<br>Memorial Day Independence Day<br>Laborday

Columbus Day (at the discretion of the Chief Appraiser)
Veteran'sDay
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day
Two Personal Holidays

## Retirement (TC DRS)

The District partic ipates in the Texas County \& District Retirement System (TCDRS). The employee contribution rate is $7 \%$, with the Distric t matching funds at $250 \%$. Employees vest after 10 years of services with a qualifying agency and are eligible for retirement when the rule of 75 is met, meaning the employees age and years of service total 75 . The District does not partic ipate in social security.

## Retirement (401a Plan)

The District contributes to a 401(a) plan for each employee annually. In January of each year the District will contribute no less than $5 \%$ of the previous years' gross income. Employees vest on a 5 yeargraded vest outlined below:

1 year-20\%
2 years-40\%
3 years-60\%
4 years-80\%
5 years-100\%

## Deferred Compensation Plan (457b)

All full-time employees are offered a 457(b) deferred compensation plan. Currently, the District matches employee contributions at $100 \%$ for the first three percent contributed, and $50 \%$ for the next two percent contributed.

Health Insurance
The District offers all full-time employees health insurance through the District's health insurance provider. The District pays for $100 \%$ of the premium. The District also offers
dependent coverage through the District'shealth insurance provider. The District pays for $50 \%$ of dependent premiums.

## Health Reimbursement Account (HRA)- Direct Pay

The District offers an HRA for employees participating in the PPO plan. The HRA plan will reimburse each eligible employee for medical and dental copays, coinsurance, and deductible charges up to a maximum of $\$ 4,500$ for the covered employee and hisorhercovered dependents. Up to $\$ 500$ of the maximum may be used forexpenses related to vision care including copay, glasses or contact lenses.

## Retiree Healthc are

## Retiree health benefits prior to Medic are eligibility:

Active TCAD employees with a minimum of 10 years of service at TCAD, who either retire, orqualify for TCDRS retirement and leave the funds in TCDRS afterseparation, may be eligible to remain on the TCAD health plan. If eligible, TCAD will pay $50 \%$ of the premium for his or her health care plan coverage until eligible for Medic are.

Active TCAD employees with a minimum of 20 years of service, who either retire, or qualify forTCDRS retirement and leave the funds in TCDRS afterseparation, may be eligible to remain on the TCAD health plan. If eligible, TCAD will pay $100 \%$ of the premium for his or her health care plan coverage until eligible for Medicare.

## Retiree health benefits after eligible for Medicare:

Current and formeremployees with a minimum of 10 years of servicesat TCAD, who either retire from TCAD, or qua lify forTCDRS retirement and leave the funds in TCDRS after separation, may be eligible to purchase a Medicare Advantage Plan once enrolled in Medicare Part A and B. If eligible, TCAD will pay for $80 \%$ of the premium for his or her Medicare advantage plan.

## Dental Insurance

The District offers all full-time employees dental insurance through the District's dental insurance provider.

## Health Reimbursement Account (HRA)- Dental

The District funds an HRA for employees partic ipating the District's dental plan. The HRA will reimburse each eligible employee participating in the dental plan up to a maximum of $\$ 2,000$ for the covered employee and his or her covered dependents.

## Vision Insurance

The District offers all full-time employees access to a voluntary vision plan.

## Basic Life and AD\&D

The District provides all full-time employees that are actively at work a basic life and accidental death and dismemberment (AD\&D) plan in the amount of two times annual eamings, to a maximum of $\$ 400,000$. There is no cost to the employee for this
plan. Employees may purchase additional coverage up to a maximum of $\$ 500,000$, but not to exceed 5 times your a nnual ea mings.

## Long-term Disa bility Insurance

The District provides long-term disability income benefits to full-time employees that are actively at work. There is no cost to the employee for this plan. The primary LTD insurance plan will replace $60 \%$ of pre-disability income, up to $\$ 5,000$ per month. The District purchases a secondary plan that providestotal income replacement to $75 \%$ of pre-disability income.

## Long-term Care Insurance

The District offers all full-time employees a base plan for long-tem care insurance at no cost to the employees. The base plan provides a $\$ 70$ daily benefit to a maximum amount of $\$ 51,100$ overa two-yearbenefit period. Employees are given the option to buy additional voluntary coverage.

Employee Assistance Program (EAP)
All full-time employees, as well as family members residing in the employee's household, have access to a va neety of servicesthrough EAP. The EAP provides referrals to counseling services, and employee may access 6 sessions at no cost, per issue, per year. The EAP addresses a variety of issues including: stress, financial issues, legal, free simple Last Will \& Testament), depression, marital problems, family problems, behavioral problems, and drug/alcohol problems.

## Projected Changes in Fund Balance

The Govemment Finance Officers Association (GFOA) describes fund balance as the difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources. There are five different components of fund balance (nonspendable, restricted, committed, assigned, and unassigned) designed to indicate both:

- Constraints on how resources of the fund can be spent, and
- The sources of those constraints.

For fiscal year ending December 31, 2020, the District had a total fund balance of $\$ 4,718,781$ with $\$ 541,218$ being nonspendable fund balance for prepaid items, $\$ 3,611,106$ being committed fund balance for resenves for future expenditures, and $\$ 566,457$ being unassigned. The District's fund balance is increased by miscellaneous revenue that appraisal districts a re allowed to exempt from the credit of surplus funds back to the jurisdictions and funds held in reserve. Miscellaneous revenue includes revenue from the sale of data produced by the District as well as any late payment rendition revenue that is split between the District and the county tax assessorcollector. The District expects for the FY ending December 31, 2021 to have
approximately $\$ 100,000$ in miscellaneous revenue that will increase the unassigned fund balance accordingly.

The District currently has six reserve funds that are held as committed fund balances. The reserve balances as of August 2021 are as follows:

|  | Current Balance |  |
| :---: | :---: | :---: |
| Reserve for Computer Equipment | \$ | 114,000 |
| Reserve for Network Infrastruc ture |  | 350,000 |

## Long-Term Financial Plans

The COVID-19 pandemic will continue to cause budgeting deficiencies for all govemmental agencies for the coming years. The District will need to come up with ways to gain effic iencies and do more with less. The District will continue to focus on effic ient a nd effec tive ways to save fundsfor the taxing entities and taxpayers of Travis County.

One of the District'smajorlong-term projects is replacing the current CAMA (appraisal) system. The District's current CAMA software system was originally implemented in 2005. While the District has made developments and enhancements to the system throughout the last 15 years, the system is now in need of an overhaul. The District partnered with True Prodigy in 2019 to develop a new CAMA software which leverages more current technology that is more conducive forbig data. The District plans move to the True Prodigy CAMA system in August 2021.

The District will a lso make staffing a priority in the 2023 budget. The District antic ipates requesting additional staff positions in order to continue to meet our statutory obligations of the Texas Property Tax Code.

## CONTACTINFORMATION

Should you have any questions about the District's FY 2022 budget or the budgeting process, please contact Leana H. Mann, Deputy Chief of Operations for the Travis Central Appraisal District at (512)834-9317 Ext. 405 or by e-mail at Lmann@tc ad central.org.

## Revenue Budget

# TRAVIS CENTRALAPPRAISAL DISTRICT 

Revenue Budget

The revenue budget for fiscal year 2022 is $\$ 22,968,610$. Since the District uses a balanced budget policy, budgeted assessments to the taxing units must equal budgeted expenditures. Budgeted assessments to the taxing units and budgeted expenditures both total $\$ 22,786,110$. The additional $\$ 182,500$ in the revenue budget is for miscellaneous income. This is income that the District is allowed to keep from year to year for charges for services, investment income and other miscellaneous income items.

