

2026

FISCAL YEAR 2026 PROPOSED BUDGET

Travis County, Texas

Prepared by
Travis CAD Finance Department

(This page left intentionally blank.)

TRAVIS CENTRAL APPRAISAL DISTRICT

OUR MISSION

The mission of the Travis Central Appraisal District is to provide accurate appraisals of all property in Travis County at one hundred percent market value, equally and uniformly, in a professional, ethical, economical, and courteous manner, working to ensure that each taxpayer pays only their fair share of the property tax burden.

OUR VISION

The Travis Central Appraisal District will act in accordance with the highest principles of professional conduct, ethics, accountability, efficiency, openness, skill, and integrity. We approach our activities with a deep sense of purpose and responsibility.

OUR VALUES

- **Appraise-** fairly, efficiently, and effectively, balancing the needs of both taxpayers and the taxing units by adhering to the Texas Property Tax Code, USPAP, and generally accepted appraisal standards.
- **Educate-** taxpayers of their rights, remedies, and responsibilities.
- **Communicate-** collaboratively with and encourage communication among the taxing units, taxpayer public, and the agency.
- **Service-** provide exceptional customer service that is accessible, responsible, and transparent.
- **Performance-** demand integrity, accountability, and high standards from all staff and strive continuously for excellence and efficiency.

T RANSSPARENT
C OURTEOUS
A CCOUNTABLE
D EDICATED

STRATEGIC GOALS

1. Develop appraisals that reflect market value and ensure fairness and uniformity.
2. Collect, create, and maintain accurate data.
3. Ensure that the district maintains a highly educated, motivated, and skilled workforce.
4. Provide customer service that is courteous, professional, and accurate.

INTRODUCTION

How to use this document

This budget document provides a comprehensive overview of the funding necessary to support the District's daily operations, planned capital investments, and obligations related to long-term debt. It adheres to the recommended practices for fiscal transparency and accountability set forth by the Government Finance Officers Association (GFOA).

The opening sections, including the Budget Message and Budget Overview, which incorporates the Strategic Plan, highlight the District's priorities and provide context for the decisions reflected in this financial plan.

Budget information is organized by category and department to give readers a clear view of how resources are allocated throughout the organization. Each department has its own section to enhance transparency and how funding supports specific functions.

June 12, 2025

Travis County Taxpayers, Taxing Entities, and Travis CAD Board of Directors:

We are pleased to present the proposed budget for the Travis Central Appraisal District for the fiscal year 2026. The total proposed budget of **\$34,160,980** represents a **5.95% increase** over the 2025 adopted budget.

	FY 2026 Proposed Budget	FY 2025 Adopted Budget	\$ Change	% Change
General Fund	\$ 34,160,980	\$ 32,241,352	\$1,919,628	5.95%

This proposed budget reflects the District's ongoing commitment to excellence, guided by the strategic goals outlined in our Strategic Plan (see page 15). These goals inform decisions, including investments in staffing, technology, and public service improvements.

The proposed and five previous years' budget history are as follows:

We acknowledge and thank the staff and the leadership team whose collaboration and dedication made this budget possible. Special appreciation is extended to the Board of Directors and finance team for their continued guidance and support in upholding the District's standards of transparency, responsibility, and excellence in public service.

Should you have any questions about the District's 2026 proposed budget or the budgeting process, I can be reached by phone at (512)834-9317 Ext. 405 or by email at Lmann@tcadcentral.org.

INTRODUCTION

AWARDS

Distinguished Budget Presentation Award

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**Travis Central Appraisal District
Texas**

For the Fiscal Year Beginning

January 01, 2025

Christopher P. Morrell

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Travis Central Appraisal District for its annual budget for the fiscal year beginning January 1, 2025. This is the thirteenth consecutive year that the District has been awarded this prestigious award. To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe that our current budget will continue to conform to program requirements and, once adopted, we will submit it to the GFOA to determine its eligibility for another award.

INTRODUCTION

AWARDS

Certificate of Achievement for Excellence in Financial Reporting

Government Finance Officers Association

Certificate of
Achievement
for Excellence
in Financial
Reporting

Presented to

**Travis Central Appraisal District
Texas**

For its Annual Comprehensive
Financial Report
For the Fiscal Year Ended

December 31, 2023

Christopher P. Morrell

Executive Director/CEO

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Travis Central Appraisal District a Certificate of Achievement for Excellence in Financial Reporting for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2023. This marks the thirteenth consecutive year the District has received this prestigious honor. To earn the Certificate of Achievement, a government must publish an easily readable and well-organized report that complies with generally accepted accounting principles and applicable legal requirements. The certificate is valid for one year. We believe our current Annual Comprehensive Financial Report continues to meet the program's requirements and have submitted it for consideration for another certificate.

INTRODUCTION

AWARDS

Award for Outstanding Achievement in Popular Annual Financial Reporting (GFOA)

Government Finance Officers Association

Award for
Outstanding
Achievement in
Popular Annual
Financial Reporting

Presented to

**Travis Central Appraisal District
Texas**

For its Annual Financial Report
For the Fiscal Year Ended

December 31, 2023

Christopher P. Morrell

Executive Director/CEO

The Government Finance Officers Association of the United States and Canada (GFOA) presented an Outstanding Achievement in Popular Annual Financial Reporting award to the Travis Central Appraisal District for its fiscal year 2023 PAFR, the eighth consecutive year the District has received this honor. Established in 1991, the PAFR Program helps governments create high-quality, accessible reports based on their comprehensive annual financial reports for the public. The award is valid for one year, and we believe our current PAFR meets program requirements and are submitting it for continued recognition.

INTRODUCTION

AWARDS

Certificate of Distinction

The Government Treasurers' Organization of Texas (GTOT) awarded a Certificate of Distinction to the Travis Central Appraisal District for its investment policy in 2025. To receive the Certificate of Distinction, a government must publish a comprehensive written investment policy that meets all program requirements set forth by GTOT. This marks the sixth consecutive two-year period that the District has achieved this prestigious recognition. The Certificate of Distinction is valid for a period of two years.

INTRODUCTION

AWARDS

Transparency Stars (Texas Comptroller of Public Accounts)

Awarded January 2025

Awarded April 2025

The Texas Comptroller of Public Accounts awarded the Travis Central Appraisal District two Transparency Stars in 2025 for excellence in financial transparency and accountability.

In January, the District received the Transparency Star in Open Government and Compliance for its efforts to provide clear, accessible information regarding financial operations and regulatory compliance. In April, the District was recognized with the Transparency Star in Public Pensions for its commitment to disclosing meaningful data about its participation in public retirement systems, including plan structure, funding, and liabilities. The stars, awarded through the Comptroller's Transparency Stars Program, are a great achievement by our staff who strive to meet the best practices in transparency.

INTRODUCTION

BUDGET PROCESS

The District's budget is developed in accordance with the Texas Property Tax Code, specifically outlined in Chapter 6.06 (included in the appendix). The District adopts an annual budget for the General Fund, and the process is governed by a strict set of procedural and legal milestones. An overview of the process is provided below.

The budgeting cycle begins in February with internal discussions between the Chief Appraiser, Deputy Chief of Appraisal, Deputy Chief of Operations, and department directors to assess budget needs for the upcoming fiscal year. The Director of Administration compiles this feedback and prepares the budget in accordance with the Chief Appraiser's directives.

As part of the review process, the Director of Administration along with the Chief Appraiser, presents the draft budget to the Board of Directors' Budget Committee.

By May, the District hosts a budget work session with the Board of Directors to review the proposed budget. The budget, incorporating revisions, is finalized and sent to the presiding officers of each taxing unit by June 14.

The District must hold a public hearing to adopt the proposed budget no later than September 14. The District must send a notice of the public hearing to the presiding officer of each taxing unit no later than 10 days before the Board of Directors meeting where the budget will be adopted. The CAD must also post the notice of the public hearing in the county newspaper. The District posts this information in the Austin American-Statesman. The budget must be adopted before the September 14 deadline.

Following adoption, taxing units have 30 days to file a resolution disapproving the budget. If a majority of voting units disapprove, a new budget must be adopted within 30 days.

Amendments to the budget that change the amount due from taxing units must be presented 30 days in advance. However, internal line-item transfers – which do not affect the total budget or surplus refunds – can be approved by the Chief Appraiser and later presented to the Board for approval.

Q1: JAN-MAR

- Fiscal Year Begins
- Internal budget planning meetings with Chief Appraiser and department heads
- Mail 2nd Qtr. Invoices to Taxing Entities
- Departments submit budget requests
- First Draft Budget to Chief

Q2: APR-JUN

- Budget Committee Meeting
- Second Draft Budget to Chief
- Proposed Budget Presentation
- Final Budget due to Chief
- Mail 3rd Qtr. Invoices to taxing entities
- Budget Workshop with Board of Directors
- Public hearing on proposed budget
- Publish budget hearing notice in newspaper
- Adopt Proposed Budget

Q3: JUL-SEP

- Mail 4th Qtr. Invoices to taxing entities
- Sept. 14 – Final day to adopt budget
- Submit Budget to GFOA
- Tax Rates Adopted by Taxing Units

Q4: OCT-DEC

- Budget Committee Meeting
- Second Draft Budget to Chief
- Proposed Budget Presentation
- Mail 1st Qtr. invoices for the upcoming fiscal year to taxing entities
- Present budget amendments to the Board of Directors
- Fiscal Year End

CAD COMPARISON

As of the most recent Comptroller's Operations Survey (2023), Travis CAD had the third-highest market value in the state. A helpful statistic for weighing appraisal district performance is made by comparing the appraisal district budget to the total market value. This measures appraisal and operating efficiencies based on how much it costs to produce a market value appraisal roll. Travis CAD has the lowest budget as a percentage of total market value compared to other similar metro CADs.

<i>Budget as a % of Market Value</i>			
	2023 Market Value	2023 Budget	Budget as a % of Market Value
Travis	\$ 469,324,341,443	\$ 25,683,866	0.0055%
Dallas	\$ 511,687,304,910	\$ 34,200,383	0.0067%
Bexar	\$ 308,293,571,543	\$ 23,674,800	0.0077%
Williamson	\$ 153,654,376,064	\$ 11,827,200	0.0077%
Denton	\$ 230,910,741,293	\$ 17,809,792	0.0077%
Tarrant	\$ 355,454,721,728	\$ 28,631,389	0.0081%
Collin	\$ 294,942,806,954	\$ 25,299,000	0.0086%
Montgomery	\$ 126,131,864,692	\$ 13,267,340	0.0105%
Harris	\$ 888,932,615,777	\$ 100,506,291	0.0113%
Fort Bend	\$ 157,485,833,973	\$ 21,063,859	0.0134%

Compared to the other metro CADs, Travis CAD has the second-lowest budget as a percentage of total levy, further demonstrating that Travis CAD continues to operate in an efficient manner.

<i>Budget as a % of Total Levy</i>			
	2023 Total Levy	2023 Budget	Budget as a % of Total Levy
Dallas	\$ 8,558,281,471	\$ 34,200,383	0.3996%
Travis	\$ 5,852,935,554	\$ 25,683,866	0.4388%
Tarrant	\$ 6,049,777,526	\$ 28,631,389	0.4733%
Bexar	\$ 4,872,591,461	\$ 23,674,800	0.4859%
Williamson	\$ 2,229,068,117	\$ 11,827,200	0.5306%
Collin	\$ 3,690,428,318	\$ 25,299,000	0.6855%
Denton	\$ 2,534,548,568	\$ 17,809,792	0.7027%
Harris	\$ 13,715,322,600	\$ 100,506,291	0.7328%
Montgomery	\$ 1,710,686,431	\$ 13,267,340	0.7756%
Fort Bend	\$ 2,283,801,286	\$ 21,063,859	0.9223%

BUDGET MESSAGE

THE LOCAL ECONOMY

Market Indicators

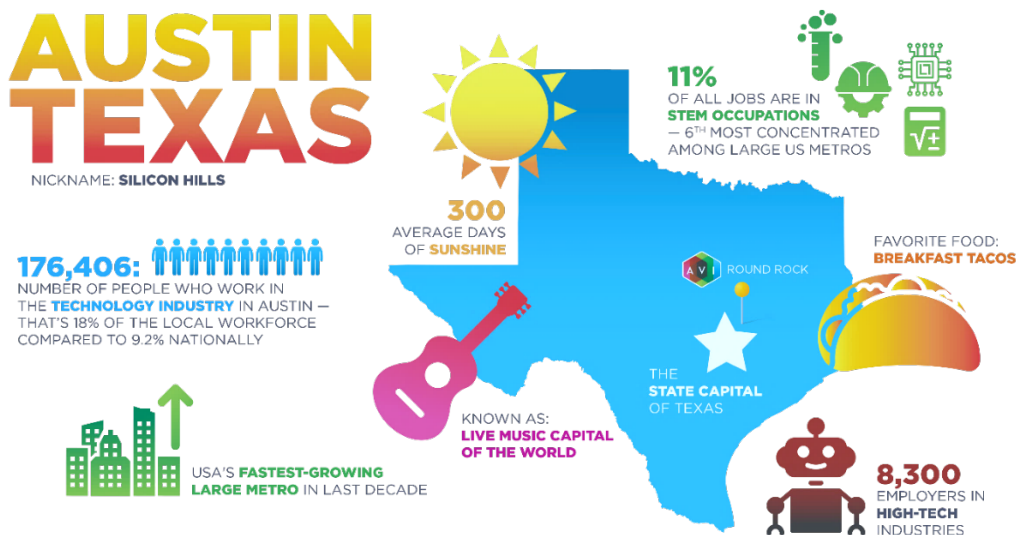

Austin has solidified its reputation as a top-performing large metro area, driven by exceptional labor market performance, rapid wage growth, and a thriving technology sector. The Capital City earned the top spot in this year's Milken Institute ranking of the Best-Performing Cities, returning to the top spot for the first time since 2013. The region has led the nation in five-year job and wage growth between 2017 and 2022.

Growth indicators in the Austin-Round Rock metro area (2017-2022)

Source: Milken Institute's 2024 Best Performing Cities,

Austin has a reputation as a fun, culturally diverse, and vibrant city. With a strong presence of institutions such as the University of Texas at Austin and sustained real GDP growth across all 24 high-tech industries, Austin continues to outperform, combining economic vitality, industry balance, and a commitment to long-term development. The city consistently ranks as one of the best places to live, start a business, and raise a family and is one of the most popular destinations for city migration.

BUDGET MESSAGE

Economy & Job Growth

Austin's employment landscape has shown notable growth, with the addition of 17,800 jobs in the professional and business services sector; 10,400 jobs in trade, transportation, and utilities; and 3,700 jobs in leisure and hospitality. This expansion contributed to Texas achieving a 2% job growth rate in 2024, surpassing the national average by 0.6 percentage points.

Austin's year-over-year (YOY) increase of 1.7% makes it the 10th best performing among the 50 largest metros.

Best Performing Among the Top 50 Metros

	Nonfarm payroll jobs		Dec. 2023-Dec. 2024		Rank

BUDGET MESSAGE

Population Growth

With a projected population of almost 3 million by 2040, Austin faces the exciting challenge of scaling its infrastructure to accommodate exponential growth. However, Austin's above-average economic diversity and lack of state income taxes reinforce its investor appeal, indicating sustained high growth in the future.

Notes: 1. The Austin Metro Area includes the counties of Bastrop, Caldwell, Hays, Travis, and Williamson. 2. Population figures are as of April 1 of each year. 3. Historical population figures account for annexations that have occurred. 4. Forecasted population figures do not assume any future annexation activity.

New U.S. Census Bureau estimates show Central Texas remains one of the fastest-growing regions in the country. Following years of steady population increases, the Austin-Round Rock-San Marcos metropolitan area – including Bastrop, Caldwell, Hays, Travis and Williamson counties – ranked 25th with an estimated 2.55 million residents as of July 2024, a nearly 11% increase.