Assessments to the taxing entities: The vast majority of the District's revenue comes from the taxing entities of Travis County (99.21\%). The District serves the 132 local govemment agencies 21 cities, 17 emergency districts, the county, the hospital district, the junior college, 58 municipal utility districts, 1 road districts, 15 school districts, and 17 water control improvement districts. Each taxing entity is allocated a portion of the budget equal to the proportion that the total dollar amount of property taxes imposed by the unit for the tax year in which the budget proposal is prepared bears the sum of the total dollar a mount of property taxes imposed in the District by each participating unit for that year. The budget liability is then divided into four equal installments paid at the beginning of each quarter. If a taxing unit decides not to impose taxes for any tax year, the unit is not liable for any costs of operating the District for that year, and those costs are then allocated amongst the other taxing entities. The revenue budget for assessments from the taxing entities totals $\$ 22,786,110$ for the 2022 fiscal year. A chart showing an estimate of each taxing unit and their proportionate share along with the information used to calculate their budget liability to the District is provided on pages $50-52$. Once the

District certifies the taxable values for each taxing unit and tax rates are set by each unit, the District will send a final notice of liability to each taxing unit.

If the District has a surplus of revenues over expenditures from the preceding year's budget, the District must reduce the current budget allocation to each taxing unit proportionately for the year that the surplus is from. This is shown as a refund of appraisal assessments and is a contra revenue account, which consequently reduces budgeted revenues required by the taxing units for that fisc al year.

Other Income: Other income, totaling $0.79 \%$ of the District's revenue budget, is comprised of (1) charges for services, (2) investment income and (3) miscellaneous revenue.

| Investment eamings | $\$$ | 90,000 | $49.32 \%$ |
| :--- | ---: | ---: | ---: |
| Charges for services |  | 7,500 | $4.11 \%$ |
| Misc ellaneous Revenue |  | 85,000 | $46.58 \%$ |
|  | $\$$ | 182,500 | $100.00 \%$ |

Investment Income: The budgeted investment income for fiscal year 2022 was reduced to $\$ 90,000$. The current market trends indicate lower than nomal investment ea mings for the foreseeable future.

Charges for Services: The District collects fees from taxpayers and other a gencies for data provided. Examples of data provided by the District for a fee are maps of the county and data exports from the Districts appraisal software. The total budget for charges for servic es is $\$ 7,500$ or $0.03 \%$ of the total revenue budget.

Miscellaneous Revenue: A large portion of miscellaneous revenue is from the rendition penalty collected for renditions not filed timely. These penalties are collected by the county tax office and split between the tax office and the appraisal district. The total budget for miscellaneous revenue is $\$ 85,000$ or $0.37 \%$ of the total revenue budget.

Capital Improvement Plan

## Capital Improvement Plan Overview

The Capital Improvement Plan (CIP) is a multi-year plan to address capital projects necessary to maintain infrastructure and replace aging equipment. The plan is updated annually to reflect the latest pronities, updated cost estimates, and a vailable funding information.

A capital asset, by definition, includes land, improvements to land, easements, buildings, building improvements, vehic les, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. The District's capitalization threshold is $\$ 1,000$ and a useful life of more than one year. The District's finance department is responsible for the establishment, maintenance and safeguarding of all fixed assets. The District's capital assets are depreciated using the straight-line method over their estimated useful lives outlined below based on the following asset classes:

## 2022 Capital Improvement Plan

For fisc al year 2022, the District has budgeted for a total of $\$ 265,723$ for capital asset expenditures. The District plans to use reserves to pay for the majority of the capital expenditures that are necessary during 2022. For any planned capital expenditure that is not necessary, the District has decided to delay the purchase until future years so that staffing is put as a prionity in the 2022 proposed budget. The chart below shows the breakdown by department.

| Department | Capital Asset to be Purchased | Budgeted Cost |  |
| :---: | :---: | :---: | :---: |
| Administration (10) | Purchase and implementation of text message system for appointments as required by SB63 | \$ | 300,000 |
|  | Cosmetic Upgrades to Cross Park Office building in preparation of sale, to include painting and tile repair |  | 100,000 |
|  | A/C Repairs and Replacements |  | 10,745 |
| IT (20) | PowerStore Storage for Colo Cluster-35.5 TB |  | 49,802 |
|  | SQL Server License Upgrade |  | 18,435 |
|  | Windows Server Datacenter License Upgrade |  | 35,638 |
|  | UP Battery Replacement |  | 9,170 |
|  | Use of Reserve Funds for Capital Expenditures |  | $(258,067)$ |
| Total Capital Expenditures |  | \$ | 265,723 |

| Capital Expenditure | Budget Amount |
| :--- | ---: |

| Totals | \$ 265,723 | \$ 19,915 | \$ 245,808 |

## 2022 Routine Capital Projects

## A/C Repairs \& Replacements

The District budgets each yearfor A/C unit repairs and replacements. The routing cost for replacement remained unchanged from the 2021 adopted budget to the 2022 proposed budget.

UPS Battery Replacements
Each year the District replaces $1 / 3$ of the batteries in the UPS battery backup system.

## 2022 Significant and Non-routine Capital Expenditures

The following pages outline each non-routine project included in the capital improvement plan for fisc al year 2022.

The District is proposing to use available reserve funds for the majority of the necessary capital expenditures. The allocation from each reserve fund is as follows:

| Budgeted Resenes | BudgetAmount |
| :--- | ---: |
| Reserve for Computer Equipment | $(54,073)$ |
| Reserve for Network Infrastructure | $(49,802)$ |
| Reserve for Technology Enhancements | $(154,192)$ |
| Total | $(258,067)$ |

Project
PowerStore Storage for Colo Cluster- 35.5 TB
Name
20- Information Technology
Responsible
Department

Project Description

During 2020 and 2021, the District purchased and implemented Dell's EMC storage solution as a replacement to the out-of-life Equallogics storage system. The District is proposing to replace an additional 35.5 TB of storage currently located at the Colo with a compatible storage solution.

## Debt

## Administration

## TRAVIS CENTRALAPPRAISAL DISTRICT

## Debt Administration

All financing of capital projects must be included in the current year's proposed budget and approved by the Board of Directors. Appraisal Districts are not authorized to levy ad valorem taxes or issue bonded indebtedness or other debt instruments. Therefore, any capital asset acquisition requiring the use of financing must be done through the budget process. For real property purchases, special stipulations for a ppraisal districts are outlined in the Texas Property Tax Code, Section 6.051 .

The District completed a lease/purc hase agreement in May 2019 for the property located at 850 E. Anderson Lane. The information provided on the following pages encompasses the entirety of debt obligations for the District. When the District sells the Cross Park office location, any proceeds from the sale will be used to pay down the liability on the 850 E . Anderson Lane location.

## Mission Statement

The mission of the Administration department, which includes human resources, finance, facilities' maintenance, records management and the offices of the Chief Appraiser and the Deputy Chief of Appraisal is to provide timely, useful, and accurate information to all intemal and extemal customers including but not limited to staff, division directors, the Board of Directors, the taxing jurisdictions of Travis County, and all taxpayers of Travis County, and to assure prudent control of the District's cash and investments. It is also the mission of the Administration department to oversee all mission critical tasks of the appraisal district to ensure completion and to meet all legislative requirements. The Appeals department seeks to provide legal analysis and property valuations for the District during information and formal hearings, settlement conferences, mediations, arbitrations, SOAH hearings, and lawsuits filed in Travis County with the Texas Property Tax Code and appraisal practices and standards, and to camy out the duties in a professional, friendly, courteous and ethical manner.

## Key Responsibilities

The Administration Department's function is to plan, organize, direct and control the business support functions related to human resources, budget, finance, purchasing, payroll, facilities maintenance, records management and mail services. Key responsibilities of the legal staff include, but are not limited to: managing lawsuits, arbitrations, SOAH hearings, mediations and settlement conferences (intemally and those of outside counsel); preparation and review of expert reports; filing and answering lawsuits; preparing and answering discovery, motions, and judgments; and providing legal advice on day-to-day issues arising out of issues involving the Texas Property Tax Code, exemption application, contracts, open meetings, and public information requests. Additional responsibilities include conducting staff training/CLE, legislative bill tracking and analysis, as well as notarizing and translating forms and documents. The litigation appraisers handle all the arbitrations and coordinate valuation efforts for use in SOAH hearings, mediations and settlement conferences involving real property.

## Administration and Appeals Goals

| Dept. | Goals | Output Measure | Efficiency Measure |
| :---: | :---: | :---: | :---: |
|  | Integrate screening tests into recruiting website (HR) | Screen applicants for predefined skils during resume submission process. | Reduce interactions with unqualifed applicants. Expedite process from initial resume submission to offer. |
|  | Facilitate onboarding with pre-employment interactive online processing (HR) | Improved onboarding experience. | Reduction in the redundancy that accompanies comletion of individual forms. |
|  | Multi-year project converting personnel files older than 4 years to digital format and purge/destroy documents that have met retention (HR) | Reduce document storage. Improved record retrieval. | Reduced storage footprint. Imrpoved preservaitonof paper records prone to disintegration. |
|  | Continue to enhance taxpayer understanding of the Property Tax System and educate the public about Truth in Taxation issues and the Appraisal District roll in the Property Tax System (Admin. Department) | Conduct 20+ town hall meetings with Neighborhood Associations throughout Travis County | Reduce number of protests and be more efficient with taxpayers when they are in the building |
|  | Prepare and administer the District's annual operating budget by maximizing the accuracy <br> of budgeted revenue and expenditure estimates, and effectively meeting the short and long-term needs of the District (Finance) | Prepare the District's preliminary budget and mail to the taxing jurisdictions by June 1st. <br> Minimal changes from preliminary to adopted budget. <br> Adoption of the 2019 budget by the statutory deadline of September 15, 2018. <br> Number of budget variance reports with a variance of less than 10\% <br> Department budget variance percentage of less than 5\% | Award by GFOA for Distinguished Budget Presentation |
|  | Manage the annual financial audit and prepare the Comprehensive annual financial report in which the report is user friendly and understandable to the taxpayers and jurisdictions of Travis County (Finance) | Prepare the Comprehensive Annual Financial Report (CAFR) and present to the Board of <br> Directors prior to June $15^{\text {th }}$. <br> Prepare a PAFR (Popular Annual Financial Report) that meets the GFOA requirements Number and type of financial information available on the TCAD website | Award by GFOA for Excellence in Financial Reporting <br> Award for Popular Annual Financial Report (PAFR) by GFOA <br> Increase the number of purchasing documents on the District's website. |
|  | Effectively implement a new CAMA software system with ample testing and minimal disruption to the staff and taxing entities <br> (Operations) | Successful implementation of the CAMA system | Basic ability of TCAD staff to use and navigate the True Prodigy system. Intuitive structure of options and elements within the system. |
|  | Successfully implement pilot project which involves the appeals department processing lawsuits before referring suits to outside counsel to reduce litigation costs (Appeals) | Implementation of pilot project without significant issues such as inability to timely meet legal deadlines while maintaining the average reduction in appraised values resulting from litigation | Reduces litigation costs for handling lawsuits by TCAD |
|  | Hire and train additional support staff to help decrease the number of outsanding lawsuits currently in litigation (Appeals) | The number of overall existing lawsuits | Overall existing number of lawsuits should decrease despite the reception of new lawsuits |
|  | Move into new building and establlish sufficient workspace to facilitate current and future goals for appeals department (Appeals) | Appeals staff establishes work space | Appeals staff establishes work space in new builidng without degradation to appeal's operations |
|  | Work with CAMA provider to develop future litigation tools to be used by appeals department (Appeals) | At least a 70 percent created platform for use by the appeals department for handling lawsuits | 70 percent solution should allow appeals department to use platform when handling the lawsuits |

## Administration and Appeals Accomplishments

1 Awarded the GFOA Distinguished Budget Preparation Award
2 Awarded the Certificate of Achievement for Excellence in Financial Reporting from the GFOA
3 Obta ined GFOA's award from Popular Annual Financial Report (PAFR)
4 Implemented Public Information Act (PIA) software to enhance TCAD's effic iency and accuracy processing PIA requests
5 Successfully moved all operations of TCAD to new office location
6 Modified health plan to minimize increase in cost while mainta ining benefits
7 Transitions $95 \%$ of all staff members to a remote working environment while maintaining operations during COVID-19 pandemic
8 Successfully integrated new outside counsel firms to handle Chapter 42 appeals for TCAD
9 Revised litigation processes to facilitate future pilot project that will enable TCAD to process la wsuits in-house

## Mission Statement

The mission of the Information Technology department is to provide, develop, and mainta in a highly effective, reliable, secure and innovative technology infrastructure which supports all facets of the district staff, division directors, Board of Directors, taxing jurisdictions of Travis County, and all taxpayers of Travis County in the most cost effective manner.

## Key Responsibilities

The Information Technology department's function is to manage the activities of the information technology environment including the network, security, database, and CAMA software administration. This department is highly technical in all areas for troubleshooting, evaluating, and recommending changes to current and future network requirements to meet the District's needs. The IT department works closely with management and the District's software vendor to help design and implement new software features and programming changes, including changes required by legisla tive mandate. This department coordinates supplement processing with entities and district staff, works with various departments of the taxing units to electronic ally exchange information and provide data/information for all taxing units as requested. The IT department also processes record requests requiring computer generated information.

## Key Tasks \& Deadlines

## Information Technology Goals

| Dept. | Goals | Output Measure | Efficiency Measure |
| :---: | :---: | :---: | :---: |
|  | Develop body of reports and smart lists in the True Prodigy system | 20-50 smart lists completed | Facilitate data retrieval for appraisers and managers. Replicate reports that are proven to be useful to managers and staff |
|  | Assume in-house expertise on True Prodigy system, administer system appropriately | Successful administration of True Prodigy system | Basic ability of TCAD staff to use and navigate the True Prodigy system. Intuitive structure of options and elements within the system. |
|  | Update and improve informal offers applications | Successful test run of entire informal application suite | Better user experience and more consistent uptime of applications. Integrate applications into True Prodigy data structure. |
|  | Upgrade operating system on servers. Upgrade SQL Server on database servers. | Successful implementation of upgrades | Easier management of servers. More reliable server operation. |
|  | Replace VM Hosts and expand server storage | Successful deployment of equipment and additonal storage capacity to the network | Additional processing power and increased flexibility minimizing downtime. |

## Information Technology Ac complishments

1 Updated ARB applications to be more responsive and stable
2 Created digital decision sheets for ARB
3 Created evidence display application for remote ARB hearings
4 Created applications to assist with informal offer responses
5 Updated data request process/procedures
6 Implemented Amazon Web Servicesfor backup retention a nd storage
7 Implemented Veeam Enterprise backup solution

## Mission Statement

The mission of the Customer Service department is to provide assistance to the public in a professional and courteous manner in addition to ensuring that exemptions are fairly and consistently granted.

## Key Responsibilities

The Customer Service department is responsible forrepresenting the District in frequent contact with the public. This department assists property owners, property tax professionals, attomeys a nd the general public with any request. The customerservice department administers homestead, disable veteran and over-65 exemptions, as well as answering general questions received primarily from walk-in and telephone inquiries. This department is responsible for ensuring that exemptions are fairly and consistently granted per the Texas Property Tax Code.