Austin-Round Rock-San Marcos metro area population growth

The Austin region grew by more than 260,000 people from 2020 to 2024, making it the 25th-most populated metro area in the country as of last year.

BUDGET OVERVIEW

Understanding the Local Property Tax Process

Texas local units of government rely heavily on property taxes to fund their operations. Statewide, more than 4,000 separate taxing jurisdictions impose a property tax. These include counties, school districts, cities, and special-purpose districts that include junior colleges, hospitals, water and wastewater utilities, flood control, and emergency services.

In addition to property tax, the Texas Constitution and Texas Legislature empower local governments to impose, levy, and collect other taxes and fees that supplement their operations.

The Texas Constitution sets out five basic rules for property taxes ⁽²⁾:

- Taxation must be equal and uniform. No single property or type of property should pay more than its fair share.
- Generally, all property must be taxed on its current market value, the price it would sell for when both buyer and seller seek the best price and neither is under pressure to buy or sell. The Texas Constitution provides certain exceptions to this rule, such as the use of "productivity values" for agricultural and timber land. This means that the land is taxed based on the value of what it produces, such as crops and livestock, rather than its sale value.
- Each property in a county must have a single appraised value. This means that the various local governments to which you pay property taxes cannot assign different values to your property; all must use the same value. This is guaranteed by the use of county appraisal districts.
- All property is taxable unless federal or state law exempts it from taxation. These exemptions may exclude all or part of the property value.
- Property owners have a right to reasonable notice of increases in their appraised property value.

Appraisal districts are political subdivisions of the State of Texas and are responsible for appraising property within county boundaries. Taxing entities use those appraised values to set their ad valorem tax rates and levy property taxes. The governing bodies of taxing units, such as school boards, commissioners courts, city councils, and special-purpose district boards of directors, derive the tax rate using the values provided by the appraisal district. Taxable value is a property's appraised value minus all applicable exemptions, deductions, and limitations. The tax rate is the level of taxation imposed by a taxing unit on taxable property within its boundaries.

The local government's tax assessor applies the tax rate to the taxable value in its jurisdiction to compute the tax due on each property. ⁽¹⁾

BUDGET OVERVIEW

There are three main parts to the property tax system in Texas:

- An appraisal district in each county sets the value of property each year. The chief appraiser is the chief administrator and operates the appraisal office.
- A citizen board, called the Appraisal Review Board (ARB), hears any disagreements between a property owner and the appraisal district about a property's value. In Travis County, the members of the Appraisal Review Board are appointed by District's Board of Directors.
- Local taxing units, including cities, counties, schools, and special districts, decide how much money they will spend by adopting a budget. The units set tax rates that will raise the revenue necessary to fund their budgets. The adopted budgets and the tax rates set to fund the budgets determine the total amount of taxes that a person will pay.

The property tax year has four stages: appraising taxable property, protesting the appraised values, adopting the tax rates, and collecting the taxes. The following represents a summary of the process:

1. A large part of each appraisal district's job is to estimate what a property is worth on January 1. What a property is used for on January 1, market conditions at that time, and who owns the property on that date determine whether the property is taxed, its value, and who is responsible for paying the tax. The appraisal district also processes applications for property tax exemptions and special valuation appraisals.
2. After the May 15 protest deadline, the Appraisal Review Board begins hearing protests from property owners. When the ARB finishes its work, the appraisal district gives each taxing unit a list of taxable property through a certified appraisal roll.
3. In August or September, the elected officials of each taxing unit adopt tax rates for their operations and debt payments. Several taxing units tax a property. Every property is taxed by the county and the local school district. A property owner may pay taxes to a city and to special districts such as hospital districts, junior colleges, water districts, and others.
4. Tax collection starts around October 1 as tax bills go out. Taxpayers have until January 31 of the following calendar year to pay their taxes. On February 1, penalty and interest charges begin accumulating on most unpaid tax bills. Tax collectors may start legal action to collect unpaid taxes on February 1.

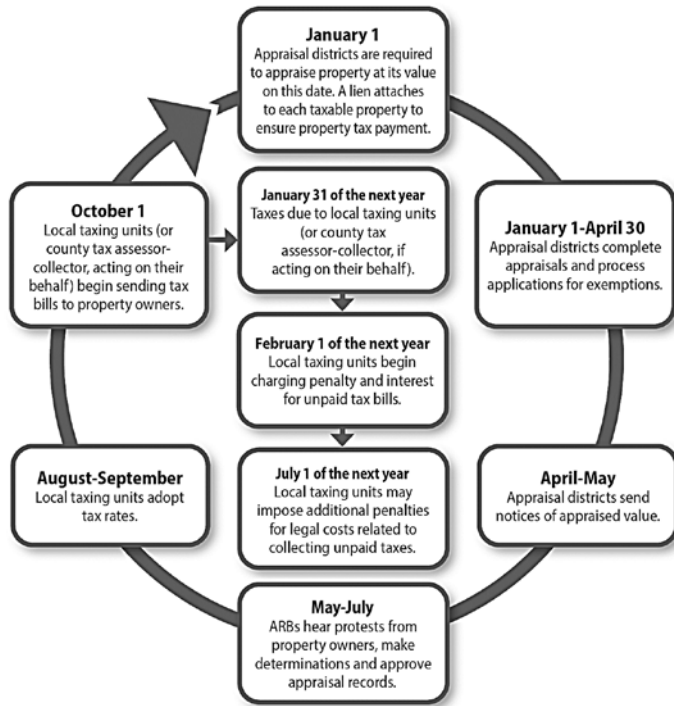

1 Texas Comptroller of Public Accounts Biennial Property Tax Report-Tax Years 2018 and 2019, Issued December 2020

2 Texas Comptroller of Public Account – Texas Property Tax System

BUDGET OVERVIEW

Property Tax Calendar

Appraisal Phase (Jan. 1 through May 15)

Jan. 1 – April 30	Property is appraised and exemption applications are processed
April – May 1	Notices of appraised value are sent
May 15	Appraisal record prepared and submitted to the ARB

Equalization Phase (May 15 through July 25)

May 15 – July 20	Protests and challenges are heard and determined
July 20	Appraisal records are approved
July 25	Appraisal roll is certified

Assessment Phase (July 25 through Oct. 1)

July 25	Appraisal roll received by taxing units
July 25 – Sept. 30	Tax rates are adopted and taxes are levied (calculated)
Oct. 1	Tax bills begin to be sent to taxpayers

Collection Phase (Oct. 1 through Jan. 31)

Oct. 1 – Jan. 31	Current taxes are collected
Feb. 1	Penalties and interest begin to accrue
July 1	Additional penalties may be added for legal costs

Role of the Appraisal District

Each Texas county is served by an appraisal district that determines the value of all taxable property. Generally, a local government that collects property taxes, such as a county, city, or school district, is a member of the appraisal district. A board of directors, comprised of individuals appointed by the member governments and elected by taxpayers, presides over the appraisal district.

The appraisal district is considered a political subdivision and must follow applicable laws such as the Open Meetings Act and the Public Information Act. Meetings are generally open to the public and information generated by the appraisal district is, in most cases, also available to the public.

The appraisal district board of directors hires a chief appraiser, approves contracts, and sets policies. The chief appraiser is the chief administrator of the appraisal district. The chief appraiser may employ and compensate professional, clerical and other personnel as provided by the appraisal district budget. The chief appraiser's primary duty is to discover, list, review, and appraise all taxable property in the appraisal district using generally accepted appraisal techniques.

BUDGET OVERVIEW

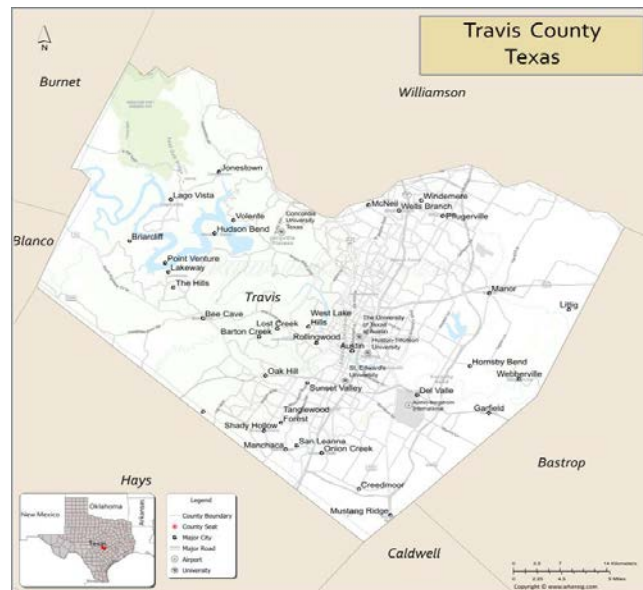

Travis Central Appraisal District

The Travis Central Appraisal District (TCAD) was established in 1979 by the 66th Texas Legislature through Senate Bill 621, known as the PEVETO Bill, which created the Texas Property Tax Code.

TCAD is responsible for appraising property subject to ad valorem taxation within Travis County, Texas. The District is governed by a nine-member board of directors composed of five members appointed by the taxing units, three members elected by the voters of Travis County during the general election for state and county officers, and the Travis County Tax Assessor-Collector. This structure was established under Section 6.0301 of the Texas Tax Code, which applies to appraisal districts in counties with a population of 75,000 or more. Elected directors serve four-year terms beginning January 1 of each odd-numbered year and appointed directors serve four-year terms beginning January 1 of each even-numbered year.

The District was formed in 1981 and formally began operations in 1982, pursuing its mission to provide accurate appraisal of all property in Travis County at one hundred percent of market value, equally and uniformly, in a professional, ethical, economical and courteous manner, working to ensure that each taxpayer pays only their fair share of the property tax burden. As stipulated under the Texas Property Tax Code, the District serves the citizens and taxpayers of Travis County and the taxing entities that lie within Travis County.

Travis County, established in 1840, is located in south central Texas astride the Balcones Fault, the boundary between the Edwards Plateau to the west and the Blackland Prairies to the east. Its county seat, Austin, is the capital of Texas. Travis County's population continues to grow at a steady pace, increasing an average of 2.7% each year since 2013. The 2024 population of Travis County was estimated to be 1,355,887, an increase of 1.44% over the 2023 estimated population.

BUDGET OVERVIEW

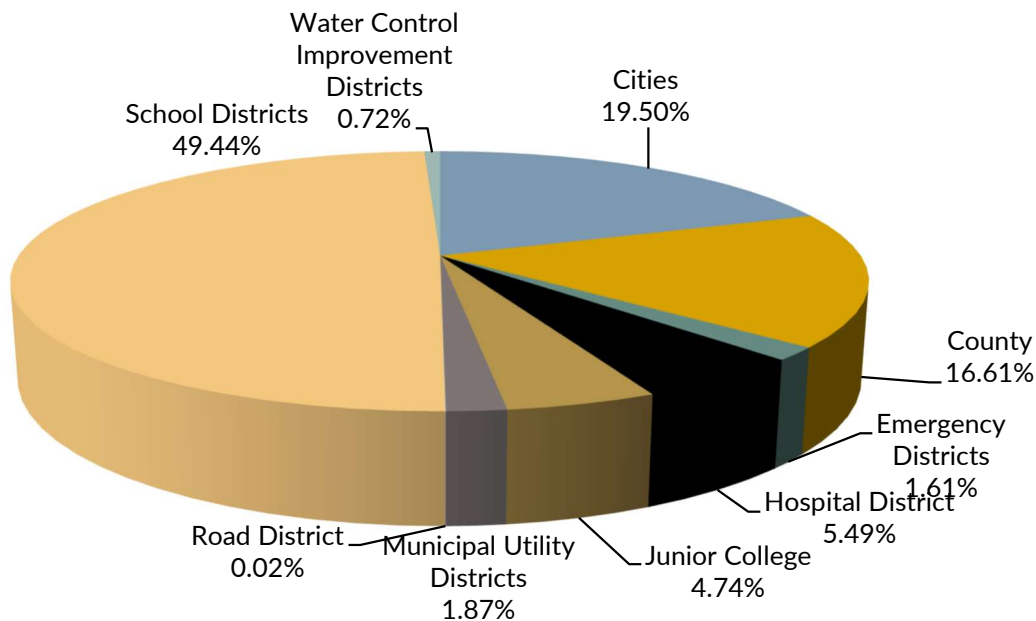

Property Taxes at Work

Property taxes are local taxes that are assessed locally, collected locally, and used locally. Property taxes are paid to the local tax collector. The tax collector distributes the funds to schools, cities, and other local governments. Local governments spend the funds on schools, roads, hospitals, police departments, fire departments, and other programs.

In Travis County, property taxes support 203 local government agencies, including 22 cities, 18 emergency districts, the county, the hospital district, the junior college, 75 municipal utility districts, 15 school districts, 21 water control improvement districts, and 49 other entities. For 2024, the total tax levy for all taxing units in Travis County is \$6,355,794,233.

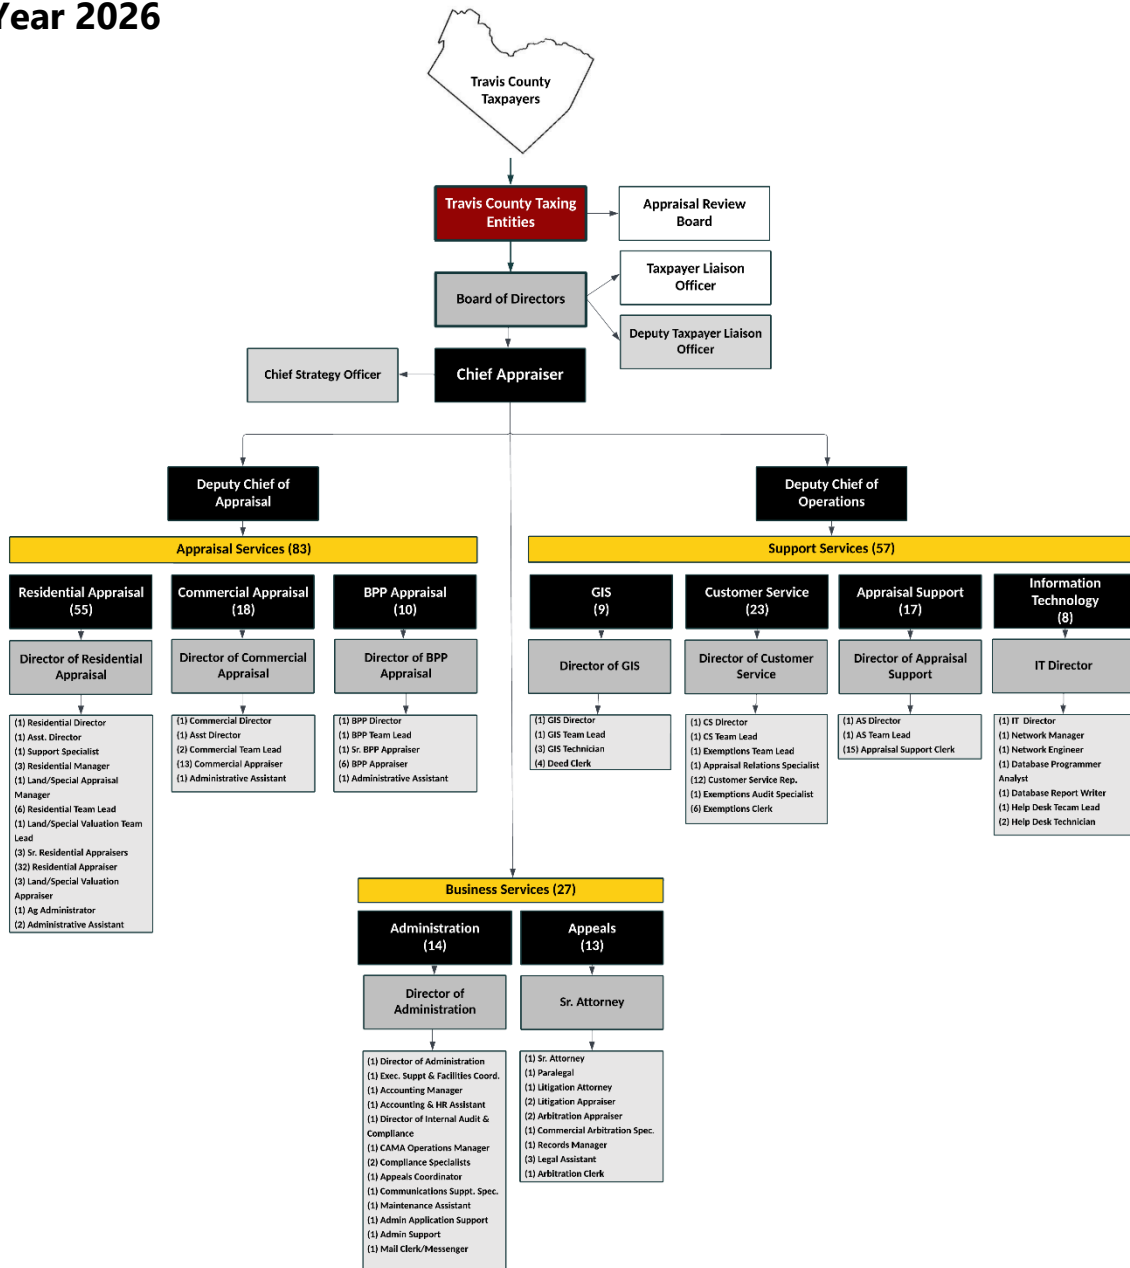

Budget by Taxing Unit

BUDGET OVERVIEW

ORGANIZATIONAL CHART

Fiscal Year 2026

Travis Central Appraisal District's organizational structure acts as a framework that enables effective management, coordination, and specialization. This hierarchical structure enables effective decision-making processes, as decisions can flow through the appropriate channels. It also facilitates accountability, as each level of management is responsible for overseeing and supporting their subordinates. This structure ensures that goals and objectives are cascaded down the organization, enhancing coordination and alignment. This division of labor allows individuals to develop specific expertise in their respective areas, leading to increased efficiency and quality of work.