## Key Tasks \& Deadlines

|  | Audit Exemptions | 15/hr. Obit report <br> 11/hr. Different Mail Address (DMA) <br> report <br> 8/hr. Rental report <br> Field check absolute exemptions | Error rate below 1.5\% to meet standards |

## Customer Service Accomplishments

1 Launched a more efficient and user-friendly exemption portal
2 Processed 34,000 exemption applications
3 Assisted 105,000 taxpayers via phone, in-person, chat and e-mail
4 Completed homestead exemption audits included rental reports and 2019 obituary report
5 Updated 2,300 mailing address changes

## Mission Statement

The mission of the Commercial Appraisal department of the Travis Central Appraisal District is to provide accurate appraisals of all commercial properties in Travis County at one hundred percent of market value, equally and uniformly, in a professional and ethical manner, according to the Texas Property Tax Code, USPAP, and generally adhered to IAAO standards but for jurisdictional exceptions. The mission of the Business Personal Property Appraisal department is to discover, value and resolve disputes of all business personal property within Travis County following Uniform Standards of Professional Appraisal Practice (USPAP) Standard 6 for mass appraisal; To treat all businesses fairly and uniformly as they relate to others in their industry; To comply with the Texas Comptrollers' guidelines and work in unison with all other departments to convey an accurate and fair representation of market value for the local taxing jurisdictions.

## Key Responsibilities

The Commercial Appraisal department is responsible for appraising all commercial properties within Travis County, including all multi-family properties of five units and larger, retail, office, industrial and lodging properties. This department must gather data pertaining to quality, classification and value of complexcommercial properties. They are responsible for scheduling that allows for the systematic processing of commercial protests in a timely manner that will allow the District to certify timely as well as perform appraisals, data collection, sales analysis and estimates for construction costs for various types of commercial properties. The Business and Personal Property (BPP) Appraisal department is responsible for the fair and equitable appraisal of all business and personal property in Travis County. This department is responsible forvaluing all personal property accounts, inc luding equipment, inventory, fumiture, fixtures and vehic les; they are also responsible foradministering abatements, special inventory and Freeport exemptions. Additionally, they oversee contract appraisals for utilities, transportation and minerals.

## Key Tasks \& Deadlines

| Tasks | Deadline | Key Players |

## Commercial \& Personal Property Appraisal Goals

|  | Dept. | Goals | Output Measure | Efficiency Measure |
| :---: | :---: | :---: | :---: | :---: |
|  |  | Create DCF Model for valuation of Hotel/Motel properties. | Accurate and supportable appraisals. | Sale ratio and protests reductions. |
|  |  | Fill open BPP positions. | Additional staff. | Maintain accurate and equitable values while managing the increased volumn of ARB hearings, arbitrations, litigation and field work. |
|  |  | Complete all Commercial protests by August 31. | Number of remaining active Commercial protests after August 31. | Earlier completion date will allow appraisal staff to work on other appraisal related tasks. |
|  |  | Work with the litigation department to effeciently settle the large number of prior year open lawsuits. | How many prior year lawsuits are active at the end of March. | Working to settle prior year litigation will allow for the taxing units to lower their exposure to refunds and interest payments to property owners that litigate. It also reduces the number of "multiple year" lawsuits |
|  |  | Train new commercial staff in all facets of the appraisal cycle and cross train in multiple portfolios. | Number of appraisers qualified to perform cross-portfolio functions. | Reduces the organizational exposure if some personall leave the district by having qualified employees ready to take on additional work responsibilities Minimal shuffling in Commercial ARB pannels. |
|  |  | Continue to enhance maps to identify trends, property comps, protested proeprties, etc. | Refine Ezra maps or utilize existing online sources that allow for property level analysis. | This will allow staff and managers the ability to visually analyze and compare different market segments resulting in more accurate valuations. |
|  |  | Work in cooperation with True Prodigy to develop a more user friend and functional CAMA system. | Attend meetings as necessary with True Prodigy. | A new CAMA system utilizing the newest technology and enhanced data visualization. This will help appraisers in tracking, analyzing and visualizing property data. |

## Commercial \& Personal Property Appraisal Accomplishments

1 Published the industry leading Commercial Evidence book for the fifth year in a row. Multiple other districts have requested a copy of the TCAD Commercial Evidence Book with the goal of producing one of their own.
2 The Commercial \& BPP team successfully completed thousa nds of formal hearings while working remotely. Commercial settlements helped the District certify despite challenging circumstances.
3 Successfully implemented new informal meeting procedures which allowed staff to settle over $\$ 55$ billion in commercial value.
4 Filled open commercial positions with high quality candidates who contributed to the overall success of the department.
5 Created and maintained lease and sale database across all portfolios which proved beneficial for the production and defense of market values.
6 Streamlined the creation of commercial arbitration evidence allowing staff to complete 177 arbitrations.
7 Settled 2,006 la wsuits totaling more than $\$ 42$ billion in value with an average value reduction of $8.2 \%$

## Mission Statement

The mission of the Residential Appraisal department of the Travis Central Appraisal District is to incomorate best practicesto provide accurate appraisals of all residential properties in Tra vis County at market value, equally and uniformly in a professional and ethical manner within the framework of the Texas Property Tax Code and USPAP, subject to jurisdictional exceptions, and within the guidelines and standards of IAAO. The residential department is also responsible for the appraisals of all taxable land parcels and determining if the property is qualified for open space valuation in Travis County.

## Key Responsibilities

The Residential Appraisal department is responsible forthe fairand equitable a ppraisal of all residential property in Travis County, including houses, mobile homes, duplexes, triplexes, fourplexes and residential condominiums. This department is responsible for applying the generally accepted appraisal methods to estimate the value of all residential property in Travis County and producing an accurate residential appraisal roll. This department is a lso responsible for the sc heduling that a llows for the systematic processing of residential protests in a timely manner that will a llow the District to certify timely. This department values all land, builder's inventory and places productivity (usually call Ag ) values on properties.

## Key Tasks and Deadlines

| Tasks | Deadline | Key Players |
| :---: | :---: | :---: |
| Field work Inspections | February 1 | Resid ential Appraisers |
| Agric ultural Applic ations | February 1 | Land-Residential Manager, Ag Administrator |
| Sales Verific ation | March 1 | Resid ential A ppraisers |

| Arbitrations | Year Round | Residential Spec ia list, Director, Managers, Team Leads |

Residential Appraisal Goals

| Dept. | Goals | Output Measure | Efficiency Measure |
| :---: | :---: | :---: | :---: |
|  | Continue True Prodity collaboration; test CAMA software upgrades. | Monitor and follow-up on all residential Zendesk tickets submitted by appraisers and management. | Ensure True Prodigy is receptive in development and meeting the department's needs. |
|  | Expand on card-by-card appraisal to parcels without images and not field checked within the last three years. <br> Appraisal areas to be <br> reviewed $A, C, D, E, F$, and $Y$ | Progress will be monitored through the PACS Mobile QC module, PACS permit tracking and current "No Image" spreadsheet. | A valuation model with current data provides a more accurate, fair and equitable appraisal roll. |
|  | Utilize different resources to capture new construction and missing improvements. | Properties to be identified in PACS using online public sources such at ConnectExplorer, Property Profile, city/county permit database, and Metrostudy. | Minimize the number of missed improvements and permits. |
|  | Research, collect, and update property characteristic such as bed and bath count. | Properties to be identified in PACS using queries; target goal is thirty three percent of county. | The analysis of contributory values provides a more accurate appraisal roll. |
|  | Condominium segmentation to include naming schema; contributory value of land and amenities | Project (approx. 18\% of appraisal roll) measured with Condo Master spreadsheet. | Consolidate condominium neighborhoods for more accurate values to include implementing a simple naming chart. |