BUDGET OVERVIEW

KEY DISTRICT PERSONNEL

Name	Division	Title
Leana Mann	Administration	Chief Appraiser
Mike Mills	Administration	Deputy Chief of Appraisal
Russell Ledbetter	Administration	Deputy Chief of Operations
Cynthia Martinez	Administration	Chief Strategy Officer
Kat Harvey	Administration	Director of Administration
Vacant	Administration	Director of Internal Audit & Compliance
Dusty Banks	Appeals	Sr. Attorney
Scott Johnson	IT	IT Director
Luis Esteban	GIS	Director of Geographic Information Systems
Catie Lee	Customer Service	Director of Customer Service
Tanya DeLeon	Appraisal Support	Director of Appraisal Support
Joshua Maldonado	Commercial	Director of Commercial Appraisal
Daniel Mazziotti	Commercial	Assistant Director of Commercial Appraisal
Nancy Wiatrek	BPP	Director of BPP Appraisal
Zach Dye	Residential	Interim Director of Residential Appraisal
Vacant	Residential	Assistant Director of Residential Appraisal

BUDGET OVERVIEW

Strategic Planning

The Travis Central Appraisal District (The District) established a Strategic Plan, referred to as “The Plan”, to outline the District’s activities and operations from year to year in anticipation of future projects, funds and resources, technology, legislative changes, and capital improvements.

This Plan will be reviewed each year to monitor the completion of the tasks outlined and add another year to the ongoing plan. This will help the District prepare for the future and anticipate changes within the appraisal environment. Management personnel will be responsible for developing this plan and will ensure its viability in the District’s tasks.

The Plan addresses five major issues:

The Plan is a tool for the final development of the District’s Annual Management Plan.

This strategic plan addresses the following key strengths, weaknesses, threats, and opportunities for the Travis Central Appraisal District:

BUDGET OVERVIEW

The SWOT analysis began by conducting an inventory of internal strengths and weaknesses with TCAD. The strategic team also noted the external opportunities and threats that may affect the organization based on the economic market and the overall environment. The primary purpose of the SWOT analysis is to identify and assign each significant factor, positive and negative, to one of the four categories, allowing the strategic team to take an objective look at TCAD's operations. The SWOT analysis is a useful tool in developing and confirming goals, objectives, and strategies.

AGENCY STRATEGIC GOALS

The Agency's Strategic Goals are general ends towards which the District and staff shall direct their efforts. The goals create a unified vision for the District and set the overall tone for employee efforts and performance. The goals should stretch and challenge the District, while remaining realistic and achievable. All planning objectives and strategies should relate to one of the fundamental agency goals.

BUDGET OVERVIEW

AGENCY GOAL 1: Develop Appraisals that Reflect Market Value And Ensure Fairness and Uniformity

Planning Goal 1: Make better utilization of ratio studies when developing market appraisals

Objective

Analyze ratio study statistics by neighborhood and school district routinely during valuation and equalization phases and target that sales ratio median levels and weighted mean are between 97 and 102 and COD are between 5 and 15.

Strategy

Maintain an ongoing audit and verification program to support improved appraisal levels

Target Measure(s)

Statistical Metrics:				
Measure	Guideline			
Median Ratio	0.95 to 1.05			
PRD	0.98-1.03			
PRB	0.95-1.05			
COD	Newer	Older	Income	Vacant Land
	5.0-10.0	5.0-20.0	5.0-20.0	5.0-25.0

- Number of sales qualified
- Number of market area analysis
- Number of school districts reviewed
- Value reduction percentage

Responsibility

Appraisal Divisions

Planning Goal 2: Improve accuracy and reduce value changes through the equalization phase to 5% or less

Objective

Create evidence packets to be used at both informal and formal levels that support market values. Train staff to make clear and concise arguments at the ARB to defend the District's values.

Strategy

Staff training on defending appraisal values and standards of evidence

Target Measure(s)

Statistical Metrics:				
Measure	Guideline			
Median Ratio	0.95 to 1.05			
PRD	0.98-1.03			
PRB	0.95-1.05			
COD	Newer	Older	Income	Vacant Land
	5.0-10.0	5.0-20.0	5.0-20.0	5.0-25.0

- Percent Value of Change
- Value reduction percentage
- Variance of NOAV to market and equity grids (Target: 2% Variance)

Responsibility

Appraisal Divisions

BUDGET OVERVIEW

Planning Goal 3: Improve quality and consistency of land values

Objective

Analyze land values and land tables in all market areas and all portfolios to consistently apply appropriate land prices and modifiers.

Strategy

In conjunction with field inspections, utilize third-party analysis sources to value land within Travis County. Utilize GIS mapping and analysis to ensure consistent land values

Target Measure(s)

Statistical Metrics:				
Measure	Guideline			
Median Ratio	0.95 to 1.05			
PRD	0.98-1.03			
PRB	0.95-1.05			
COD	Newer	Older	Income	Vacant Land
	5.0-10.0	5.0-20.0	5.0-20.0	5.0-25.0

- Uniformity in COD measures of specific ratio studies
- Number of land values updated

Responsibility

Appraisal Divisions

Planning Goal 4: Ensure that current technologies are efficiently leveraged and utilized

Objective

Ensure that the District leverages the latest technology and provides our staff with cutting-edge hardware and software. Ensure that the district maximizes its use of technology and takes full advantage of future improvements.

Strategy

Stay up to date on new and emerging technologies, ensure staff are tracking and staying abreast with cybersecurity threats

Target Measure(s)

- Co-development commitments from metro clients and group consensus on enhancement priorities
- Number of development projects approved
- Number of enhancement requests included in each release

Responsibility

Information Technology
All Departments

BUDGET OVERVIEW

AGENCY GOAL 2: Collect, Create, And Maintain Accurate Data

Planning Goal 1: Ensure that property characteristics are uniform, consistent, and up to date

Objective

Ensure that property characteristics are uniform and consistent, both current and future, and that procedures are followed by all staff and that careful review and consideration is given to each parcel. Ensure that each parcel is reviewed once every six years.

Strategy

Develop procedures for the definition of market areas and ensure consistent application of the procedures. Procedures should identify characteristics to be considered in the creation of market areas and establish population minimums. Existing neighborhoods of insufficient population size should be combined where practicable. Procedures should also define a plan for the annual review of neighborhoods.

Target Measure(s)

- Number of field inspections completed
- Number of desktop reviews completed
- Number of new improvements added
- Number of neighborhoods reviewed
- Review of 100% of permits filed and provided to CAD

Responsibility

Appraisal Divisions
Appraisal Support
GIS

Planning Goal 2: Maintain accurate property owner exemption data and audit records in accordance with state law

Objective

Ensure that all exemption application data is accurate and up to date. Implement a plan to audit homestead records once every five years as required by statute.

Strategy

Develop a work plan to identify any homestead exemption applications that lack required documents. Ensure that property owner data is accurate based on reapplications submitted. Communicate with property owners throughout the audit process to ensure exemptions are properly applied.

Target Measure(s)

- Number of homestead exemption applications asked to reapply
- Number of homestead exemption applications removed
- Number of contact points made before exemption removal
- Number of exemptions applied properly
- Number of homestead records reviewed and maintained

Responsibility

Customer Service

BUDGET OVERVIEW

AGENCY GOAL 3: Ensure the District maintains a highly educated, motivated, and skilled workforce

Planning Goal 1: Increase training opportunities for district staff and provide additional management training

Objective

Ensure that district staff receive sufficient training in their mission-critical tasks, including customer service, exemption administration, programming and technology, record maintenance, mapping and training in appraisal theory and practice. Provide management training programs to increase effectiveness and efficiency of managers. Support all staff in obtaining licenses and certifications to benefit their role at TCAD.

Strategy

In addition to attaining Registered Professional Appraiser certification, appraisal staff should be encouraged to attain IAAO designations. Increase the training budget for external courses and provide more internal training opportunities. Develop an internal training team with instructors for both RPA and IAAO courses. Develop a three-year schedule to offer all RPA courses in-house.

Target Measure(s)

- Number of designations attained
- Number of in-house instructors certified
- Number of classes attended
- Number of internal training sessions offered
- Number of RPA licenses obtained within 3 years of registration

Responsibility

Management Team

Planning Goal 2: Ensure the District can attract qualified candidates and retain long-term employees who have developed institutional knowledge and skills.

Objective

Guarantee that the District is able to retain long-term employees that have developed extensive institutional knowledge and skills.

Strategy

Review employee salaries and benefit packages annually to ensure that the District can remain competitive in the market. Benefits would include retirement packages, health insurance, and sick and vacation time. Review employee reward and recognition programs such as service awards and District sponsored moral events. Explore non-monetary rewards such as flexible work schedules and telecommuting.

Target Measure(s)

- Time to fill open positions
- Turnover rate
- Engagement surveys
- Satisfaction surveys
- Tenure of employees leaving District service
- Number of employee events

Responsibility

Administration; HR

BUDGET OVERVIEW

AGENCY GOAL 4: Provide Customer Service that is courteous, professional, and accurate

Planning Goal 1: Provide exceptional customer service

Objective

Providing excellent customer service should be a recognized goal of every employee in the District. Develop a taxpayer education evaluation system through surveys to measure customer interactions. Attain the highest rating possible from those we serve as evidenced by feedback provided through interviews, surveys, cards, letters, or any other measure device used in the agency.

Strategy

Improve services delivered to our internal and external customers through employee training. Annual and mandatory training for all staff in customer service shall be conducted. Employees will be informed of expectations and phone calls; meetings and protest hearings will be audited by managers to ensure the highest level of customer service is attained. Provide information and resources to taxpayers that will be educational and convenient. Attend outreach events to educate property owners.

Target Measure(s)

- Number of customer complaints and compliments received
- Number of survey responses received
- Number of in-person customer interactions
- Number of phone calls
- Number of email communications

Responsibility

All employees

Planning Goal 2: Establish and develop relationships with the general public, community organizations, taxing entities, elected officials, real estate professionals, members of the media, and other external stakeholders to establish the District as a reliable, trustworthy, and effective community partner.

Objective

Various factors make now the ideal time to reshape, repair, or re-establish the District's relationships with external stakeholders. This includes the District's most important audience, the taxpayers of Travis County. Through coordinated external relations initiatives, the District can educate Travis County property owners on the property tax system and effectively address the concerns of external stakeholders.

Strategy

- Continue to develop and training an internal contact team of senior staff members knowledgeable of District processes and procedures and capable of interacting with taxpayers appropriately
- Establish reliable relationships with taxing entities and local elected officials to address taxpayer complaints
- Continue to improve relationships with the local media and community organizations
- Continue to use community outreach opportunities to address taxpayer pain points, particularly in geographically underserved areas.

Target Measure(s)

- Number of outreach events attended
- Community partnerships established
- Taxpayer satisfaction score from outreach events
- Customer service issues resolved in conjunction with taxing units and/or local elected officials
- Total media coverage received
- Percentage of positive media coverage
- Number of people reached by outreach events

Responsibility

Administration; HR

BUDGET OVERVIEW

Revenue Budget

The revenue budget for fiscal year 2026 totals \$34,369,980. Since the District uses a balanced budget policy, budgeted assessments to the taxing units must equal budgeted expenditures. Budgeted assessments to the taxing units and budgeted expenditures both total \$34,160,980. The additional \$209,000 in the revenue budget is for miscellaneous income. These funds are retained by the District and include things such as interest earned and customer service revenue.

If the District has a surplus of appraisal revenues over expenditures from the preceding year's budget, the District must reduce the current budget allocation to each taxing unit proportionately for the year that the surplus is from. This is shown as a refund of appraisal assessments and is a contra-revenue account, which consequently reduces budgeted revenues required by the taxing units for that fiscal year. For fiscal year 2025, the District does not expect to have any surplus funds credited back to the taxing units.

Revenue Budget History FY 2021-2026						
	2021	2022	2023	2024	2025	2026
	Adopted	Adopted	Adopted	Adopted	Adopted	Proposed
Budgeted revenues:						
Appraisal assessments	\$ 20,193,893	\$ 22,786,110	\$ 25,683,866	\$ 29,884,516	\$ 32,241,352	\$ 34,160,980
Other revenue	365,000	182,500	182,500	209,000	209,000	209,000
Total budgeted revenues	<u>\$ 20,558,893</u>	<u>\$ 22,968,610</u>	<u>\$ 25,866,366</u>	<u>\$ 30,093,516</u>	<u>\$ 32,450,352</u>	<u>\$ 34,369,980</u>
Increase in Budgeted Revenues	<u>3.47%</u>	<u>11.72%</u>	<u>12.62%</u>	<u>16.34%</u>	<u>7.83%</u>	<u>5.92%</u>

The District has seen a significant increase in the creation of Public Improvement Districts in recent years. A public improvement district, or PID, is a defined geographical area established to provide specific types of improvements or maintenance within the area, which are financed by assessments of the property owners within the area.

Public improvement districts have become a valuable financing strategy for municipalities. As previously stated, appraisal district budgets are funded by the taxing entities within the appraisal district boundaries based on their proportionate share of the tax levy. Public improvement districts do not have a levy and, therefore, do not contribute to the District's annual budget. However, appraisal districts are continuing to provide appraisal services and reporting for these public improvement districts. Travis CAD implemented a funding strategy similar to the Travis County Tax Office, where public improvement districts will be assessed an annual fee based on the parcel count within the public improvement district. For fiscal year 2026, **TCAD determined this rate to be \$2.38 per parcel**. Additionally, new public improvement districts will be assessed a fee of \$1,000 as a setup fee to assist with the cost of setting up the public improvement district in the District's CAMA system. A list of public improvement districts and their estimated 2026 fee can be found in the Revenue Budget section of this document.

The table above and graph below show the total budgeted revenues by source for the fiscal year 2025 budget and the previous five years' budget history.

BUDGET OVERVIEW

Budgeted Revenues by Year

Overview of Significant Budget Items

Expenditures are broken down by natural expenditure category. The District budgets for 18 different categories annually. The chart below provides a comparison of the 2026 proposed and 2025 adopted budget by category.

Expenditures by Category FY 2026 v. FY 2025

	2026 Proposed	2025 Adopted	\$ Change	% Change	2024 Adopted	2024 Actual
Expenditures by Function:						
Personnel Cost	15,182,897	13,661,446	1,521,451	11.14%	12,892,155	11,600,056
Benefit Cost	5,850,244	5,568,186	282,058	5.07%	4,817,439	5,052,874
Printing & Mailing Services	675,279	665,200	10,079	1.52%	809,700	739,299
Operating Supplies	265,950	248,183	17,767	7.16%	226,800	180,207
Purchases	633,755	340,720	293,035	86.00%	352,310	426,753
Training & Education	176,991	162,666	14,325	8.81%	151,790	142,849
Travel Expenditures	54,767	41,327	13,440	32.52%	26,450	43,314
Utilities	535,800	495,800	40,000	8.07%	555,860	470,034
Legal Services	3,630,000	3,625,000	5,000	0.14%	2,042,500	2,314,177
Professional Services	3,819,852	4,033,256	(213,404)	-5.29%	5,111,986	3,325,888
Insurance	109,866	110,678	(812)	-0.73%	86,678	94,187
Aerial Photography	657,650	657,650	-	0.00%	579,260	569,451
Rentals	154,320	154,320	-	0.00%	153,320	155,439
Building & Equipment						
Maintenance	450,579	463,289	(12,710)	-2.74%	444,290	348,164

Debt Administration	748,838	748,838	-	0.00%	748,838	748,838
Total Expenditures	\$ 34,160,980	\$ 32,241,352	\$ 1,919,628	5.95%	\$ 29,884,516	\$ 27,090,430

BUDGET OVERVIEW

BUDGET OVERVIEW

Capital Expenditures

Three general ledger accounts combine to make the capital expenditures category and debt administration categories: (1) capital equipment, (2) debt service- principal, and (3) debt service- interest. Capital equipment is any fixed asset whose cost is over the capitalization threshold and has a useful life greater than one year. The District has established a capitalization threshold of \$1,000 or more. Under the modified accrual basis of accounting, capital equipment is expensed in the period in which it is purchased. When preparing government-wide financial statements, adjusting entries are made to account for the depreciation of capital equipment since the government-wide statements use the full accrual basis of accounting.

The debt service principal and interest are treated similarly to the capital equipment account. Under the modified accrual basis of accounting, all debts should be expensed in the period that they are incurred. However, debt is typically a long-term liability and must be adjusted when converting to government-wide statements, which use the full-accrual basis of accounting.

The table and graph below outline the capital expenditures & debt category for the fiscal year 2026 and the previous five fiscal years' budget histories.

Capital Expenditures & Debt Administration FY 2021-2026						
	2021 Adopted	2022 Adopted	2023 Adopted	2024 Adopted	2025 Adopted	2026 Proposed
Capital Expenditures:						
Capital Equipment	\$ 265,723	\$ 265,723	\$ 173,931	\$ 122,976	\$ 438,050	\$ 361,049
Debt Service- Principal	343,933	358,859	374,611	654,742	654,742	713,483
Debt Service- Interest	405,261	389,979	374,227	94,096	94,096	35,355
Total Capital Expenditures	\$ 1,014,917	\$ 1,014,561	\$ 922,769	\$ 871,814	\$ 1,186,888	\$ 1,109,887

BUDGET OVERVIEW

In governmental accounting, an expenditure is considered a capital expenditure when the asset is a newly purchased capital asset or an asset improvement that extends the useful life of an existing capital asset. The Governmental Accounting Standards Board (GASB) provides the following authoritative definition of a capital asset for state and local governments:

The term *capital asset* includes land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Per the District's capitalization policy, if an asset's cost is \$1,000 or greater and the useful life of the asset is more than one year, the asset is a capital asset and should be capitalized. This requires the District to spread the cost of the expenditure over the useful life of the asset. If, however, the expenditure is one that maintains the asset at its current condition, the cost is expensed fully in the year of the purchase.

The table below outlines the capital expenditures in the 2026 proposed budget. The total dollar amount of the budgeted capital expenditures for FY 2026 is \$361,049. More in-depth information on major capital projects can be found in the Capital Improvement Program section of the budget document.

Department	Capital Asset to be Purchased	Budgeted Cost
Administration (10)	A/C Repairs & Replacements	\$ 10,000
	Third Floor Finish Out	\$ 150,000
IT (20)	UPS Battery Replacements (1/3 Replacement annually)	9,889
	Electric UPS Replacement (84-pole panel)	69,181
	Veeam1 (for onsite backups)	14,680
	Dell Optiplex AIO for ARB Panels for Appraisers	41,880
	Dell AIO for ARB Panel, Kiosks, & Training Rooms	45,220
	APC Netshelter (Server Racks)	13,350
	HP Printers for New Hires	850
	Network Switches	6,000
	Total Capital Expenditures	\$ 361,049

BUDGET OVERVIEW

Detailed Budgetary Items

	FY 2026 Proposed Budget	FY 2025 Adopted Budget	\$ Change	% Change
General Fund	\$ 34,160,980	\$ 32,241,352	\$ 1,919,628	5.95%

The proposed budget for 2026 totals \$34,160,980, which represents a 5.95% increase over the 2025 adopted budget. The following table provides a comparison of the major revenue sources and major expenditure categories for fiscal years 2025 and 2026:

Budget Comparison FY 2026 v. FY 2025						
	2026 Proposed	2025 Adopted	\$ Change	% Change	2024 Adopted	2024 Actual
Appraisal assessments	\$ 34,160,980	\$ 32,241,352	\$ 1,919,628	6.0%	\$ 29,884,516	\$ 27,914,088
Other revenue	209,000	209,000	-	0.0%	209,000	536,652
Total budgeted revenues	\$ 34,369,980	\$ 32,450,352	\$ 1,919,628	5.9%	\$ 30,093,516	\$ 28,450,739
Expenditures by Category:

Information on significant budgetary increases and decreases is provided on the following pages.

BUDGET OVERVIEW

Significant Increases

GL Account Title	2026 Proposed	2025 Adopted	\$ Change	% Change
	Budget	Budget		
Personnel Cost	\$ 15,182,897	\$ 13,661,446	\$ 1,521,451	11.14%
Benefit Cost	\$ 5,850,244	\$ 5,568,186	\$ 282,058	5.07%
Subscription & Data Purchases	\$ 633,755	\$ 340,720	\$ 293,035	86.00%

PERSONNEL COST

The proposed increase in Personnel Cost for 2026 reflects the addition of several new full-time positions across multiple departments, including Appraisal, Customer Service, and Administration. These new roles are necessary to support continued growth and address ongoing workload demands. In addition, the budget includes merit-based step increases for eligible employees and adjustments to ensure pay equity and competitiveness within the local government market. The overall increase of \$1.52 million (11.14%) aligns with the District's strategic goal of maintaining high-quality public service through adequate staffing and retention.

BENEFIT COST

The increase in Benefit Cost is primarily due to higher projected health insurance premiums and expanded eligibility as new positions are added. In addition, the District anticipates increases in employer contributions for retirement plans and a rise in participation in optional benefit programs. These changes result in a \$282,058 (5.07%) increase over the previous year. The District remains committed to offering a comprehensive and competitive benefits package to support employee wellness, recruitment, and retention.

SUBSCRIPTIONS & DATA PURCHASES

The District is proposing to add new technology and compliance tools to improve efficiency, accuracy, and customer service across multiple departments. In recent years, TCAD has expanded its use of digital platforms for training, communication, and appraisal support. However, several operational gaps remain, particularly in exemption processing, staff support tools, and compliance tracking.

Funding is also increasing for existing tools, including HR testing platforms, training software, finance and legal compliance tools, and real estate market data. These services remain essential and are being adjusted for growth and rising renewal costs. The total increase for new and expanded subscriptions is \$293,035.

BUDGET OVERVIEW

Significant Decreases

GL Account Title	2026 Proposed Budget	2025 Adopted Budget	\$ Change	% Change
Professional Services	\$ 3,819,852	\$ 4,033,256	\$ (213,404)	-5.29%
Capital Equipment	\$ 361,049	\$ 438,050	\$ (77,001)	-17.58%

PROFESSIONAL SERVICES

The 2026 proposed budget removes funding for contracted land appraisal services. Last year, the District partnered with an outside vendor to provide land valuation. In 2026, these services will be transitioned in-house and performed by District staff.

CAPTIAL EQUIPMENT

The 2026 proposed budget reflects a reduction in capital equipment purchases. A detailed look at Capital Equipment purchases for FY 2026 can be found in the CIP section on pages 59-69.

BUDGET OVERVIEW

Debt Administration

The District completed a lease/purchase agreement in May 2019 for the property located at 850 E. Anderson Lane. Renovations on the office building were completed in July 2020. The 850 EAL Holding Corp. is a blended component unit of the district. The sole purpose of the 850 EAL Holding Corp. is to support the District through the purchase and renovation of the building. The 850 EAL Holding Corp. is shown as a special revenue fund on the District's financial statements and will account for the long-term debt payments in the 2026 budget. More in-depth information on the District's debt can be found in the Debt Administration section of the budget.

Staffing

The District is proposing to add 7 additional FTEs to the 2026 budget.

2026 Proposed Increase in FTEs		
Department	Position	Count
Admin	Compliance Specialist	2
Admin	Director of Internal Audit & Compliance	1
Appeals	Paralegal	1
Commercial	Commercial Appraiser	1
Res	Land/Special Appraisal Appraiser	2
	Total	7

District staff analyzed the staffing levels of the major metro appraisal districts. When comparing staffing levels, Bexar, Tarrant, and Dallas CAD were comparable-sized appraisal districts, and the analysis completed weighed more heavily on those three more comparable districts.

Staffing		
CAD	Budgeted FTEs- 2025	Difference from TCAD
Dallas CAD	245	80
Tarrant CAD	211	46
Bexar CAD	200	35
Travis CAD	165	-
Median	206	
Average	205	

Median (Dallas, Tarrant & Bexar) = 206 FTEs
Average (Dallas, Tarrant & Bexar) = 205 FTEs
Travis CAD Proposed 2026 FTEs = 172 FTEs

BUDGET OVERVIEW

Based on this analysis, we are proposing to increase staff to 172 FTEs.

The graph below shows the budgeted number of employees versus the actual number of employees.

Year	2019	2020	2021	2022	2023	2024	2025
# of Budgeted Personnel	125	129	129	143	153	158	165
Actual Personnel	123	114	107	131	153	154	163
Variance	2	9	14	12	0	4	2

Budget vs Actual Personnel

The work load that TCAD must complete in order to certify the roll has increased substantially in the past 10 years.

Change in Workload Required				
	2015	2024	10 Year Change	% Change
Permits	24,274	29,560	5,286	21.8%
Field Inspections	100,980	105,685	4,705	4.7%
Deed Transactions	32,125	33,736	1,611	5.0%
Exemptions Processed	19,548	30,602	11,054	56.5%
Notices of Appraised Value Mailed	404,922	462,743	57,821	14.3%
Protests Filed	107,858	187,741	79,883	74.1%
Lawsuits Filed	512	2,512	2,000	390.6%
Arbitrations Filed	118	858	740	627.1%
Budgeted Personnel	132	158	26	19.7%

Travis CAD also has the second highest number of lawsuits by count and by value under protest. Travis CAD's lawsuit value compared total value is the highest at 17.76% of value under lawsuit.

Lawsuit Totals			
CAD	Number of Lawsuits	Value Under Lawsuit	Lawsuits as a % of Total Value
Dallas CAD	2,162	\$ 51,435,996,240	13.71%
Travis CAD	1,654	\$ 50,035,846,179	17.76%

BUDGET OVERVIEW

Benefits

At Travis Central Appraisal District, we value our people. We invest in benefits and programs that embrace what makes each of us unique and empower all of us to thrive.

Vacation

Vacation leave is offered to full-time, regular employees and is accrued based on the Vacation Accrual Schedule.

Vacation Accrual Schedule

Years of Service	Accrual per Month
1 – 4	8 Hours
5 – 9	9 Hours
10 – 14	10 Hours
15 – 20	11 Hours
20 +	12 Hours

Paid Holidays

Paid holidays are based on the Paid Holidays Schedule. A holiday falling on Saturday will be observed the preceding Friday, and a holiday falling on Sunday will be observed the following Monday. Two days for Personal Holidays are available at an employee's request.

Paid Holidays Schedule

New Year's Day	Memorial Day	Labor Day	Thanksgiving Day
Martin Luther King Day	Juneteenth	Columbus Day	Day After Thanksgiving
Presidents' Day	Independence Day	Veterans' Day	Christmas Eve & Christmas Day

Sick Leave

Full-time, regular employees shall earn eight (8) hours of sick leave per month with no accrual limit and no carry-over limit. Sick leave may be used after an employee's first pay period. Sick leave is scheduled in quarter-hour increments.

Retirement & Deferred Compensation Plan

Our primary retirement plan is with Texas County & District Retirement System (TCDRS). The TCDS plan replaces Social Security for District employees. Employees contribute 7% of earnings to the TCDS plan through payroll deduction. Currently, the District matches employee contributions to TCDS at 250%. Employees vest after 10 years of service with a qualifying agency and are eligible for retirement when the rule of 75 is met, meaning the employees age and years of service total 75.

Retirement 401(a) is fully funded by the District, contributing no less than 5% of employee W-2 earnings to the plan annually. The prior year's 401(a) contributions are made in January. The employee must be employed on the last day of the year to qualify for the contribution. Employees vest on a 5-year graded vest outlined below:

1 Year	2 Years	3 Years	4 Years	5 Years
20%	40%	60%	80%	100%

BUDGET OVERVIEW

Deferred Compensation 457(b) is voluntary and has a post-tax (ROTH) provision and a pre-tax provision. The District matches employee contributions to the 457(b) plan, with deposits to the 401(a) plan. The first 3% of employee contributions are matched at 100%, and the next 2% of employee contributions are matched at 50%.

Longevity Pay

Effective January 1, 2024, longevity pay for regular employees is contingent on their extended tenure and dedicated service to the organization. The Chief Appraiser is excluded from longevity pay. Longevity pay of \$5 per month for each year of service is granted annually after three (3) years of uninterrupted employment from their hire date. Employees are rewarded with a lump sum payment for the preceding year on each successive anniversary thereafter. However, if an employee resigns or is terminated before their anniversary date, they forfeit the longevity pay for that year.

Benefit Coverage Offerings

Full-time, regular employees actively working 30 hours or more per week may elect to participate in any or all our benefit programs.

Coverage Offerings

Medical	Voluntary Vision	Long Term Disability	Flexible Spending Account (FSA)
Dental	Basic Life and AD&D	Personal Disability	Health Reimbursement Account (HRA)
EAP	Voluntary Life and AD&D	Long Term Care	Voluntary Supplemental Benefits

Medical Insurance

The District offers all full-time employees health insurance through the District's health insurance provider. The District pays 100% of the premium. The District also offers dependent coverage through the District's health insurance provider. The District pays 75% dependent premiums.

Health Reimbursement Account (HRA)- Direct Pay

The District offers an HRA for employees participating in the Buy-Up plan. The HRA plan will reimburse each eligible employee for medical and dental copays, coinsurance, out-of-pocket vision, and deductible charges up to a maximum of \$4,500 for the covered employee and his or her covered dependents.