## Residential Appraisal Accomplishments

1 Completed aerial review of C1 (vacant lot) parcels in the county to capture missing improvements
2 Transitioned entire resid ential staff to working remote in less tha n one week after "Shelter in Place" order
3 Implementation of QLess, Sonexis, a nd ARB Evidence applications, allowing all parties to partic ipate in informal and formal hearings remotely
4 With the exception of new hires, all a ppraisers conducted arbitration hearings
5 Enhanced evidence packets to include maps for all appraisal areas with statistical data
6 In the absence of sales, a pproximately 20,000 deed changes were thoroughly reviewed with characteristic changes when applicable using online public resources

## Appraisal Review Board (ARB) <br> Independent Review Body Appointed by District Administration Judge

 (Not a TCAD Department)
## Appraisal Review Board (ARB)

When the TexasLegislature enacted the TexasProperty Tax Code, they realized the need to have an administrative remedy, outside of district court, forproperty ownersto addressconcems relating to the appraisal district's determination of market values. The answer was the establishment of Appraisal Review Boards (ARB). The ARB is an independent, impartial group of citizens authorized to resolve disputes between taxpayers and the appraisal district.

ARB members are appointed by the Local Administrative District Judge fortwo- yeartems. At the end of theirterm, and ARB membermay reapply for a notherperiod of two years for a total of three consecutive two-yearterms. To qualify for service on the ARB, an individual must be a resident of Travis County for at least two years before taking office. No employees or offices of the appraisal district or any taxing unit within Tra vis County, past or present, may sit on the ARB. The individuals cannot be closely related to any taxagent ortaxappraiser within the appraisal district boundaries.

For cost sa vings purposes, the ARB meets at the appra isal district office; however, it is not controller by the appraisal district and is a separate authoritative body. The ARB has not role in the day-today operations of the appraisal office or in appraising property. The ARB only has authority over protests submitted to it. Only in resolving taxpayer protests can the ARB make changes or set a value on its own. Such a change only affects the property in question and decisions are binding only for the year in question.

## CITY BOUNDARIES

Property taxes are local taxes that are assessed locally, collected locally, and used locally. You pay your property taxes to the local tax collector. The tax collector distributes the funds to schools, cities and other local governments. Local governments spend the funds on schools, roads, hospitals, police departments, fire departments and other programs.

In Travis County, property taxes support 132 local government agencies including 21 cities, 17 emergency districts, the county, the hospital district, the junior college, 58 municipal utility districts, 1 road districts, 15 school districts, and 17 water control improvement districts. For 2020 the projected tax levy for all taxing units in Travis County is $\$ 5,115,511,851$.

## Exemptions

The general homestead exemption is for owner-occupied residential properties. The exemption removes a portion of your value from taxation, providing a lower tax amount for the homestead property.

If you qualify for the Over 65 exemption, there is a property tax "ceiling" that automatically limits school taxes to the amount you paid in the year that you first qualified for the exemption.

100\% Disabled veterans are eligible for 100\% exemptions for their residence homestead. Documentation from the Department of Veterans Affairs must be submitted indicating 100 percent disability compensation due to a service connected disability AND a rating of 100 percent disabled or a determination of individual unemployability from the VA.

Non-profit organizations that are eligible for property tax exemptions include, but are not limited to, certain charitable organizations, youth development organizations, religious organizations, non-profit private schools, charitable hospitals, cemeteries, and veterans' organizations.

Property owners with mineral property or business personal property worth less than $\$ 500$ are exempt from property taxes. No exemption application is required.

Taxpayers have the right to appeal their property's valuation. The Appraisal Review Board considers all evidence presented by the property owner and the Appraisal District Office at formal hearings. They then rule on the value of the property in question.

Distribution of 2020
Appeals By Number of Appeals Filed

Taxpayers that file an appeal are first given an opportunity to meet informally with an appraiser. If the property owner is unable to reach a value agreement with the appraiser, they are then able to carry their protest to the Appraisal Review Board for a formal hearing.

Taxpayers dissatisfied with the Appraisal Review Board formal hearing determination may appeal the decision arbitration, State Office of Administrative Hearings, or District Court.

## 10 Year History of Property Lawsuits

## Comptroller PTAD Studies

Annually, the Comptroller's Property Tax Assistance Division performs either a Property Value Study (PVS) or Methods and Assistance Program (MAP) review of each appraisal district.

The purpose of the PVS is to determine the median level of appraisal for the appraisal district and determine the taxable value for each ISD for school funding purposes. Travis CAD received its most recent PVS review in 2020. The final results of the 2020 PVS were not available at the time of this report. The 2018 PVS results are provided.

## 2019 METHODS AND ASSISTANCE PROGRAM REVIEW

Travis CAD received its most recent MAP review in 2019. The review is designed to determine whether appraisal districts are meeting minimum requirements for appraisal duties and reviews specifically for governance, taxpayer assistance, operating procedures, and appraisal standards and methodology. Travis CAD passed all mandatory requirements and received exceeds rating in all areas of review.

## 2019 Methods and Assistance Program Review

Glenn Hegar<br>Texas Comptroller of Public Accounts<br>2018-19 Final Methods and Assistance Program<br>Review<br>Travis Central Appraisal District

This review is conducted in accordance with Tax Code Section 5.102(a) and related Comptroller Rule 9.301. The Comptroller is required by statute to review appraisal district governance, taxpayer assistance, operating procedures and appraisal standards.

| Mandatory Requirements | PASS/FAIL |
| :--- | :--- |
| Does the appraisal district have up-to-date appraisal <br> maps? | PASS |
| Is the implementation of the appraisal district's most <br> recent reappraisal plan current? | PASS |
| Are the appraisal district's appraisal records up-to- <br> date and is the appraisal district following established <br> procedures and practices in the valuation of property? | PASS |
| Are values reproducible using the appraisal district's <br> written procedures and appraisal records? | PASS |

| Appraisal District Activities | RATING |
| :--- | :--- |
| Governance | Meets All |
| Taxpayer Assistance | Meets All |
| Operating Procedures | Meets All |
| Appraisal Standards, Procedures and Methodology | Meets |

Appraisal District Ratings:
Meets All - The total point score is 100
Meets - The total point score ranges from 90 to less than 100
Needs Some Improvement - The total point score ranges from 85 to less than 90
Needs Significant Improvement - The total point score ranges from 75 to less than 85
Unsatisfactory - The total point score is less than 75

| Review Areas | Total Questions <br> in Review Area <br> (excluding N/A <br> Questions) | Total <br> "Yes" <br> Points | Total Score (Total <br> "Yes" <br> Questions/Total <br> Questions) $\leq 100$ |

## CAD Comparison

A useful statistic is comparing the CAD budget to the total taxes levied by the taxing entities. It reflects how much it costs to generate a dollar of property tax revenue which, in turn, indicates appraisal and operating efficiencies.

| CAD | 2019 Tax Levy |  | 2020 Budget |  | \% of Levy |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Dallas CAD | $\$$ | $7,371,062,620$ | $\$$ | $29,369,242$ | $0.40 \%$ |
| Travis CAD | $\$$ | $4,673,345,975$ | $\$$ | $20,193,893$ | $0.43 \%$ |
| Tarrant CAD | $\$$ | $5,275,381,223$ | $\$$ | $25,828,993$ | $0.49 \%$ |
| Harris CAD | $\$$ | $11,948,766,001$ | $\$$ | $90,728,307$ | $0.76 \%$ |
| El Paso CAD | $\$$ | $1,305,558,884$ | $\$$ | $16,032,787$ | $1.23 \%$ |
| Bexar CAD | $\$$ | $373,489,611$ | $\$$ | $18,948,050$ | $5.07 \%$ |

| Top 10 CAD by 2019 Value | Market Value (Billions) |  | \% of Total |
| :---: | :---: | :---: | :---: |
| Harris CAD | \$ | 627.1 | 16.87\% |
| Dallas CAD | \$ | 350.6 | 9.43\% |
| Travis CAD | \$ | 268.6 | 7.22\% |
| Tarrant CAD | \$ | 255.1 | 6.86\% |
| Bexar CAD | \$ | 197.6 | 5.32\% |
| Collin CAD | \$ | 181.1 | 4.87\% |
| Denton CAD | \$ | 126.0 | 3.39\% |
| Fort Bend CAD | \$ | 94.9 | 2.55\% |
| Williamson CAD | \$ | 82.9 | 2.23\% |
| Montgomery CAD | \$ | 75.6 | 2.03\% |
| State Total | \$ | 3,717.8 |  |