Vision Insurance

The District offers all full-time employees and retirees access to a voluntary vision plan.

Dental Insurance

The District offers all full-time employees and retirees dental insurance through the District's dental insurance provider.

BUDGET OVERVIEW

Health Reimbursement Account (HRA)- Dental

The District funds an HRA for employees participating in the District's dental plan. The HRA will reimburse each eligible employee participating in the dental plan up to a maximum of \$2,000 for the covered employee and his or her covered dependents.

Retiree Healthcare

Retiree health benefits prior to Medicare eligibility:

Active TCAD employees with a minimum of 10 years of service at TCAD, who either retire or qualify for TCDRS retirement and leave the funds in TCDRS after separation, may be eligible to remain on the TCAD health plan. If eligible, TCAD will pay 50% of the premium for his or her health care plan coverage until eligible for Medicare. Retirees can remain on the Dental and Vision plan at cost.

Active TCAD employees with a minimum of 20 years of service, who either retire or qualify for TCDRS retirement and leave the funds in TCDRS after separation, may be eligible to remain on the TCAD health plan. If eligible, TCAD will pay 100% of the premium for his or her health care plan coverage until eligible for Medicare.

Retiree health benefits after eligible for Medicare:

Current and former employees with a minimum of 10 years of service at TCAD, who either retire from TCAD or qualify for TCDRS retirement and leave the funds in TCDRS after separation, may be eligible to purchase a Medicare Advantage Plan once enrolled in Medicare Part A and B. If eligible, TCAD will pay 80% of the premium for his or her Medicare Advantage plan.

Basic Life and AD&D

The District provides all full-time employees who are actively at work a basic life and accidental death and dismemberment (AD&D) plan in the amount of two times annual earnings, to a maximum of \$400,000. There is no cost to the employee for this plan. Employees may purchase additional coverage up to a maximum of \$450,000, but not to exceed 5 times your annual earnings.

Long-term Disability Insurance

The District provides long-term disability income benefits to full-time employees who are actively at work. There is no cost to the employee for this plan. The primary LTD insurance plan will replace 60% of pre-disability income, up to \$5,000 per month. The District purchases a secondary plan that provides total income replacement to 75% of pre-disability income.

BUDGET OVERVIEW

Long-term Care Insurance

The District offers all full-time employees a base plan for long-term care insurance at no cost to the employees. The base plan provides a \$70 daily benefit to a maximum amount of \$51,100 over a two-year benefit period. Employees are given the option to buy additional voluntary coverage.

Employee Assistance Program (EAP)

All full-time employees, as well as family members residing in the employee's household, have access to a variety of services through EAP. The EAP provides referrals to counseling services, and employees may access 6 sessions at no cost, per issue, per year. The EAP addresses a variety of issues, including stress, financial issues, legal, free simple Last Will & Testament, depression, marital problems, family problems, behavioral problems, and drug/alcohol problems.

BUDGET OVERVIEW

Projected Changes in Fund Balance

The Government Finance Officers Association (GFOA) describes fund balance as the difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources. There are five different components of fund balance (nonspendable, restricted, committed, assigned, and unassigned) designed to indicate both:

- Constraints on how the resources of the fund can be spent, and
- The sources of those constraints.

For the fiscal year ending December 31, 2024, the District had a total fund balance of \$5,679,850, with \$770,216 being nonspendable fund balance for prepaid items, \$2,489,370 being committed fund balance for reserves for future expenditures, and \$2,420,264 being unassigned. The District's fund balance is increased by miscellaneous revenue that appraisal districts are allowed to exempt from the credit of surplus funds back to the jurisdictions and funds held in reserve. Miscellaneous revenue includes revenue from the sale of data produced by the District, as well as any late payment rendition revenue that is split between the District and the county tax assessor-collector. For the fiscal year ending December 31, 2024, the District expects to have approximately \$209,000 in miscellaneous revenue that will increase the unassigned fund balance accordingly.

The District currently has seven reserve funds that are held as committed fund balances. The reserve balances as of December 31, 2024, are as follows:

Committed Fund Balances	
Reserve Fund	Balance as of 12/31/2024
Reserve for Computer Equipment	89,594
Reserve for Network Infrastructure	350,000
Reserve for Technology Enhancements	154,192
Reserve for Litigation	1,176,030
Reserve for Building Repair & Replacement	-
Reserve for Appraisal Review Board Operations	-
Reserve for Market Data Purchases	150,000
Reserve for Board Election	569,554
Total	\$ 2,489,370

BUDGET OVERVIEW

This District has estimated end-of-year surplus funds and proposed use of reserve funds in 2025 to determine an estimate of ending fund balance as of December 31, 2025.

	Balance- as of	2025 Budgeted	2025	Estimated EOY	2026 Proposed	Estimated Ending
	12/31/2024	Reserves	Surplus Funds	2025 Balance	Budgeted Reserve Funds	Balance, Dec. 31, 2026

Reserve for Board Election	569,554			569,554		569,554
	\$ 2,489,370	\$ 150,000	\$ -	\$ 2,639,370	\$ -	\$ 2,639,370
Total Fund Balance	\$ 5,679,850	\$ 150,000	\$ 209,000	\$ 6,038,850	\$ 209,000	\$ 6,247,850

BUDGET OVERVIEW

Long-Term Financial Plans

Travis County has seen an unprecedented rate of growth over the last decade. Since 2000, Travis County has seen a median population increase of 2.5%. From 2021 to 2022, Travis County experienced an estimated 3.9% population growth. As the population increases, so does the market value of properties within Travis County. The total market value of all properties within Travis County experienced unprecedented growth in 2022 as well, seeing a 37.41% increase over the 2021 total market value. The residential housing market began to stabilize in 2023 with increasing residential inventory and a slowing market due to higher interest rates.

In 2024, Travis County experienced a slight decrease in total market value for the first time in over a decade, dropping from \$469 billion in 2023 to \$459 billion. This modest decline reflects the cooling of the residential real estate market due to sustained higher interest rates, decreased investor activity, and growing affordability constraints. While population growth remained steady, the real estate market began to correct from the rapid appreciation observed during the pandemic-era boom.

Despite this dip, the overall property tax base remains historically high, with the 2024 total market value still well above pre-2020 levels. This signals a potential shift toward a more sustainable growth trajectory.

Looking ahead to 2025, Travis County experienced continued market stabilization. The appraisal roll increased 4.1% to \$482 billion in market value. Residential values decreased 4.2% from 2024 values, while commercial values drove most of the growth in the appraisal roll, with industrial increasing by 17.5% and multifamily units increasing by 15.7%. While market values continue to stabilize, the county's strong fundamentals, including consistent population growth and economic diversification, are expected to support long-term property value resilience.

Population & Travis County Market Value

BUDGET OVERVIEW

The number of real estate sales and permits within Travis County continues to increase annually, with a 133.2% increase in permits filed and a 19.2% increase in the number of real estate sales over the last ten years.

Travis County Sales & Permits

Since Texas is a non-sales disclosure state, the appraisal district must comb through numerous data sources to gain a large enough sample of sales to perform its statutory duty of appraising property at 100% of market value. Similarly, for each new permit filed, an appraiser has to field-check the property and determine the value of the new improvements. This increased workload will continue into the foreseeable future, and the District must prepare to increase staff to levels that are commensurate with the amount of work required in future budget years.

The District must register each appraiser with the Texas Department of Licensing and Regulation (TDLR) before the employee can complete any appraisal work. Holding an appraisal license through TDLR requires training that must be completed within the first 5 years of employment. The cost to the District for an appraiser to complete the required core courses for their license is \$12,500 for an entry-level appraiser. With an increased number of staff needed to complete statutorily mandated tasks, the cost of training new employees will affect future budgets. HR professionals estimate that the true cost of an employee separation is 2.5 times the employee's annual salary. Employee separations will affect future budgets and retaining a qualified and skilled workforce will be a focus for the District in future years. The District will continue to focus on employee retention by providing a positive work environment, competitive pay, and outstanding benefits.

CONTACT INFORMATION

Should you have any questions about the District's FY 2026 proposed budget or the budgeting process, please contact Kat Harvey, Director of Administration for the Travis Central Appraisal District at (512)834-9317 Ext. 313 or by e-mail at Kharvey@tcadcentral.org.

REVENUE BUDGET

Pease Park Tree House Structure by Mell Lawrence Architects via Instagram @ml_arch

REVENUE BUDGET

The revenue budget for fiscal year 2026 totals \$34,369,980. Since the District uses a balanced budget policy, budgeted assessments to the taxing units must equal budgeted expenditures. Budgeted assessments to the taxing units and budgeted expenditures both total \$34,160,980. The additional \$209,000 in the revenue budget is for miscellaneous income. These funds are retained by the District to support operations and ensure financial stability across fiscal years.

Where the Money Comes From...

Assessments to the taxing entities: The majority of the District's revenue comes from the taxing entities of Travis County (99.26%). The District serves 203 local government agencies, including 22 cities, 18 emergency districts, the county, the hospital district, the junior college, 75 municipal utility districts, 15 school districts, 21 water control improvement districts, and 49 other entities. For 2024, the projected tax levy for all taxing units in Travis County is \$6,355,794,233. Each taxing entity is allocated a portion of the budget equal to the proportion that the total dollar amount of property taxes imposed by the unit for the tax year in which the budget proposal is prepared bears the sum of the total dollar amount of property taxes imposed in the district by each participating unit for that year. The budget liability is then divided into four equal installments paid at the beginning of each quarter. If a taxing unit decides not to impose taxes for any tax year, the unit is not liable for any costs of operating the district for that year, and those costs are then allocated among the other taxing entities. The revenue budget for assessments from the taxing entities totals \$34,160,980 for the 2026 fiscal year. A chart showing an estimate of each taxing unit's proportionate share, along with the information used to calculate their budget liability to the District, is provided on the following pages. Once the District certifies the taxable values for each taxing unit and tax rates are set by each unit, the District will send a final notice of liability to each taxing unit. This typically happens in November after the November general elections.

REVENUE BUDGET

If the District has a surplus of revenues over expenditures from the preceding year's budget, the District must reduce the current budget allocation to each taxing unit proportionately for the year in which the surplus is from. This is shown as a refund of appraisal assessments and is a contra revenue account, which consequently reduces budgeted revenues required by the taxing units for that fiscal year.

Other Income: Other income, totaling 0.64% of the District's revenue budget, is comprised of (1) charges for services, (2) investment income, and (3) miscellaneous revenue.

Investment earnings	\$	150,000	71.77%
Charges for services		9,000	4.31%
Miscellaneous Revenue		50,000	23.92%
	\$	209,000	100.00%

Investment Income: Revenue earned from cash in the District's banking and investment accounts.

Charges for Services: The charges for services revenue line item is for fees charged by the District to taxpayers and other organizations for data. The District collects fees from taxpayers and other agencies for data provided. Examples of data provided by the District for a fee are maps of the county and data exports from the District's appraisal software. The total budget for charges for services is \$9,000 or 0.03% of the total revenue budget.

Miscellaneous Revenue: The miscellaneous revenue line item is comprised mainly of fees from late rendition penalties paid by taxpayers and fees to public improvement districts. The total budget for miscellaneous revenue is \$50,000 or 0.14% of the total revenue budget.

Late Rendition Penalty Payments	\$	31,717
Public Improvement District Fees	\$	18,283
	\$	50,000

The District has seen an increase in the creation of Public Improvement Districts over the past two to three years. A public improvement district, or PID, is a defined geographical area established to provide specific types of improvements or maintenance within the area which are financed by assessments to the property owners within the area.

Public improvement districts have become a valuable financing strategy for municipalities in recent years. As previously stated, appraisal district budgets are funded by the taxing entities within the appraisal district boundaries based on their proportionate share of the tax levy. Public improvement districts do not have a levy and therefore do not contribute to the District's annual budget. However, appraisal districts are continuing to provide appraisal services and reporting for these public improvement districts.

In 2023, Travis CAD implemented a funding strategy similar to the Travis County Tax Office where public improvement districts will be assessed an annual fee based on the parcel count within the public improvement district.

REVENUE BUDGET

For fiscal year 2026, TCAD determined this rate to be \$2.38 per parcel. Additionally, new public improvement districts will be assessed a fee of \$1,000 as a setup fee to assist with the cost of setting up the public improvement district in the district's CAMA system.

When estimating revenues for the budget, the District assumes that all taxing entities will pay their liability in full. For the past ten years, the District has collected 100% of assessments to the taxing entities.

CAPITAL IMPROVEMENT PLAN (CIP)

UT Tower by Bud Frank via GuideToAustinArchitecture.com

CAPITAL IMPROVEMENT PLAN (CIP)

Capital Improvement Plan Overview

The Capital Improvement Plan (CIP) is a multi-year plan to address capital projects necessary to maintain infrastructure and replace aging equipment. The plan is updated annually to reflect the latest priorities, updated cost estimates, and available funding information.

A capital asset, by definition, includes land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. The District's capitalization threshold is \$1,000 and a useful life of more than one year. The District's finance department is responsible for the establishment, maintenance, and safeguarding of all fixed assets. The District's capital assets are depreciated using the straight-line method over their estimated useful lives outlined below based on the following asset classes:

Asset Class	Useful Life
Land	Inexhaustible
Building	50 years
Building Improvements	5-10 years
Computer Equipment	3-5 years
Furniture & Equipment	5-10 years
Vehicles	5-10 years

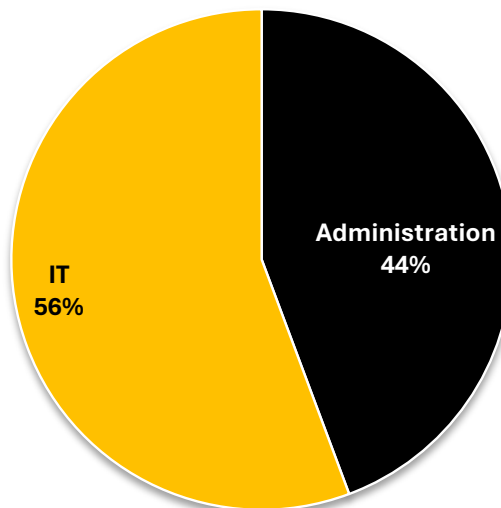

CAPITAL IMPROVEMENT PLAN (CIP)

2026 Capital Improvement Plan

For fiscal year 2026, the District has budgeted \$361,049 for capital asset expenditures. The chart below shows the breakdown by department.

Department	Capital Asset to be Purchased	Budgeted Cost
Administration (10)	A/C Repairs & Replacements	\$ 10,000
	Third Floor Finish Out	\$ 150,000
IT (20)	UPS Battery Replacements (1/3 Replacement annually)	9,889
	Electric UPS Replacement (84-pole panel)	69,181
	Veeam1 (for onsite backups)	14,680
	Dell Optiplex AIO for ARB Panels for Appraisers	41,880
	Dell AIO for ARB Panel, Kiosks, & Training Rooms	45,220
	APC Netshelter (Server Racks)	13,350
	HP Printers for New Hires	850
	Network Switches	6,000
	Total Capital Expenditures	\$ 361,049

Capital Expenditures by Department

CAPITAL IMPROVEMENT PLAN (CIP)

Capital Asset to be Purchased	Total Cost	Routine	Non-Routine
A/C Repairs & Replacements	\$ 10,000	\$ 10,000	
Third Floor Finish Out	150,000		\$ 150,000
UPS Battery Replacements (1/3 Replacement annually)	9,889	\$ 9,889	
Electric UPS Replacement (84-pole panel)	69,181		\$ 69,181
Veeam1 (for onsite backups)	14,680		\$ 14,680
Dell Optiplex AIO for ARB Panels for Appraisers	41,880		\$ 41,880
Dell AIO for ARB Panel, Kiosks, & Training Rooms	45,220		\$ 45,220
APC Netshelter (Server Racks)	13,350		\$ 13,350
HP Printers for New Hires	850	\$ 850	
Network Switches	6,000	\$ 6,000	
Total Capital Expenditures	\$ 361,049	\$ 26,739	\$ 334,310

2026 Routine Capital Projects

A/C Repairs & Replacements

The District budgets for A/C unit repairs and replacements each year.