M, W, F - 7:45am-4:45pm
Tu, Th $-9: 00 \mathrm{am}-4: 45 \mathrm{pm}$

## Directions

## From North Austin

From north Austin go south on IH 35. Take the 183/Saint Johns Ave exit which will be exit number 240A-239. Turn left at the light onto highway 183 South staying on the frontage road. Make a $U$ turn at the first available intersection onto East Anderson Lane. Our office at 850 East Anderson Lane will be on the right. If you reach the intersection of IH-35 and US-183, you have gone too far.

## From South Austin

From south Austin go north on IH 35. Take the 183/Saint John's Ave exit which will be exit number 240A - 239. Turn right on Hwy 183 staying on the frontage road. Make a U turn at the first available intersection onto East Anderson Lane. Our office at 850 East Anderson Lane will be on the right. If you reach the intersection of IH-35 and US-183, you have gone too far.

## From East Austin

From east Austin, head west on Hwy 183 and take the I-35/Lamar Blvd/TX-275 Loop exit. Our office at 850 East Anderson Lane will be on the right. If you reach the intersection of $\mathrm{IH}-35$ and US183, you have gone too far.

## From West Austin

From west Austin, head east on Hwy 183 and take the US 290/Cameron Road exit. Make a U-turn onto East Anderson Lane. Our office at 850 East Anderson Lane will be on the right. If you reach the intersection of $\mathrm{IH}-35$ and US-183, you have gone too far.

Appendix

## Sec tion 6.06 Property TAx Code, Appraisal DistrictBudgetand Financing

(a) Each yearthe Chief Appraiser shall prepare a proposed budget for the operations of the district for the following tax year and shall submit copies to each of the taxing units partic ipating in the district and to the district board of directors before J une $15^{\text {th }}$. He shall include in the budget a list showing each proposed position, the proposed salary for the position, all benefits proposed for the position, each proposed capital expenditure, and an estimate of the amount of the budget that will be allocated to each taxing unit. Each taxing unit entitled to vote on the appointment of board members shall mainta in a copy of the proposed budget for public inspection at its principal administrative office.
(b) The board of directors shall hold a public hearing to consider the budget. The secretary of the board shall deliver to the presiding officer of the goveming body of each taxing unit partic ipating in the district not later than the $10^{\text {th }}$ day before the hearing. The board shall complete its hearings, make any a mendments to the proposed budget it desires, and fina lly approve a budget before September 15. If goveming bodies of a majonty of the taxing units entitled to vote on the a ppointment of board members adopt resolutions disapproving a budget and file them with the secretary of the board within 30 days after its adoption, the budget does not take effect, and the board shall adopt a new budget within 30 days of the disapproval.
(c) The board may amend the approved budget at any time, but the secretary of the board must deliver a written copy of the proposed amendment to the presiding officer of the goveming body of each taxing unit participating in the district not later than the $30^{\text {th }}$ day before the date the board acts on it.
(d) Each taxing unit participating in the district is allocated a portion of the amount of the budget equal to the proportion that the total dollar a mount of property taxes imposed in the district by the unit for the tax year in which the budget proposal is prepared bears to the sum of the total dollar a mount of property taxes imposed in the district by each partic ipating unit for that year. If a taxing unit partic ipates in two or more districts, only the taxes imposed in a district are used to calculate the unit's cost allocations in the district. If the number of real property parcels in the district and the taxing unit imposes in excess of 25 percent of the total a mount of the property taxes imposed in the district by all of the partic ipating taxing units for a year, the unit's allocation may not exceed a percentage of the appraisal district's budget equal to three times the unit's percentage of the total number of real property parcels appraised by the district.
(e) Unless the goveming body of a unit and the chief appraiser agree to a different method of payment, each taxing unit shall pay its allocation in four equal payments to be made at the end of each calendar quarter, and the first payment shall be made before January 1 of the year in which the budget takeseffect. A payment is delinquent if not paid on the date it is due. A delinquent payment incurs a penalty of 5 percent of the amount of the payment
and accrues interest at an annual rate of 10 percent. If the budget is amended, any change in the a mount of a unit's allocation is apportioned among the payments remaining.
(f) Payments shall be made to a depository designed by the district board of directors. The district's funds may be disbursed only by a written check, draft, or order signed by the chairman and secretary of the board or, if authorized by resolution of the board, by the chief a ppraiser.
( g ) If a ta xing unit decides not to impose taxes for any tax year, the unit is not liable for any of the costs of operating the district in that year, and those costs are allocated among the other taxing units as if that unit had not imposed taxes in the year used to calculate allocation. However, if that unit has made any payments, it is not entitled to a refund.
(h) If a newly formed taxing unit or a taxing unit that did not impose taxes in the preceding year imposes taxes in any tax year, that unit is allocated a portion of the amount budgeted to operate the district as if it had imposed taxes in the preceding year, except that the a mount of taxes the unit imposes in the current year is used to calculate its allocation. Before the amount of taxes to be imposed for the current year is known, the allocation may be based on an estimate to which the district board of directors and the goveming body of the unit agree, and the payments made after that a mount is know shall be adjusted to reflect the a mount imposed. The payments of a newly formed taxing unit that has no source of funds are postponed until the unit has received adequate tax or other revenues.
(i) The fiscal year of an appraisal district is the calendar year unless the goveming bodies of three-fourths of the taxing units entitled to vote on the appointment of board members adopt resolutions proposing a different fiscal year and file them with the secretary of the board not more than 12 and not less than eight months before the first day of the fiscal year proposed by the resolutions. If the fiscal year of an appraisal district is changed under this subsection, the chief appraiser shall prepare a proposed budget for the fiscal year as provided by Subsection (a) of this section before the $15^{\text {th }}$ day of the seventh month preceding the first day of the fiscal year established by the change, and the board of directors shall adopt a budget for the fiscal year as provided by Subsection (b) of this section before the $15^{\text {th }}$ day of the fourth month preceding the first day of the fiscal year established by the change. Unless the appraisal district adopts a different method of allocation under Section 6.061 of this code, the allocation of the budget to each taxing unit shall be calculated as provided by Subsection (d) of this section using the a mount of property taxes imposed by each participating taxing unit in the most recent tax year preceding the fiscal year established by the change for which the necessary information is available. Each taxing unit shall pay its allocation as provided by Subsection (e) of the section, except that the first payment shall be made before the first day of the fiscal year established by the change and subsequent payments shall be made quarterly. In the year in which a change in the fiscal year occurs, the budget that takes effect on January 1 of that year may be
amended as necessary as provided by Subsection (c) of this section in order to a ccomplish the change in fiscal years.
(j) If the total amount of the payments made or due to be made by the taxing units participating in an appraisal district exceeds the amount actually spent or obligated to be spent during the fiscal year for which the payments were made, the chief appraiser shall credit the excess amount against each taxing unit's allocation payments for the following year in proportion to the amount of each unit's budget allocation for the fiscal year for which the payments were made. If a taxing unit that paid its allocated amount is not allocated a portion of the district's budget for the following fiscal year, the chief appraiser shall refund to the taxing unit its proportionate share of the excess funds not later than the $150^{\text {th }}$ day after the end of the fiscal year for which the payments were made.