UPS Battery Replacements

Each year, the District replaces 1/3 of the batteries in the UPS battery backup system.

Printers

The District sets aside a small annual amount to replace aging or malfunctioning printers as needed to maintain operational efficiency in key departments.

Network Switches

The District anticipates that, due to their age, we will need to replace several networking switches throughout the building.

DEBT ADMINISTRATION

Bullock Texas State History Museum, courtesy of the Texas Historical Foundation (via Facebook)

DEBT ADMINISTRATION

All financing of capital projects must be included in the current year's adopted budget and approved by the Board of Directors. Appraisal districts are not authorized to levy ad valorem taxes or issue bonded indebtedness or other debt instruments. Therefore, any capital asset acquisition requiring the use of financing must be done through the budget process. For real property purchases, special stipulations for appraisal districts are outlined in the Texas Property Tax Code, Section 6.051.

The District completed a lease/purchase agreement in May 2019 for the property located at 850 E. Anderson Lane. The information provided on the following pages encompasses the entirety of debt obligations for the District.

Loan: Government Capital Corp.

Origination Date: May 31, 2019

Interest Rate: 4.319%

Loan Term: 20 years.

Payment Amount: \$187,298.41

Payments per year: 4

The District made a large lump sum payment in 2022 after the sale of our office located at 8314 Cross Park Drive and the adjacent lot at 2304 Forbes Lane. The final payment for the note will now be made in 2027, twelve years sooner than originally anticipated.

READER'S GUIDE TO DEPARTMENT BUDGETS

This reader's guide is designed to provide an explanatory introduction to the department budget pages. In these pages, you will find program descriptions, detailed budget information, and key performance indicators for each TCAD department. The following provides a starting point for understanding these pages:

Department Budget History

The department budget history provides a comprehensive view of fund allocations and historical values from previous years. Charts are organized by department and employee size for easy comparison. This section also includes data specific to the ARB & 850 EAL Holding Corp.

Department Overview and Program Descriptions

Each department begins with an organizational chart that outlines the departmental structure, including positions and their respective salary ranges. Following this, the mission statement is presented, articulating the department's fundamental purpose. This is followed by clearly defined goals and objectives, laying out the strategic direction and what the department aims to achieve. Key tasks and associated deadlines are then listed, providing a timeline for expected deliverables.

Operating Budget

The budget section follows, detailing current financial allocations along with a comparison to the previous year's budget, highlighting any changes. This section also includes a chart of budget allocations, a budget history, and charts for personnel and benefits historical actuals. If applicable, any significant historical actuals charts are presented.

Personnel changes

The final sections address personnel changes, offering insights into any adjustments in staffing or structure. This comprehensive layout ensures a clear and structured presentation of the department's operational framework and financial overview.

ADMINISTRATION

Mission Statement

The mission of the Administration department, which includes Human Resources, Finance, Facilities Maintenance, Internal Audit and Compliance, and the Offices of the Chief Appraiser, Deputy Chief of Appraisal, Deputy Chief of Operations, and Chief Strategy Officer, is to provide timely, useful, and accurate information to all internal and external customers. These include staff, division directors, the Board of Directors, the taxing jurisdictions of Travis County, and all taxpayers of Travis County. The department is also responsible for maintaining prudent control of the District's cash and investments, supporting ethical and compliant operations through independent oversight and risk mitigation, and ensuring that all mission critical tasks of the appraisal district are completed in accordance with legislative requirements.

Goals & Objectives

The goals and objectives of this department include planning, organizing, directing, and managing the business support functions of the District, including human resources, budget, finance, purchasing, payroll, facilities maintenance, internal audit and compliance, and mail services. Additional responsibilities include conducting staff training and continuing legal education, tracking and analyzing legislative bills, and providing notary and translation services for forms and documents. The department also supports accountability and transparency through oversight of compliance efforts and internal controls that ensure adherence to policies, procedures, and applicable laws.

LITIGATION

Mission Statement

The mission of the Litigation department is to provide legal analysis and property valuations for the District during informal and formal hearings, arbitrations, settlement conferences, mediations, SOAH hearings, and lawsuits filed in Travis County under the Texas Property Tax Code and appraisal practices and standards. The department is committed to carrying out these duties in a professional, friendly, courteous, and ethical manner.

Goals & Objectives

Litigation

The goals and objections of this department include managing lawsuits, arbitrations, SOAH hearings, mediations, and settlement conferences (internally and with outside counsel); coordinating all arbitration filings and proceedings, including preparation of supporting documentation, coordination with litigation appraisers, and representation at arbitration hearings; preparation and review of expert reports; filing and answering lawsuits; preparing and answering discovery, motions, and judgments; and providing legal advice on day-to-day issues involving the Texas Property Tax Code, exemption applications, contracts, open meetings, and public information requests. The litigation appraisers handle all the arbitrations and coordinate valuation efforts for use in SOAH hearings, mediations, and settlement conferences involving real property.

Performance Measures/Indicators	2024 Actual	2025 Estimated	2026 Projected

INFORMATION TECHNOLOGY

Mission Statement

The mission of the Information Technology department is to provide, develop, and maintain a highly effective, reliable, secure, and innovative technology infrastructure which supports all facets of the District staff, division directors, Board of Directors, taxing jurisdictions of Travis County, and all taxpayers of Travis County in the most cost-effective manner.

Goals & Objectives

The Information Technology department's function is to manage the activities of the information technology environment, including the network, security, database, and CAMA software administration. This department is highly technical in all areas for troubleshooting, evaluating, and recommending changes to current and future network requirements to meet the District's needs. The IT department works closely with management and the District's software vendor to help design and implement new software features and programming changes, including changes required by legislative mandate. This department coordinates supplement processing with entities and District staff, works with various departments of the taxing units to electronically exchange information, and provides data/information for all taxing units as requested. The IT department also processes record requests requiring computer-generated information.

GEOGRAPHIC INFORMATION SYSTEMS

Mission Statement

The mission of the Geographic Information Systems (GIS) department, which includes the mapping staff and the data entry staff, is to create new real property accounts and maintain ownership, mailing addresses, and taxing entities on the existing property accounts in an efficient and effective manner.

Goals & Objectives

The GIS department's function is to set up new real estate accounts as recorded on subdivision plats, condominium declarations, and deed records recorded at the Travis County Clerk's office. It is also the responsibility of the GIS department to maintain current ownership and mailing addresses on these properties. Ownership records are recorded and received from the Travis County Clerk and District Clerk offices. Mailing address changes are received from the property owners and the United States Postal Service. It is also the GIS department's responsibility to maintain current taxing entity records. The annexation and de-annexation information is received from the various taxing entities.

Performance Measures/Indicators:	2024 Actual	2025 Estimated	2026 Projected

CUSTOMER SERVICE

Mission Statement

The mission of the Customer Service department is to provide professional and courteous assistance to the public and ensure that exemptions are granted fairly and consistently.

Goals & Objectives

The Customer Service department is responsible for representing the District in frequent contact with the public. This department assists property owners, property tax professionals, attorneys, and the public with any request. The customer service department administers homestead, disabled veteran, and over-65 exemptions and is responsible for ensuring that exemptions are fairly and consistently granted per the Texas Property Tax Code.

APPRAISAL SUPPORT

Mission Statement

The Appraisal Support Division endeavors to ensure that data gathered supporting appraised values is entered accurately into District records and to facilitate communication with customers during the protest season.

Goals & Objectives

The Appraisal Support division is responsible for accurately entering data, ensuring protests are entered in a timely manner, verifying that all required forms are executed appropriately, scheduling protest hearings, and ensuring that customers receive prompt attention and accurate information.

COMMERCIAL APPRAISAL

Mission Statement

The mission of the Commercial Appraisal department of the Travis Central Appraisal District is to provide accurate appraisals of all commercial properties in Travis County at one hundred percent of market value, equally and uniformly, in a professional and ethical manner, according to the Texas Property Tax Code, USPAP, and generally adhered to IAAO standards but for jurisdictional exceptions.

Goals & Objectives

The Commercial Appraisal department is responsible for appraising all commercial properties within Travis County, including all multi-family properties of five units and larger, retail, office, industrial, and lodging properties. This department must gather data pertaining to quality, classification, and value of complex commercial properties. They are responsible for scheduling that allows for the systematic processing of commercial protests in a timely manner, which will allow the District to certify timely. They are also responsible for performing appraisals, data collection, sales analysis, and estimates for construction costs for various types of commercial properties.

PERSONAL PROPERTY APPRAISAL

Mission Statement

The mission of the Business Personal Property Appraisal department is to discover, value, and resolve disputes of all business personal property within Travis County following Uniform Standards of Professional Appraisal Practice (USPAP) Standard 6 for mass appraisal; to treat all businesses fairly and uniformly as they relate to others in their industry, to comply with the Texas Comptrollers' guidelines; and to work in unison with all other departments to convey an accurate and fair representation of market value for the local taxing jurisdictions.

Goals & Objectives

The Business and Personal Property (BPP) Appraisal department is responsible for the fair and equitable appraisal of all business and personal property in Travis County. This department is responsible for valuing all personal property accounts, including equipment, inventory, furniture, fixtures, and vehicles. They are also responsible for administering abatements, special inventory, and freeport exemptions. Additionally, they oversee contract appraisals for utilities, transportation, and minerals.

RESIDENTIAL APPRAISAL

Mission Statement

The mission of the Residential Appraisal department of the Travis Central Appraisal District is to incorporate best practices to provide accurate appraisals of all residential properties in Travis County at market value, equally and uniformly in a professional and ethical manner within the framework of the Texas Property Tax Code and USPAP, subject to jurisdictional exceptions, and within the guidelines and standards of IAAO. The residential department is also responsible for the appraisals of all taxable land parcels and determining if the property is qualified for open space valuation in Travis County.

Goals & Objectives

The Residential Appraisal department is responsible for the fair and equitable appraisal of all residential property in Travis County, including houses, mobile homes, duplexes, triplexes, fourplexes, and residential condominiums. This department is responsible for applying generally accepted appraisal methods to estimate the value of all residential property in Travis County and producing an accurate residential appraisal roll. This department is also responsible for the scheduling that allows for the systematic processing of residential protests in a timely manner, which will allow the District to certify in a timely manner. This department values all land and builder's inventory, as well as places productivity values on properties.

APPRAISAL REVIEW BOARD (ARB)

Independent Review Body Appointed by District's Board of Directors
(Not a TCAD Department)

APPRAISAL REVIEW BOARD

When the Texas Legislature enacted the Texas Property Tax Code, legislators realized the need to have an administrative remedy, outside of district court, for property owners to address concerns relating to the appraisal district's determination of market values. The answer was the establishment of Appraisal Review Boards (ARB). The ARB is an independent, impartial group of citizens authorized to resolve disputes between taxpayers and the appraisal district.

In Travis County, ARB members are appointed by the District's Board of Directors for two- year terms. At the end of their term, an ARB member may reapply for another period of two years for a total of three consecutive two-year terms. To qualify for service on the ARB, an individual must be a resident of Travis County for at least two years before taking office. No employees or officers of the appraisal district or any taxing unit within Travis County, past or present, may sit on the ARB. The individuals cannot be closely related to any tax agent or tax appraiser within the appraisal district boundaries.

For cost-savings purposes, the ARB meets at the appraisal district office. However, it is not controlled by the appraisal district and is a separate authoritative body. The ARB has no role in the day-to-day operations of the appraisal office or in appraising property. The ARB only has authority over the protests submitted to it. Only in resolving taxpayer protests can the ARB make changes or set a value on its own. Such a change only affects the property in question and decisions are binding only for the year in question.

850 EAL HOLDING CORP.

(Component Unit of the District)

850 EAL HOLDING CORP.

The 850 EAL Holding Corporation is a separate legal entity established in 2019 to finance the building acquisition and renovation of the District's office located at 850 E. Anderson Lane. Since the entity's primary purpose is to support the District, the 850 EAL Holding Corp. is reported as a blended component unit of the District and presented as a special revenue fund and a part of the governmental activities of the District in the financial statements. Details of the District's debt can be found on the Debt Administration section of the budget on pages 72-76.

STATISTICAL SECTION

2024 Exemptions

The general residence homestead exemption is for owner-occupied residential properties. The exemption removes a portion of a property's value from taxation, providing a lower tax amount for the homestead property.

If a property owner qualifies for the Over 65 exemption, there is a property tax "ceiling" that automatically limits school taxes to the amount paid in the year the owner first qualified for the exemption.

100% disabled veterans are eligible for 100% exemptions for their residence homestead. Documentation from the Department of Veterans Affairs must be submitted indicating 100 percent disability due to a service-connected disability AND a rating of 100 percent disabled or a determination of individual unemployability.

Non-profit organizations that are eligible for property tax exemptions include, but are not limited to, certain charitable organizations, youth development organizations, religious organizations, non-profit private schools, charitable hospitals, cemeteries, and veterans' organizations.

Property owners with mineral property worth less than \$500 or business personal property worth less than \$2,500 are exempt from property taxes. No exemption application is required.

STATISTICAL SECTION

Taxpayer Appeals

Taxpayers have the right to appeal their property's valuation. The Appraisal Review Board considers all evidence presented by the property owner and the appraisal district at formal hearings. They then rule on the value of the property in question.

**10 Year History of
Property Appeals**

Taxpayer protests can be filed by the property owner or an authorized agent for the property owner. Protests can be filed electronically through the public portal or using the paper protest form.

**Distribution of 2024
Appeals
by Filing Type**

**Distribution of 2024
Appeals
by Filing Method**

STATISTICAL SECTION

Distribution of 2024 Appeals by Market Value

Distribution of 2024 Appeals By Number of Appeals Filed

STATISTICAL SECTION

Taxpayers who file an appeal are first given an opportunity to meet informally with an appraiser. If the property owner is unable to reach a value agreement with the appraiser, they can then take their protest to the Appraisal Review Board for a formal hearing.

Taxpayers dissatisfied with the Appraisal Review Board's formal hearing determination may appeal the decision to arbitration, the State Office of Administrative Hearings, or District Court.

Comptroller PTAD Studies: 2024 Property Value Study (PVS)

Annually, the Comptroller's Property Tax Assistance Division performs either a Property Value Study (PVS) or Methods and Assistance Program (MAP) review of each appraisal district.

The purpose of the PVS is to determine the median level of appraisal for the appraisal district and determine the taxable value for each ISD for school funding purposes. Travis CAD received its most recent PVS review in 2024 and the results are presented below.

Comptroller PTAD Studies: 2023 Methods and Assistance Program Review

Travis CAD received its most recent MAP review in 2023. The review is designed to determine whether appraisal districts are meeting minimum requirements for appraisal duties and reviews specifically for governance, taxpayer assistance, operating procedures, appraisal standards, and methodology. Travis CAD passed all mandatory requirements and received a meets all rating in all areas of review.

Glenn Hegar
Texas Comptroller of Public Accounts
2022-23 Final Methods and Assistance Program Review
Travis Central Appraisal District
Current MAP Cycle Chief Appraiser(s): Marya Crigler
Previous MAP Cycle Chief Appraiser(s): Marya Crigler

This review is conducted in accordance with Tax Code Section 5.102(a) and related Comptroller Rule 9.301. The Comptroller is required by statute to review appraisal district governance, taxpayer assistance, operating procedures and appraisal standards.