## Section 6.062 Properiy Tax Code, Pubuc ation of Budget

(a) Not later than the $10^{\text {th }}$ day before the date of the public hearing at which the board of directors considers the appraisal district budget, the chief appraiser shall give notice of the public hearing by publishing the notice in a newspaper having general circulation in the county for which the appraisal district is established. The notice may not be smaller than one-quarter page of a standard-size or tabloid-size newspaper and may not be published in the part of the paper in which legal notices and classified advertisements appear.
(b) The notice must set out the time, date, a nd place of the public hearing a nd must set out a summary of the proposed budget. The summary must set out as separate items:
(1) The total a mount of the proposed budget;
(2) The a mount of inc reases proposed from the budget adopted for the current year; and
(3) The number of employees to be compensated under the curent budget and the number of employeesto be compensated underthe proposed budget.
(c) The notice must state that the appraisal district is supported solely by payments form the local taxing units served by the appraisal district. The notice must also conta in the following statement: "If approved by the appraisal district board of directors at the public hearing, this proposed budget will take effect automatic ally unless disa pproved by the goveming bodies of the county, school districts, cities, and towns served by the appraisal district. A copy of the proposed budget is available for public inspection in the office of each of those goveming bodies."
(a) The board of directors of an appraisal district may purchase or lease real property and may construct improvements as necessary to establish and operate the appraisal office or a branch appraisal office.
(b) The acquisition or conveyance of real property or the construction or renovation of a build ing or other improvement by an appraisal district must be approved by the goveming bodies of three-fourths of the taxing units entitled to vote on the appointment of board members. The board of directors by resolution may propose a property transaction or other action for which this subsection requires approval of the taxing units. The chief appraiser shall notify the presiding officer of each goveming body entitled to vote on the approval of the proposal by delivering a copy of the board's resolution, together with information showing the costs of other available altematives to the proposal. On or before the 30th day after the date the presiding officer receives notice of the proposal, the goveming body of a taxing unit by resolution may approve or disapprove the proposal. If a goveming body fails to act on or before that 30th day or fails to file its resolution with the chief appraiser on or before the 10th day after that 30th day, the proposal is treated as if it were disapproved by the goveming body.
(c) The board of directors may convey real property owned by the district, and the proceeds shall be credited to each taxing unit that partic ipates in the district in proportion to the unit's allocation of the appraisal district budget in the year in which the transaction occurs. A conveyance must be approved as provided by Subsection (b) of this section, and any proceeds shall be apportioned by an amendment to the annual budget made as provided by Subsection (c) of Section $\underline{6.06}$ of this code.
(d) An acquisition of real property by an appraisal district before J anuary 1, 1988, may be validated before March 1, 1988, in the manner provided by Subsection (b) of this section for the acquisition of real property.

Glossary

## Glossary

Accrual Basis of Accounting- Method of accounting that recognizes the financial effect or transactions, events, and interfund activity when they occur, regardless of the timing of related cash flows.

Ad Valorem- According to value
Ad Valorem Taxation- A tax levied in proportion to the value of the ting(s) being taxed. Exclusive of exemptions, use-value assessment provisions, and the like, the property tax is an ad valorem tax.

Ad-hoc Reports- A report generated dynamically at the information consumer's request. These reports are created due to unplanned information requests in which information is gathered to support a non-routine decision.

Appropriation- a sum of money or total of assets devoted to a special purpose.
Arbitration- the use of an unbiased third-party a rbitrator to settle a dispute.

ArcGIS- A geographic information system (GIS) by ESRI for working with maps and geographic information. It is used for: creating and using maps; compiling geographic data; a na lyzing mapped information; sharing and discovering geographic information; using maps and geographic information in a range of applications; and managing geographic information in a database.

Assigned Fund Balance- The portion of the net position of a govemment fund that represents resources set aside ("ea rmarked") by the govemment for a partic ular purpose.

Balanced Budget Policy- The District's policy that requires the total sum of money a govemment will collect in a fiscal year equal the a mount it spends on goods, services, and capital expend itures.

Basic Financial Statements- Minimum combination of financial statements and not disc losure required for fair presentation in conformity with Generally Accepted Accounting Principles (GAAP).

Basis of Accounting- Timing of recognition for fina ncial reporting purposes (when the effects of transaction or events should be recognized in fina ncial statements)

Basis of Budgeting- Method used to detemine when revenues and expenditures are

Budget Amendment- A proposal to change the dollar amount of an activity or project or to add an activity of project after the budget has already been adopted. A budget amendment changes the final dollar a mount of the budget, requiring the jurisdictions to contribute more money to the District.

Bonded Indebtedness- govemment debt c reated from issuing bonds.

CAMA System- Computer Assisted Mass Appraisal (CAMA) software that is used by appraisal distric ts to a ppra ise properties within their jurisd ic tions.

Capital Asset Land, improvement to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Capital Equipment- Equipment that you use to manufacture a product, provide a service or use to sell, store and deliver merchandise. Such equipment will not be sold in the nomal course of business, but will be used and wom out or consumed in the nomal course of business.

Capital Equipment Policy (Capitalization Threshold) - Dollar value at which a govemment elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Generally, capitalization thresholds are applied to individual items rather than groups of items unless the result would be to exclude items that in the aggregate would clearly be material to the financial statements.

Capital Expenditure- Funds used by a company to acquire or upgrade physical a ssets such as property, building, or equipment. This type of outlay is made by companies to mainta in or increase the scope of their operations and falls within their capitalization threshold. These expenditurescan include everything from repaining a roof to building a brand new build ing.

Cash Management Controls- Controls which promote positive cash management. Cash management is the financial management technique used by treasurers to accelerate the collection of receivables, control payments to vendors/creditors, and efficiently manage cash.

Centralized Purchasing Concept a purchasing system in which all departments of a company can make purchases through a common purchasing department. Centralized purchasing aids in finding the best deals with local vendors for the department, avoids duplicity of orders, and promotes benefits arising from the high volume bulk discounts, lower transportation and inventory management costs, organized transactions, and improved vendor relationships.

Certification of Achievement for Excellence in Financial Reporting- Program sponsored by the GFOA to encourage and assist state and local govemments to prepare high-quality CAFRs. The program has been in continuous operation since 1946. The program originally was known as the certific ate of Conformance Program.

Committed Fund Balance- The portion of the net position of a govemmental fund that represents resources whose use is subject to a legally binding constraint that is imposed by the govemment itself at its highest level of decision-making authority and that remains legally binding unless removed in the same manner.

Comprehensive Annual Financial Report (CARR) - Financial report that contains, at a minimum, three sections: 1) introductory, 2) financial, and 3) statistical, and whose financial sections provide information on each individual fund and component unit.

Contra Revenue Account- A revenue account that is expected to carry a debit balance instead of the usual credit balance. A contra revenue account reduces the amounts reported in a company's revenue accounts.

Curent Financial Resources Measurement Foc us- Measurement focus where the aim of a set of financial statements is to report the near-term (curent) inflows, outflows, and balances of expendable financial resources. The curent financial resources measurement focus is unique to accounting and financial reporting for state and local govemments and is used solely for reporting the financial position and results of operations of govemmental funds.

Debt Senvice- The cash that is required for a particular time period to cover the repayment of interest and principal on a debt.

Deposition- A verbal or written testimony of a party or witness in a civil or criminal proceeding taken before trial, usually in an attomey's office.