Mandatory Requirements	PASS/FAIL
Does the appraisal district board of directors, through the chief appraiser, ensure administrative functions are followed in accordance with Chapter 6 of the Texas Property Tax Code?	PASS
Does the appraisal district have up-to-date appraisal maps?	PASS
Is the implementation of the appraisal district's most recent reappraisal plan current?	PASS
Are the appraisal district's appraisal records up-to-date and is the appraisal district following established procedures and practices in the valuation of property?	PASS
Are values reproducible using the appraisal district's written procedures and appraisal records?	PASS

Appraisal District Activities	RATING
Governance	Meets All
Taxpayer Assistance	Meets All
Operating Procedures	Meets All
Appraisal Standards, Procedures and Methodology	Meets All

Appraisal District Ratings:

STATISTICAL SECTION

Appraisal District Workload - Appraisal Functions

The appraisal functions for the Travis Central Appraisal District are divided into three departments- Commercial Appraisal, Residential Appraisal, and Business Personal Property Appraisal. Within these three departments, there are a total of 79 full-time employees. Of those staff members, 35 are Registered Professional Appraisers (RPA) through the Texas Department of Licensing and Regulation (TDLR), with an additional 42 staff members registered with TDLR and working towards their RPA Designation.

Appraisal Phase

During the appraisal phase, appraisers conduct field inspections and aerial reviews of properties to discover any new properties and list all characteristics of new and existing properties. These steps are the foundation of determining a market value for each property within Travis County. The staff also determines a property's situs, or where it will be taxable. The appraisal district then sends a notice of appraised value to each property owner listing their property's market value for the tax year, along with other information required by the Texas Property Tax Code. Travis CAD then compiles a formal list of all taxable property, known as the appraisal records, and delivers the records to the Appraisal Review Board before beginning the next phase of the cycle.

Equalization Phase

During the equalization phase, property owners can protest their appraisal on the basis that their market value is excessive, they were unequally appraised, a determination of situs, the denial of any exemptions, the denial of special-use appraisal, a determination of a change of use on previously qualified agricultural or timber land, a determination of ownership, the failure of the ARB or appraisal district to send required notices, or any other action that applies to and adversely affects the property owner. Appraisers will meet informally with property owners and agents to discuss a protest and try to resolve any concerns. If a property owner and appraiser cannot reach an agreement, the protest is heard by the Appraisal Review Board, an independent body of citizens tasked with hearing property owner protests and making a determination on the protest.

Note: The other two phases of the appraisal cycle do not pertain to the appraisal functions and are not reported here.

STATISTICAL SECTION

Appraisal District Workload - Appraisal Functions

COMMERCIAL APPRAISAL

The Commercial Appraisal department is responsible for appraising all commercial properties within Travis County, including all multi-family properties of five units and larger, retail, office, industrial, and lodging properties. This department must gather data pertaining to the quality, classification, and value of complex commercial properties. They are responsible for scheduling that allows for the systematic processing of commercial protests in a timely manner, which will allow the District to certify in a timely manner. They are also responsible for performing appraisals, data collection, sales analysis, and estimates for construction costs for various types of commercial properties.

Appraisal District Workload – Property Owner Outreach & Support Functions

The property owner outreach and support functions are comprised of the Communications and Customer Service departments. There are 22 full-time employees performing these functions. The public outreach is managed by the District's Chief Strategy Officer and the property owner support functions are managed by the Customer Service Director.

PROPERTY OWNER OUTREACH

Property owner outreach is designed to provide beneficial information to property owners on the property tax system and the Travis Central Appraisal District's processes and procedures. These educational opportunities are provided through public outreach events and messaging available on the District's public website.

Property Owner Outreach

INFORMATION TECHNOLOGY

The Information Technology department's function is to manage the activities of the information technology environment including the network, security, database, and CAMA software administration. This department is highly technical in all areas for troubleshooting, evaluating, and recommending changes to current and future network requirements to meet the district's needs. The IT department works closely with management and the District's software vendor to help design and implement new software features and programming changes, including changes required by legislative mandate. This department coordinates supplement processing with entities and District staff, works with various departments of the taxing units to electronically exchange information, and provides data/information for all taxing units as requested. The IT department also processes record requests requiring computer-generated information.

APPENDIX

SECTION 6.06 PROPERTY TAX CODE, APPRAISAL DISTRICT BUDGET AND FINANCING

- (a) Each year the Chief Appraiser shall prepare a proposed budget for the operations of the district for the following tax year and shall submit copies to each of the taxing units participating in the district and to the district board of directors before June 15th. He shall include in the budget a list showing each proposed position, the proposed salary for the position, all benefits proposed for the position, each proposed capital expenditure, and an estimate of the amount of the budget that will be allocated to each taxing unit. Each taxing unit entitled to vote on the appointment of board members shall maintain a copy of the proposed budget for public inspection at its principal administrative office.
- (b) The board of directors shall hold a public hearing to consider the budget. The secretary of the board shall deliver to the presiding officer of the governing body of each taxing unit participating in the district not later than the 10th day before the hearing. The board shall complete its hearings, make any amendments to the proposed budget it desires, and finally approve a budget before September 15. If governing bodies of a majority of the taxing units entitled to vote on the appointment of board members adopt resolutions disapproving a budget and file them with the secretary of the board within 30 days after its adoption, the budget does not take effect, and the board shall adopt a new budget within 30 days of the disapproval.
- (c) The board may amend the approved budget at any time, but the secretary of the board must deliver a written copy of the proposed amendment to the presiding officer of the governing body of each taxing unit participating in the district not later than the 30th day before the date the board acts on it.
- (d) Each taxing unit participating in the district is allocated a portion of the amount of the budget equal to the proportion that the total dollar amount of property taxes imposed in the district by the unit for the tax year in which the budget proposal is prepared bears to the sum of the total dollar amount of property taxes imposed in the district by each participating unit for that year. If a taxing unit participates in two or more districts, only the taxes imposed in a district are used to calculate the unit's cost allocations in the district. If the number of real property parcels in the district and the taxing unit imposes in excess of 25 percent of the total amount of the property taxes imposed in the district by all of the participating taxing units for a year, the unit's allocation may not exceed a percentage of the appraisal district's budget equal to three times the unit's percentage of the total number of real property parcels appraised by the district.
- (e) Unless the governing body of a unit and the chief appraiser agree to a different method of payment, each taxing unit shall pay its allocation in four equal payments to be made at the end of each calendar quarter, and the first payment shall be made before January 1 of the year in which the budget takes effect. A payment is delinquent if not paid on the date it is due. A delinquent payment incurs a penalty of 5 percent of the amount of the payment and accrues interest at an annual rate of 10 percent. If the budget is amended, any change in the amount of a unit's allocation is apportioned among the payments remaining.
- (f) Payments shall be made to a depository designed by the district board of directors. The district's funds may be disbursed only by a written check, draft, or order signed by the chairman and secretary of the board or, if authorized by resolution of the board, by the chief appraiser.
- (g) If a taxing unit decides not to impose taxes for any tax year, the unit is not liable for any of the costs of operating the district in that year, and those costs are allocated among the other taxing units as if that unit had not imposed taxes in the year used to calculate allocation. However, if that unit has made any payments, it is not entitled to a refund.

APPENDIX

(h) If a newly formed taxing unit or a taxing unit that did not impose taxes in the preceding year imposes taxes in any tax year, that unit is allocated a portion of the amount budgeted to operate the district as if it had imposed taxes in the preceding year, except that the amount of taxes the unit imposes in the current year is used to calculate its allocation. Before the amount of taxes to be imposed for the current year is known, the allocation may be based on an estimate to which the district board of directors and the governing body of the unit agree, and the payments made after that amount is known shall be adjusted to reflect the amount imposed. The payments of a newly formed taxing unit that has no source of funds are postponed until the unit has received adequate tax or other revenues.

(i) The fiscal year of an appraisal district is the calendar year unless the governing bodies of three-fourths of the taxing units entitled to vote on the appointment of board members adopt resolutions proposing a different fiscal year and file them with the secretary of the board not more than 12 and not less than eight months before the first day of the fiscal year proposed by the resolutions. If the fiscal year of an appraisal district is changed under this subsection, the chief appraiser shall prepare a proposed budget for the fiscal year as provided by Subsection (a) of this section before the 15th day of the seventh month preceding the first day of the fiscal year established by the change, and the board of directors shall adopt a budget for the fiscal year as provided by Subsection (b) of this section before the 15th day of the fourth month preceding the first day of the fiscal year established by the change. Unless the appraisal district adopts a different method of allocation under Section 6.061 of this code, the allocation of the budget to each taxing unit shall be calculated as provided by Subsection (d) of this section using the amount of property taxes imposed by each participating taxing unit in the most recent tax year preceding the fiscal year established by the change for which the necessary information is available. Each taxing unit shall pay its allocation as provided by Subsection (e) of the section, except that the first payment shall be made before the first day of the fiscal year established by the change and subsequent payments shall be made quarterly. In the year in which a change in the fiscal year occurs, the budget that takes effect on January 1 of that year may be amended as necessary as provided by Subsection (c) of this section in order to accomplish the change in fiscal years.

(j) If the total amount of the payments made or due to be made by the taxing units participating in an appraisal district exceeds the amount actually spent or obligated to be spent during the fiscal year for which the payments were made, the chief appraiser shall credit the excess amount against each taxing unit's allocation payments for the following year in proportion to the amount of each unit's budget allocation for the fiscal year for which the payments were made. If a taxing unit that paid its allocated amount is not allocated a portion of the district's budget for the following fiscal year, the chief appraiser shall refund to the taxing unit its proportionate share of the excess funds not later than the 150th day after the end of the fiscal year for which the payments were made.

SECTION 6.062 PROPERTY TAX CODE, PUBLICATION OF BUDGET

(a) Not later than the 10th day before the date of the public hearing at which the board of directors considers the appraisal district budget, the chief appraiser shall give notice of the public hearing by publishing the notice in a newspaper having general circulation in the county for which the appraisal district is established. The notice may not be smaller than one-quarter page of a standard-size or tabloid-size newspaper and may not be published in the part of the paper in which legal notices and classified advertisements appear.

(b) The notice must set out the time, date, and place of the public hearing and must set out a summary of the proposed budget. The summary must set out as separate items:

APPENDIX

- (1) The total amount of the proposed budget;
- (2) The amount of increases proposed from the budget adopted for the current year; and
- (3) The number of employees to be compensated under the current budget and the number of employees to be compensated under the proposed budget.

(c) The notice must state that the appraisal district is supported solely by payments from the local taxing units served by the appraisal district. The notice must also contain the following statement: "If approved by the appraisal district board of directors at the public hearing, this proposed budget will take effect automatically unless disapproved by the governing bodies of the county, school districts, cities, and towns served by the appraisal district. A copy of the proposed budget is available for public inspection in the office of each of those governing bodies."

SECTION 6.051 PROPERTY TAX CODE, OWNERSHIP OF REAL PROPERTY

(a) The board of directors of an appraisal district may purchase or lease real property and may construct improvements as necessary to establish and operate the appraisal office or a branch appraisal office.

(b) The acquisition or conveyance of real property or the construction or renovation of a building or other improvement by an appraisal district must be approved by the governing bodies of three-fourths of the taxing units entitled to vote on the appointment of board members. The board of directors by resolution may propose a property transaction or other action for which this subsection requires approval of the taxing units. The chief appraiser shall notify the presiding officer of each governing body entitled to vote on the approval of the proposal by delivering a copy of the board's resolution, together with information showing the costs of other available alternatives to the proposal. On or before the 30th day after the date the presiding officer receives notice of the proposal, the governing body of a taxing unit by resolution may approve or disapprove the proposal. If a governing body fails to act on or before that 30th day or fails to file its resolution with the chief appraiser on or before the 10th day after that 30th day, the proposal is treated as if it were disapproved by the governing body.

(c) The board of directors may convey real property owned by the district, and the proceeds shall be credited to each taxing unit that participates in the district in proportion to the unit's allocation of the appraisal district budget in the year in which the transaction occurs. A conveyance must be approved as provided by Subsection (b) of this section, and any proceeds shall be apportioned by an amendment to the annual budget made as provided by Subsection (c) of Section 6.06 of this code.

(d) An acquisition of real property by an appraisal district before January 1, 1988, may be validated before March 1, 1988, in the manner provided by Subsection (b) of this section for the acquisition of real property.

APPENDIX

Accounting Basis and Controls

Accounting Basis

The District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities that engage in a single government program. Like most governments, special-purpose governments present two types of financial statements: (1) government-wide financial statements and (2) fund financial statements.

The government-wide financial statements report on all the activities of the District. Governmental activities are generally financed through charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District. The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting.

The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

The fund financial statements provide information about the District's governmental funds. The emphasis of fund financial statements is directed to specific activities of the District. The District reports the *general fund* as a major governmental fund. It is the District's primary operating fund. This fund is used to account for the acquisition and use of the District's expendable financial resources and the related liabilities. The District also reports the 850 EAL Holding Corp. as a major governmental fund. 850 EAL Holding Corp. is a non-profit entity whose primary purpose is to support the District. The measurement focus is based on the determination of changes in financial position, rather than upon net income determination. Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available and expenditures are recorded when the related fund liability is incurred.

Internal Controls

To provide a reasonable basis for making its representations, the District's management team has established a comprehensive internal control framework. This framework is designed to provide reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition and that accounting transactions are executed in accordance with management's authorization and properly recorded so that the financial statements can be prepared in conformity with generally accepted accounting principles (GAAP). The objective of the internal control framework is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. The design and operation of internal controls also ensures that all funds are expended in compliance with applicable laws and regulations.

All internal control evaluations occur within the above framework. The District's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

APPENDIX

Financial Policies & Procedures

The Travis Central Appraisal District (the District) financial policies compiled below encompass the basic framework for the District's overall financial management. These policies assist the Board of Directors and management with decision-making and provide guidelines for evaluating both current and long-range financial activities. They are reviewed annually in conjunction with the budgetary process to verify continued applicability and benefit to the district.

The primary objectives of the policies are to provide accountability for cost-effective stewardship of taxpayer funds through fairly presented financial statements supported by full disclosures.

Revenue Policy

1. **Revenue Recognition**—Revenues shall be recorded on the modified accrual basis of accounting. Under this basis, revenues are recognized when they are susceptible to accrual, i.e., when they become both measurable and available.
2. **Daily Deposits**— In accordance with this finance policy, the District shall require weekly deposits of receipts only when the monies on hand amount to at least \$1,000. Any funds not immediately deposited shall be appropriately safeguarded in a locked file cabinet in the Finance Department.
3. **Monitoring Revenue**— District finance staff shall monitor revenues as billed and collected and shall report to the Board of Directors no less than quarterly on any past due or uncollectible amounts.
4. **Authority**—The Director of Administration shall be responsible for designing, implementing, monitoring, and amending as necessary, accounting procedures, including internal controls, for the billing, recording, and reporting of all revenues of the district in compliance with Generally Accepted Accounting Principles (GAAP) and applicable state laws. Any changes to revenue procedures shall be reported to the Board of Directors at their next regularly scheduled meeting.

Cash Disbursement Policy

1. **Centralized Purchasing**— The District will operate under a centralized purchasing concept.
2. **Payments**— Local governments and state agencies are required to pay all bills owed within 30 calendar days. The District adheres to this requirement. Any deviations from this requirement are reported to the Chief Appraiser.
3. **Monitoring**— District finance staff shall monitor cash disbursements and report to the Board of Directors at each regularly scheduled meeting all capital asset purchases and any purchases over \$50,000. Specific purchasing limitations are outlined in the cash disbursements section of this finance policy.
4. **Authority**— The Director of Administration shall be responsible for designing, implementing, monitoring, and amending as necessary, accounting procedures, including internal controls, for the requisitioning, purchasing, and cash disbursement functions of the District in compliance with Generally Accepted Accounting Principles (GAAP) and applicable state laws. Any change to cash disbursement procedures shall be reported to the Board of Directors at their next regularly scheduled meeting.