Depreciate- A reduction in the value of an asset with the passage of time, due in partic ular to wearand tear.

Discovery- A category of procedural devices employed by a party to a civil or criminal action, prior to trial, to require the adverse party to disclose information that is essential for the preparation of the requesting party's case and that the other party alone knows or possesses.

Economic Development Abatement A tax abatement is a local agreement between a taxpayer and a taxing unit that exempts all or part of the increase in value of the real
counties and special districts to attract new industries and to encourage the retention and development of existing businesses through property tax exemptions or reductions.

Economic Resources Measurement Focus- Measurement focus where the aim of a set of financial sta tements is to report all inflows, outflows, a nd balances affecting or reflecting an entity's net position. The economic resources measurement foc us is used for proprietary and trust funds, as well as for govemment-wide financial reporting. It also is used by business enterprise and nonprofit organizations in the private sector.

Elected Contribution Rate- The board of directors may take a vote to increase the percentage of gross payroll paid to the Texas Counties and District Retirement System (TCDRS) above that of the required rate.

EmployerContributions- A term used in the context of pension benefits and OPEB to describe actual payments made by the employer as compared to the employer's annual required contribution. Only a mounts paid to trustees a nd outside parties qualify as contributions.

Exemption- The District grants exemptions to certain organizations, persons, or property that may provide complete relief from tax, tax at a reduced rate or tax on only a portion of the items subject to tax. Examples include the homestead exemption and the over 65 exemption.

Expenditure- Under the current financial resources measurement focus, decreases in net financial resources not properly classified as other financing uses.

Formal Hearing- When a taxpayer protests their property value, a formal hearing before the Appraisal Review Board (ARB) is the final step before the appeals process. The formal hearing is conducted with a panel of three ARB members (unless special circumstances exist).

Fund- Fiscal and accounting entity with a self-balancing set of accounts recording cash and other fina ncial resources, together with all related lia bilities and residual equities or balances, and changestherein, that are segregated for the purpose of camying on specific activities or atta ining certa in objectives in accordance with special regulations, restrictions, or limita tions.

Fund Balance- Net position of a govemmental fund (difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources).

Fund Financial Statements- Basic financial statements presented for funds, in contrast to govemment-wide financial statements.

General Fund- Main operating account for a nonprofit entity, such as a govemment or govemment agency.

Govemmental Fund- a broad category of funds used by state and local govemments. Govemmental funds include the general fund, special revenue funds, capital projects funds, debt service funds and perma nent funds.

Govemmental Financial Reporting Model- Minimum combination of financial statements, notes, and required supplementary information prescribed for state and local govemments by the GASB.

Govemment-wide Financial Statements- Financial statements that incorporate all of a govemment's govemmental and businesstype activities, as well as its nonfiduciary component units. There are two basic govemment-wide financial statements: the statement of net position a nd the statement of activities.

Homestead- A building occupied by the owner of the freehold and his or her fa mily, with the primary intention of making it their home, together with the parcel of land on which it stands and the other improvements attached to it.

Improvement- Building, other structures, and attachments or annexations to land that are intended to remain so attached or annexed, such as sidewalks, trees, drives, tunnels, dra ins, and sewers.

Intemal Control Framework- Integrated set of policies and procedures designed to assist management to achieve its goals and objectives. To be truly comprehensive, a govemment's intemal control framework must 1) provide a favorable control environment, 2) provide for the continuing assessment of risk, 3) provide for the design, implementation, and maintenance of effective control-related policies and procedures, 4) provide for the effective communication of information, and 5) provide for the ongoing monitoring of the effectiveness of control-related policies.

Jurisdiction (Taxing Entity) - The right and power to interpret and apply the law; also, the power to tax and the power to govem. The temitorial range of a uthority of control.

Line Item Transfer- A proposal to change the dollar a mount of an activity or project or to add an activity of project after the budget has already been adopted. A budget line item transfer does not change the final dollar a mount of the budget, and does not require the jurisdictions to contribute more money to the District.

Major Fund- funds whose revenues, expenditures/expenses, assets or liabilities are at least 10 percent of the total of their fund category (govemmental or enterprise) a nd 5 percent of the aggregate of all govemmental and enterprise funds in total.

Mediation- A negotiation to resolve differences that is conducted by some impartial third party.

Modified Accrual Basis of Accounting- Basis of accounting used in conjunction with the current financial resources measurement focus that modifies the accrual basis of accounting in two important ways: 1) revenues are not recognized until they are measurable and a vailable and 2) expenditures are recognized in the period in which govemments in general noma lly liquid ate the related lia bility rather than when that lia bility is first inc urred (if earlier)..

Net Position- The residual of all other financial statement elements presented in a statement of financial position.

Nonspendable Fund Balance- The portion of the net position of a govemmental fund that cannot be spent either because the underlying resources are not in spendable form or because the govemment is legally or contractually required to mainta in the resources intact.

Oblique Photography- A photograph acquired with the camera axis intentionally directed between the horizontal and vertic al orientations.

Open Meetings Act Rules that guarantee access to data held by the state or local govemment. This act establishes a "right-to-know" legal process by which requests may be made for govemment-held information, to be received freely or at minimal cost, baming standard exceptions.

Orthophotography- An aerial photograph in which the displacement of images have been removed and may also form the base map formany GIS programs.

Parcel- A contiguous area of land described in a single legal description or as one of a number of lots on a plat; separately owned, either publicly or privately; and capable of being separately conveyed.

Personal Property- Moveable property; belongings exclusive of land and buildings.
Real Property- Consists of the interests, benefits, a nd rights inherent in the ownership of land plus anything permanently attached to the land or legally defined as immovable; also called "realty".

Rendition- A form that provides information about property that one owns. The appraisal district uses the information the taxpayer provides to appra ise that property for taxation.

Request for Proposal- Referred to as an RFP, is an early state in a procurement process, issuing an invitation for suppliers, often through the bidding process, to submit a proposal on
a specific commodity or service. The RFP process brings structure to the procurement decision and is meant to allow the risks and benefits to be identified clearly upfront.

Request for Qualification- A document distributed by a customer seeking delineation of credentials for suppliers of specific types of services. Also known as an RFQ.

Required Contribution Rate- The amount (typically express as a percentage of the contribution base) that is required to be paid into the pension fund.

Restricted Fund Balance- The portion of the net position of a govemmental fund that represents resources subject to extemally enforc eable constraints.

Retention Policy- A set of guidelines that a company follows to detemine how long it should keep certa in records. The policy is important for many reasons, including legal requirements that apply to some documents.

Shapefile- A popular geospatial vector data format for geographic information systems software. It is developed and regulated by ESRI as a (mostly) open specification for data interoperability a mong ESRI and other software products.

SOAH State Office of Administrative Hearings
Special Purpose Govemment- Govemments that are not general-pupose govemments and have a more limited range of purposes. This often includes townships, park districts, sa nitation district, and appraisal districts.

Statement of Activities- A govemment-wide financial statement that reports the financial activity of the organization by function over a period of time. Also known as the income statement or profit and loss statement in the for-profit word.

Statement of Net Assets- A govemment-wide financial statement that reports the difference between a ssets and liabilities as net assets, not fund balances or equity. Assets are reported in order of liquidity, or how readily they are expected to be converted to cash and whether restrictions limit the govemment's ability to use the resources. Liabilities are reported based on their maturity, or when cash is expected to be used to liquidate them. Net assets are displayed in three components- invested in capital assets, net of related debt; restricted; and unrestricted.

TCAD- Tra vis Central Appra isal District (The District)
TCDRS- Texas C ounties a nd Distric ts Retirement System; TCAD's retirement plan.

Unassigned Fund Balance- The difference between the total fund balance in a govemmental fund and its nonspendable, restricted, committed, and assigned components.