APPENDIX

Operating Budget Policy

1. **Planning:** The District will prepare a five-year operating budget projection annually, which will include projections of expenditures for the next five years.
2. **Performance Measures:** The District will integrate performance measures and productivity indicators into its budgetary process whenever feasible.
3. **Periodic Reporting:** The Chief Appraiser shall present budget-to-actual financial reports to the Board of Directors at each board meeting.
4. **Balanced Budget:** The District shall submit a balanced budget in which budgeted expenditures equal budgeted jurisdiction appraisal revenues.

Asset Management and Capital Improvement Policy

1. **Planning for Operational and Maintenance Costs:** The District shall utilize an equipment replacement schedule to plan major operational and maintenance asset acquisitions on a systematic, comprehensive, and entity-wide basis.
2. **Asset Condition:** The District will maintain all assets at a level adequate to comply with all regulatory requirements and to minimize future replacement and maintenance costs.
3. **Planning:** The District will annually update a five-year capital improvement program, identifying and describing each capital project along with the estimated cost.
4. **Capitalization:** The District will capitalize all asset costs that are \$1,000 or more and whose useful life is more than one year.
5. **Reporting:** The District will provide reports of expenditures by project to the Board of Directors no less than quarterly.

Cash Management and Investment Policy

1. **Written Policy:** The District's investment policy must be written and in compliance with all applicable state and local laws. The policy must be reviewed on an annual basis by the Board of Directors and approved through a resolution.
2. **Objectives:** The primary objectives of investment activities, in priority order, shall be preservation of principal, liquidity, and yield.
3. **Periodic Reporting:** The District shall provide monthly investment reports to the Board of Directors.
4. **Treasury Services:** The District shall prepare a Request for Proposal (RFP) for banking services every 2 years, with the option to renew the contract for an additional 2 years.

Accounting Policy

1. **Authority for Accounting Procedures:** The District will establish and maintain the accounting system according to Generally Accepted Accounting Principles (GAAP) and all applicable state and local laws.
2. **Annual Audit:** An annual audit will be performed by an independent public accounting firm, which will issue an official opinion on the annual financial statements and a management letter indicating any suggestions for improvement or areas of concern.
3. **Transparency:** Full disclosure will be provided in the financial statements.
4. **Financial Report:** Upon completion of the financial audit, the District shall prepare an annual comprehensive financial report (ACFR), which will be submitted to the Government Finance Officers' Association (GFOA) for the Certificate of Achievement for Excellence in Financial Reporting award.

APPENDIX

Accounting Reserves Policy

1. **Source of Resources:** There shall be deposited, into specific general fund reserve funds, contributions from the general fund in amounts determined by the District Board of Directors.
2. **Operation of Fund:** The budget submission for each year shall include a recommendation for a general fund contribution to established general fund reserve funds. Prior to the end of each fiscal year, the District will prepare a report of any estimated surplus funds. If the Board of Directors decides to do so, a budget amendment will be prepared and approved by the Board of Directors. This budget amendment may allocate any general fund surplus funds to specific general fund reserve funds.
3. **Fund Manager:** The Director of Administration shall administer all general fund reserve funds within the financial management system and shall serve as the reserve fund manager.
4. **Reporting:** A report of available reserve fund balances shall be presented to the Board of Directors quarterly at a regularly scheduled board meeting. Per GASB No. 54, all established reserves for the District will be treated as a committed fund balance and will be transferred to the designated fund through approval by the District's Board of Directors.

Note: The District's basis of budgeting is the modified accrual basis, which matches the basis of accounting used in our governmental fund financial statements. Revenues are recognized when they become measurable and available, and expenditures are recorded when the related liability is incurred. This consistent treatment supports transparency and comparability across financial reports.

GLOSSARY

Texas State Capitol via Pixabay

GLOSSARY

Accrual Basis of Accounting— Method of accounting that recognizes the financial effect of transactions, events, and interfund activity when they occur, regardless of the timing of related cash flows.

Ad Valorem— According to value

Ad Valorem Taxation— A tax levied in proportion to the value of the thing (s) being taxed. Exclusive of exemptions, use-value assessment provisions, and the like, the property tax is an ad valorem tax.

Ad-hoc Reports— A report generated dynamically at the information consumer's request. These reports are created due to unplanned information requests in which information is gathered to support a non-routine decision.

Appropriation— A sum of money or total of assets devoted to a special purpose.

Arbitration— The use of an unbiased third-party arbitrator to settle a dispute.

ArcGIS— A geographic information system (GIS) by ESRI for working with maps and geographic information. It is used for: creating and using maps; compiling geographic data; analyzing mapped information; sharing and discovering geographic information; using maps and geographic information in a range of applications; and managing geographic information in a database.

Assigned Fund Balance— The portion of the net position of a government fund that represents resources set aside ("earmarked") by the government for a particular purpose.

Balanced Budget Policy— The District's policy that requires the total sum of money a government will collect in a fiscal year equal to the amount it spends on goods, services, and capital expenditures.

Basic Financial Statements— The minimum combination of financial statements and disclosures required for fair presentation in conformity with Generally Accepted Accounting Principles (GAAP).

Basis of Accounting— Timing of recognition for financial reporting purposes (when the effects of transaction or events should be recognized in financial statements).

Basis of Budgeting— Method used to determine when revenues and expenditures are recognized for budgetary purposes.

Budget Amendment— A proposal to change the dollar amount of an activity or project or to add an activity or project after the budget has already been adopted. A budget amendment changes the final dollar amount of the budget, requiring the jurisdictions to contribute more money to the District.

Bonded Indebtedness— Government debt created from issuing bonds.

CAMA System— Computer Assisted Mass Appraisal (CAMA) software that is used by appraisal districts to appraise properties within their jurisdictions.

Capital Asset— Land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Capital Equipment— Equipment that you use to manufacture a product, provide a service, or use to sell, store, and deliver merchandise. Such equipment will not be sold in the normal course of business but will be used and worn out or consumed in the normal course of business.

GLOSSARY

Capital Equipment Policy (Capitalization Threshold) — Dollar value at which a government elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Generally, capitalization thresholds are applied to individual items rather than groups of items unless the result would be to exclude items that, in the aggregate, would clearly be material to the financial statements.

Capital Expenditure— Funds used by a company to acquire or upgrade physical assets such as property, buildings, or equipment. This type of outlay is made by companies to maintain or increase the scope of their operations and falls within their capitalization threshold. These expenditures can include everything from repairing a roof to building a brand-new building.

Cash Management Controls— Controls that promote positive cash management. Cash management is the financial management technique used by treasurers to accelerate the collection of receivables, control payments to vendors/creditors, and efficiently manage cash.

Centralized Purchasing Concept— A purchasing system in which all departments of a company can make purchases through a common purchasing department. Centralized purchasing aids in finding the best deals with local vendors for the department, avoids duplicity of orders, and promotes benefits arising from the high-volume bulk discounts, lower transportation and inventory management costs, organized transactions, and improved vendor relationships.

Certification of Achievement for Excellence in Financial Reporting— Program sponsored by the GFOA to encourage and assist state and local governments to prepare high-quality CAFRs. The program has been in continuous operation since 1946. The program originally was known as the Certificate of Conformance Program.

Committed Fund Balance— The portion of the net position of a governmental fund that represents resources whose use is subject to a legally binding constraint that is imposed by the government itself at its highest level of decision-making authority and that remains legally binding unless removed in the same manner.

Comprehensive Annual Financial Report (CAFR)— A financial report that contains, at a minimum, three sections: 1) introductory, 2) financial, and 3) statistical, and whose financial sections provide information on each individual fund and component unit.

Contra Revenue Account— A revenue account that is expected to carry a debit balance instead of the usual credit balance. A contra revenue account reduces the amounts reported in a company's revenue accounts.

Current Financial Resources Measurement Focus— Measurement focus where the aim of a set of financial statements is to report the near-term (current) inflows, outflows, and balances of expendable financial resources. The current financial resources measurement focus is unique to accounting and financial reporting for state and local governments and is used solely for reporting the financial position and results of operations of governmental funds.

Debt Service— The cash that is required for a particular time period to cover the repayment of interest and principal on a debt.

Deposition— A verbal or written testimony of a party or witness in a civil or criminal proceeding taken before trial, usually in an attorney's office.

Depreciation— A reduction in the value of an asset with the passage of time, due to wear and tear.

Discovery— A category of procedural devices employed by a party to a civil or criminal action, prior to trial, to require the adverse party to disclose information that is essential for the preparation of the requesting party's case and that the other party alone knows or possesses.

GLOSSARY

Economic Development Abatement— A tax abatement is a local agreement between a taxpayer and a taxing unit that exempts all or part of the increase in value of the real property and/or tangible personal property from taxation for a period not to exceed 10 years. These tax abatements are an economic development tool available to cities, counties, and special districts to attract new industries and to encourage the retention and development of existing businesses through property tax exemptions or reductions.

Economic Resources Measurement Focus— A measurement focus where the aim of a set of financial statements is to report all inflows, outflows, and balances affecting or reflecting an entity's net position. The economic resources measurement focus is used for proprietary and trust funds, as well as for government-wide financial reporting. It is also used by business enterprises and nonprofit organizations in the private sector.

Elected Contribution Rate— The Board of Directors may take a vote to increase the percentage of gross payroll paid to the Texas Counties and District Retirement System (TCDRS) above the required rate.

Employer Contributions— A term used in the context of pension benefits and OPEB to describe actual payments made by the employer as compared to the employer's annual required contribution. Only amounts paid to trustees and outside parties qualify as contributions.

Exemption— The District grants exemptions to certain organizations, persons, or property that may provide complete relief from tax, tax at a reduced rate or tax on only a portion of the items subject to tax. Examples include the homestead exemption and the over 65 exemption.

Expenditure— Under the current financial resources measurement focus, decreases in net financial resources not properly classified as *other financing uses*.

Formal Hearing— When a taxpayer protests their property value, a formal hearing before the Appraisal Review Board (ARB) is the final step before the appeals process. The formal hearing is conducted with a panel of three ARB members (unless special circumstances exist).

Fund— A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance— Net position of a governmental fund (difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources).

Fund Financial Statements— Basic financial statements presented for funds, in contrast to *government-wide* financial statements.

General Fund— Main operating account for a nonprofit entity, such as a government or government agency.

Governmental Fund— A broad category of funds used by state and local governments. Governmental funds include the general fund, special revenue funds, capital projects funds, debt service funds and permanent funds.

Governmental Financial Reporting Model— Minimum combination of financial statements, notes, and required supplementary information prescribed for state and local governments by the GASB.

Government-wide Financial Statements— Financial statements that incorporate all of a government's governmental and business-type activities, as well as its nonfiduciary component units. There are two basic government-wide financial statements: the statement of net position and the statement of activities.

GLOSSARY

Homestead— A building occupied by the owner of the freehold and his or her family, with the primary intention of making it their home, together with the parcel of land on which it stands, and the other improvements attached to it.

Improvement— Building, other structures, and attachments or annexations to land that are intended to remain so attached or annexed, such as sidewalks, trees, drives, tunnels, drains, and sewers.

Internal Control Framework— Integrated set of policies and procedures designed to assist management in achieving its goals and objectives. To be truly comprehensive, a government's internal control framework must 1) provide a favorable control environment, 2) provide for the continuing assessment of risk, 3) provide for the design, implementation, and maintenance of effective control-related policies and procedures, 4) provide for the effective communication of information, and 5) provide for the ongoing monitoring of the effectiveness of control-related policies.

Jurisdiction (Taxing Entity)— The right and power to interpret and apply the law; also, the power to tax and the power to govern. The territorial range of authority of control.

Line-Item Transfer— A proposal to change the dollar amount of an activity or project or to add an activity or project after the budget has already been adopted. A budget line-item transfer does not change the final dollar amount of the budget and does not require the jurisdictions to contribute more money to the district.

Major Fund— Funds whose revenues, expenditures/expenses, assets, or liabilities are at least 10 percent of the total of their fund category (governmental or enterprise) and 5 percent of the aggregate of all governmental and enterprise funds in total.

Mediation— A negotiation to resolve differences that is conducted by an impartial third party.

Modified Accrual Basis of Accounting— Basis of accounting used in conjunction with the current financial resources measurement focus that modifies the accrual basis of accounting in two important ways: 1) revenues are not recognized until they are measurable and available and 2) expenditures are recognized in the period in which governments in general normally liquidate the related liability rather than when that liability is first incurred (if earlier).

Net Position— The residual of all other financial statement elements presented in a statement of financial position.

Nonspendable Fund Balance— The portion of the net position of a governmental fund that cannot be spent either because the underlying resources are not in spendable form or because the government is legally or contractually required to maintain the resources intact.

Oblique Photography— A photograph acquired with the camera axis intentionally directed between the horizontal and vertical orientations.

Open Meetings Act— Rules that guarantee access to data held by the state or local government. This act establishes a "right-to-know" legal process by which requests may be made for government-held information, to be received freely or at minimal cost, barring standard exceptions.

Orthophotography— An aerial photograph in which the displacement of images have been removed and may also form the base map for many GIS programs.

Parcel— A contiguous area of land described in a single legal description or as one of a number of lots on a plat; separately owned, either publicly or privately; and capable of being separately conveyed.

Personal Property— Moveable property; belongings exclusive of land and buildings.

PID— Public Improvement District.

GLOSSARY

Public Improvement District— A geographical area established to provide specific types of improvements or maintenance within the area which are financed by assessments to the property owners within that specific area.

Real Property— Consists of the interests, benefits, and rights inherent in the ownership of land plus anything permanently attached to the land or legally defined as immovable; also called “realty”.

Rendition— A form that provides information about property that one owns. The appraisal district uses the information the taxpayer provides to appraise that property for taxation.

Request for Proposal— Referred to as an RFP, is an early state in a procurement process, issuing an invitation for suppliers, often through the bidding process, to submit a proposal on a specific commodity or service. The RFP process brings structure to the procurement decision and is meant to allow the risks and benefits to be identified clearly upfront.

Request for Qualification— A document distributed by a customer seeking delineation of credentials for suppliers of specific types of services. Also known as an RFQ.

Required Contribution Rate— The amount (typically expressed as a percentage of the contribution base) that is required to be paid into the pension fund.

Restricted Fund Balance— The portion of the net position of a governmental fund that represents resources subject to externally enforceable constraints.

Retention Policy— A set of guidelines that a company follows to determine how long it should keep certain records. The policy is important for many reasons, including legal requirements that apply to some documents.

Shapefile— A popular geospatial vector data format for geographic information systems software. It is developed and regulated by ESRI as a (mostly) open specification for data interoperability among ESRI and other software products.

SOAH— State Office of Administrative Hearings/

Special Purpose Government— Governments that are not general-purpose governments and have a more limited range of purposes. This often includes townships, park districts, sanitation districts, and appraisal districts.

Statement of Activities— A government-wide financial statement that reports the financial activity of the organization by function over a period of time. Also known as the income statement or profit and loss statement in the for-profit world.

Statement of Net Assets— A government-wide financial statement that reports the difference between assets and liabilities as net assets, not fund balances or equity. Assets are reported in order of liquidity, or how readily they are expected to be converted to cash and whether restrictions limit the government’s ability to use the resources. Liabilities are reported based on their maturity, or when cash is expected to be used to liquidate them. Net assets are displayed in three components- invested in capital assets, net of related debt; restricted; and unrestricted.

TCAD— Travis Central Appraisal District (The District)

TCDRS— Texas Counties and Districts Retirement System; TCAD’s retirement plan.

Unassigned Fund Balance— The difference between the total fund balance in a governmental fund and its nonspendable, restricted, committed, and assigned components.
